IRDA slaps ₹1 cr fine on Nissan Renault Financial

Hyderabad: The Insurance Regulatory and Development Authority of India (IRDA) has imposed ₹1 crore penalty on Nissan Renault Financial Services India, a corporate agent, for violation of guidelines pertaining to motor insurance service, among others violations. The insurance regulatory authority also directed the company to place the order before the Board of the corporate agent in the upcoming board meeting and provide a copy of the minutes of the discussion to the regulator. "The corporate agent should submit an action taken report to the Authority within 90 days from the date of this order," IRDAI said on Monday. **OUR BUREAU**

UPI clocks record volume and value in May as PhonePe, GPay dominate

SEASONAL JUMP. Average daily transaction volumes reach 748 million with average value of ₹96,465 crore

Our Bureau
Bengaluru

Unified Payments Interface (UPI) transactions touched a record high in May, with transaction value rising 3 per cent month-on-month to ₹29.90 trillion from ₹29.03 trillion in April, according to data released by the National Payments Corporation of India (NPCI).

Transaction volume rose 4 per cent month-on-month to 23.20 billion in May from 22.35 billion in April.

Average daily transaction volume stood at 748 million, while the average daily transaction value was ₹96,465 crore.

Industry executives attributed the growth to higher consumer spending during the summer travel season,

the IPL 2026 tournament and seasonal consumption trends. The resulting 23.20 billion transactions worth ₹29.90 lakh crore marked a healthy month-on-month recovery and extended UPI's steady growth trajectory.

DOMINANT FORCES

The UPI ecosystem continues to be dominated by PhonePe and Google Pay. In April, PhonePe processed 10.33 billion transactions, while Google Pay handled 7.36 billion transactions. As of April, 713 banks were live on the UPI platform.

PhonePe accounted for 46.2 per cent of UPI transaction volume in April and 49.3 per cent of transaction value. Google Pay retained the second spot with a 33 per cent market share by volume, while Paytm re-

ON THE RISE. The 23.20 billion transactions in May worth ₹29.90 lakh crore marked a healthy month-on-month recovery and extended UPI's steady growth **ALLEN EGENUSE J**

mained the third-largest player with about 8 per cent. NPCI is yet to release the market-share data for May.

UPI is currently live in seven countries, including the UAE, Singapore, Bhutan, Nepal and Mauritius.

Anand Kumar Bajaj, Founder, MD and CEO of PayNearby, said developments in cross-border acceptance, merchant infrastructure, security and credit integration are deepening trust in the UPI ecosystem.

Akash Sinha, Co-founder and CEO of Cashfree Payments, said: "May's numbers reflect strong organic demand. The more meaningful story is structural. The RBI's Payments Systems Report shows UPI's average ticket size has declined from ₹1,848 in 2021 to ₹1,313 in 2025. This is not a concern; it is a sign of a maturing ecosystem."

"High-value transactions are increasingly being handled by credit cards, whose transaction value has grown from ₹8.9 lakh crore in 2021 to ₹23.2 lakh crore in 2025. UPI, meanwhile, has become the default rails for India's everyday economy, including payments to local merchants, transit and quick commerce. Each instrument is finding its natural place in the payments stack."

India-Oman FTA exempts duty for 99% Indian exports

Our Bureau
New Delhi

Union Minister Piyush Goyal with Ambassador of Oman to India Issa Saleh Abdullah Alshibani on Monday **ANI**

The India-Oman comprehensive economic partnership agreement (CEPA) came into force on Monday providing duty-free access to 98 per cent of Indian tariff lines, covering about 99 per cent of the country's exports including textiles, gems & jewellery, engineering goods, agriculture and marine products and pharmaceuticals.

Oman gained from tariff elimination or reduction on 78 per cent of its tariff lines and is set to benefit in sectors such as energy, fertilisers, and industrial raw materials. Indian consumers are also set to get cheaper Omani dates as imports of the fruit will enjoy duty concessions.

BIG EXEMPTION

"With 99.38 per cent of India's exports receiving duty-free access, the agreement unlocks new opportunities for our exporters and professionals to gain opportunities," Commerce and Industry Minister Piyush Goyal said on Monday.

Indian exports to Oman totalled about \$4 billion in fiscal 2026, led by refined pet-

roleum products such as petrol (\$781 million) and naphtha (\$746 million), per a report by research body Global Trade Research Initiative (GTRI).

"Although more than 80 per cent of Indian exports already entered Oman at relatively low average tariffs of around 5 per cent, duties on certain products reached as high as 100 per cent.

Bilateral trade between India and Oman reached \$11.18 billion in FY26, up from \$10.61 billion the previous fiscal.

The agreement is expected to significantly boost MSMEs, manufacturing and employment in labour-intensive sectors such as gems and jewellery, textiles, leather, footwear, marine products and engineering goods.

Bank savings deposits fall sharply, term deposits increase

Our Bureau
Mumbai

The composition of scheduled commercial banks' (SCBs) aggregate deposits has undergone a structural shift over the last five years, characterised by a decline in the share of savings deposits and increase in term deposits, according to RBI data.

