Solex Energy Receives Work Orders Worth ₹74.77 Crore for Solar PV Modules

Surat, Gujarat | 3rd September 2026: Solex Energy Limited, one of India's leading solar energy solutions companies, has received work orders worth **₹74.77 crore** from domestic entities for the manufacture and supply of solar photovoltaic (PV) modules.

The orders are scheduled for execution by **December 2026**.

The latest order inflow further strengthens Solex Energy's growing order pipeline and reflects continued demand for the company's solar module manufacturing capabilities.

Additionally, Solex Energy has received a **Letter of Intent (LOI) for an order worth approximately ₹174.30 crore**, with the Module Supply Agreement currently at the signing stage.

Together, these orders represent an executable order pipeline of approximately **₹846 crore**, targeted for execution by **December 31, 2026**.

The continued order momentum comes as Solex Energy expands its manufacturing capabilities and strengthens its presence across the solar value chain.

About Solex Energy Limited

Headquartered in Surat, Gujarat, Solex Energy Limited has been a pioneer in India's solar manufacturing journey, putting soul in solar since 1995. With nearly three decades of expertise, Solex is among India's most trusted solar module manufacturers and one of the first Indian solar brands listed on the NSE: Solex and BSE: (544862).

Solex operates a state-of-the-art, Industry 4.0 enabled, fully automated manufacturing facility at Tadkeshwar, Gujarat, with a production capacity of 4 GW for photovoltaic modules. Leveraging advanced automation, real-time quality controls, and data-driven manufacturing processes, the company delivers high-efficiency, high-reliability PV modules. Solex holds globally recognised certifications, exports to multiple countries, and serves as a preferred OEM partner to internationally recognised brands.

Beyond manufacturing, Solex provides comprehensive EPC solutions across utility-scale, commercial, industrial, and institutional segments. Built on the core values of consistency, quality, and commitment, goes beyond being a solar manufacturer to become a long-term energy partner, committed to accelerating the transition to clean, reliable, and sustainable energy.
