Notes:

1. Effective 1st April 2019, the Company has adopted Ind AS 116 "Leases" and applied the Standard to all lease contracts existing on 1st April 2019 using the modified retrospective method. Consequently, the Company has recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate on the date of initial application. The Company has also chosen the practical expedient provided in the standard to measure the right of use assets at the same value as the lease liability on the transition date. Comparatives as at and for the year ended 31st March 2019 have not been retrospectively adjusted and therefore, will continue to be reported under the accounting policies for year ended 31st March 2019. The adoption of the Standard has resulted in recognition of Right of Use asset and a lease liability of Rs. 116.13 Lakhs as on 1st April 2019.

The incremental borrowing rate of 10% has been applied to lease liabilities recognised in the Balance Sheet at the date of initial application.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to amortisation cost for the right-to-use asset and finance cost for interest accrued on lease liability. Had the Company not applied Ind AS 116, the profit before tax for the current nine months period ended and current quarter would have been higher by Rs.4.65 Lakhs and Rs.1.44 Lakhs respectively.

Note: The above is an extract of the detailed format of Quarterly Un-audited Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing and Other Disclosure Requirements) Regulations, 2015.