This comes in the backdrop of savings deposit rates going down from 2.70/3.00 per cent in March 2022 to 2.50 per cent in March 2026 even as term deposit rates of more than one-year tenor rose from 5.00/5.60 per cent to 6.00/6.60 per cent in the said period.

The proportion of SCBs' savings deposits declined from 34.6 per cent in March 2022 to 28.7 per cent in

March 2026. In tandem, the proportion of term deposits, which usually attracts higher interest rates, ascended from 55.2 per cent to 61.6 per cent during the said period.

The proportion of term deposits in SCBs' overall deposits increased to 61.6 per cent as at March-end 2026 from 61.1 per cent as at March-end 2025.

GROWTH MOMENTUM

Simultaneously, the proportion of savings deposits and current account (CA) deposits in banks' overall deposits declined to 28.7 per cent (from 29.1 per cent as at March-end 2025) and 9.7 per cent (9.8 per cent), respectively.

During the FY26, public sector banks acted as the predominant driver of deposits accretion, accounting

LUCRATIVE INTEREST. The proportion of term deposits in SCBs' overall deposits increased to 61.6% at March-end 2026 from 61.1% at March-end 2025

for 50.8 per cent of the incremental deposits, followed by private sector banks with a contribution of 38.6 per cent, per RBI's Annual Basic Statistical Return (BSR) on Deposits with SCBs.

Growth (year-on-year/y-o-y) of deposits with SCBs

accelerated during FY26 and stood at 11.5 per cent as on end-March 2026 as compared to 10.6 per cent a year ago.

HOUSEHOLD SECTOR

The RBI noted that although the share of deposits of the

household sector moderated in the recent period, it remained the primary contributor, accounting for 59.3 per cent of total deposits as on end-March 2026.

On the other hand, the share of deposits held by the non-financial sector increased to 18.5 per cent in March 2026 from 17.7 per cent in March 2025, while such share for financial corporations too moved in the same direction from 6.8 per cent to 7.8 per cent in the same period.

DEPOSITS BY SIZE

The central bank said within the total term deposits, ₹1 crore and above' size-class, accounting for 46.3 per cent of the total term deposits as of end-March 2026, was mainly driven by the contribution of size-class '₹5 crore

and above', which accounted for 34.8 per cent. Moreover, the share of term deposits up to ₹5 lakh stood at 17.8 per cent.

The share of term deposits with an original maturity of one to three years rose steadily to 69.8 per cent in March 2026 from 50.4 per cent in March 2022, whereas the proportion of term deposits of maturity up to one year came down to 8.8 per cent from 16.7 per cent during the same period.

The share of term deposits with an original maturity of one to three years rose steadily to 69.8 per cent in March 2026 from 50.4 per cent in March 2022, whereas the proportion of term deposits of maturity up to one year came down to 8.8 per cent during the same period.

Persistent Systems ties up with Estonian firm to expand presence in East Europe

Our Bureau
Bengaluru

Persistent Systems has signed an agreement to expand its Eastern European presence through the integration of a specialised team of more than 90 professionals from Concise, a Tallinn-headquartered software engineering and IT consulting company.

Subject to closing conditions, the transaction will strengthen Persistent's European nearshore delivery network and enhance its

ability to help enterprises evolve large-scale digital infrastructure and globally integrated operations.

Upon completion, the transaction will expand Persistent's Eastern European footprint, establish strategic delivery centres in Tallinn and Tartu, Estonia.

Estonia's advanced digital ecosystem and deep technology talent base will provide a strong foundation for supporting AI-led transformation requiring governance alignment and stronger regional engagement.

The expansion also aims

to strengthen Persistent's expertise with a strategic customer in the enterprise mobility segment in the region.

The team brings experience supporting large-scale digital environments across mobility, logistics, smart infrastructure and payments.

AI-LED OPERATIONS

Kuljesh Puri, Executive Vice-President, Communications, Media and Technology, Persistent Systems, said, "Estonia's strong digital ecosystem and technology talent base make it an important

addition to our global delivery network and enhance our ability to support clients seeking faster execution, stronger regional engagement and largescale modernisation programs across Europe and other strategic global markets."

Markko Abel, Owner, Concise, said, "Our teams have built strong capabilities in developing and scaling platforms that support real-time, high-volume environments. Becoming part of Persistent allows us to extend this work within a larger global ecosystem."

Gujarat Energy's PNG demand jumps 20x with the reopening of Morbi ceramic hub

Avinash Nair
Ahmedabad

India's largest city gas distribution company, Gujarat Energy Ltd (GEL) has reported a dramatic revival in gas demand from India's biggest ceramic cluster at Morbi in Gujarat with consumption jumping more than 20-fold in less than three months between March-May 2026, marking a sharp turnaround for a market where the company had been steadily losing volumes to alternative fuels.

The company — formerly known as Gujarat Gas Ltd — on Monday said the gas consumption from ceramic units in Morbi surged from 0.36 million metric standard cubic metres per day (mmscmd) in March to 8 mmscmd by late May. The number of gas-consuming units in Morbi also increased eight-fold, rising from 83 to 710 during this three-month period.

"Morbi ceramic cluster remains our largest partner in the PNG industrial segment.

BACK FROM THE BRINK. The sharp swing in volumes comes against the backdrop of disruption earlier this year **M A SRIRAM**

Our successful supply strategy has provided significant support to the ceramic industry in Morbi during the crisis period of March to May 2026. The number of units off taking gas increased from 83 units with gas consumption of 0.36 MMSCMD in March 2026 to 710 units with gas consumption reaching approximately 8 MMSCMD by the last week of May 2026." Avantika Singh Aulakh, Managing Director of the company, told investors.

The sharp swing in volumes comes against the backdrop of extreme disruption

earlier this year, when over 700 ceramic units — accounting for nearly 80 per cent of India's ₹65,000 crore ceramic tile production base in Morbi — were forced to shut operations for close to a month after natural gas supplies ran dry following West Asia-related supply constraints.

Industry sources said that the ceramic units, have increasingly shifted to shorter,

month-long contracts with GEL for PNG rather than long-term commitments, reflecting uncertainty around fuel availability.

The price of PNG supplied to Morbi industrial users has also risen from ₹41.6 per scm (standard cubic metres) earlier to ₹75 per scm currently, reflecting tighter supply conditions and higher input costs. In comparison, GEL is supplying PNG at ₹68 per scm to non-Morbi industrial customers.

SHARP TURNAROUND

The rebound nevertheless marks a significant relief for GEL, which had been facing pressure to defend market share in a region that accounts for a substantial portion of industrial gas consumption.

The resurgence in Morbi comes amid broader efforts by GEL to deepen natural gas adoption across Gujarat. Between March and May, the company converted 86 residential societies, comprising around 13,000 households, into fully PNG-connected.

NOTICE TO THE SHAREHOLDERS

(For the attention of Equity Shareholders of the Company)
(Transfer of Equity Shares to Investor Education and Protection Fund)

This Notice is given pursuant to the provisions of Section 124(6) of the Companies Act 2013 read with "Investor Education and Protection Fund Authority (Accounting Audit, Transfer and Refund) Rules, 2016 and subsequent amendments thereto.

The shareholders may note that the dividend declared by the Company for the Financial Year 2018-19, which remained unclaimed for seven years, is due for transfer to the Investor Education and Protection Fund (IEPF) after the closure of the 7th year, i.e. on September 15, 2026. The equity shares held by those shareholders who have not claimed the dividend for the consecutive seven years starting from Financial Year 2018-19 are due for transfer to IEPF and will be transferred to IEPF subsequently on transfer of the dividend amount as per the procedure set out in the rules.

In compliance with the provisions of the rules, the Company has sent/s is sending individual notices at the latest available addresses of the respective shareholders whose dividends are lying unclaimed for the last 7 consecutive years, advising them to claim the dividends expeditiously. Further the Company has uploaded the full details of shareholders including their folio number or DP-ID-Client ID and shares due for transfer to IEPF on its website www.sobha.com. Shareholders are requested to refer to the website to verify the details of unclaimed dividend and shares liable to be transferred to IEPF.

In case the Company does not receive any communication from the concerned shareholders by September 15, 2026, the Company shall with a view to adhering with the requirements set out in the Rules, transfer the shares of concerned shareholders to IEPF by due date i.e., October 15, 2026. Please note that no claim shall lie against the Company in respect of the unclaimed dividend amount and shares transferred to IEPF pursuant to the said rules.

Shareholders may note that both unclaimed/ unpaid dividend(s) and the corresponding shares transferred to IEPF including all benefits accruing thereon, if any, can be claimed back by the shareholders from IEPF Authority after following the procedure prescribed in the aforesaid rules. Concerned shareholders, holding shares

In Physical form and whose shares are liable to be transferred to IEPF, may note that the Company would be issuing duplicate share certificates in lieu of the original share certificate(s) held by them for the purpose of transfer of shares to IEPF as per the Rules and upon issue of such duplicate share certificates, the Company shall inform the depository by way of corporate action to convert the duplicate share certificate into DEMAT form and transfer in favour of IEPF. The original share certificate(s) which stand registered in the name of the original shareholder will stand automatically cancelled and be deemed non-negotiable. Concerned shareholders holding shares in dematerialized form may note that the Company shall inform the depository by way of corporate action for transfer of shares in favour of the DEMAT account of the IEPF.

The shareholder may further note that the details uploaded by the Company on its website should be regarded and shall be deemed adequate notice in respect of the issue of duplicate share certificate(s) by the Company for the purpose of transfer of shares to IEPF pursuant to the Rules.

In case the concerned shareholder have any query on the subject matter and the Rules, they may either contact the Secretarial Department of the Company at 'SOBHA' Sarjapur - Marathahalli Outer Ring Road (ORR), Devarabisanahalli, Bellandur Post, Bangalore - 560103, Tel: 080-49320000, e-mail ID: investors@sobha.com or Company's Registrar and Transfer Agent, MUFG Intime India Private Limited, C-101, Embassy 247, L.B.S.
