Dear Sir / Madam,

We are delighted to share an important announcement regarding a significant milestone achieved by Solex Energy Limited. In December 2024, our company successfully produced 65,000 solar modules, marking a major achievement in our production capabilities.

This is for your information and records.

Thanking you,

Yours faithfully,

For, Solex Energy Limited

Chetan Sureshchandra Shah

Solex Energy Achieved Milestone Production of 65,000 Solar Modules in December 2024

Surat, Gujarat, January 6, 2025: [Solex Energy Limited](#) (NSE: [SOLEX](#)), one of India's most trusted solar brand, proudly announces that it achieved a significant milestone by producing 65,000 solar modules in December 2024.

This landmark accomplishment underscores Solex Energy's commitment to scaling renewable energy solutions while upholding its reputation for stringent quality standards and innovation. The production feat highlights the company's robust manufacturing capabilities, supported by fully automated GW-scale operations at its Global Giga Factory and a steadfast dedication to delivering high-performance solar modules.

Commenting on the achievement, [Chetan Shah, Chairman & Managing Director of Solex Energy Limited](#), stated, *"This accomplishment is a testament to our team's relentless efforts and focus on excellence, quality, and sustainability. We are thrilled to celebrate this success with our dedicated plant team, whose hard work and passion made it possible. As we approach our 30th anniversary, we aim to be one of the companies that utilises the best yield out of our production capacity, ensuring consistent innovation and growth. This milestone strengthens our commitment to driving the global transition to clean and sustainable energy."*

With a strong national and international presence, Solex Energy remains committed to meeting the growing demand for clean energy solutions while delivering world-class products and services to its diverse clientele.

About Solex Energy Limited:

Headquartered in Surat, Solex Energy has been a pioneer in sustainable energy since 1995. As the first Indian solar brand listed on [NSE Emerge \(stock code: SOLEX\)](#), Solex is renowned for producing high-end photovoltaic modules at competitive prices and offering comprehensive EPC services.

Our global factory in Tadkeshwar, Gujarat, has a 1.5 GW production PV module manufacturing capacity. Solex holds key certifications for domestic and international markets and exports to several countries. As a trusted OEM provider, we serve internationally recognised brands.

Built upon our core values of consistency, quality, and commitment, we transcend being merely a solar company to become your trusted partner in fulfilling your PV module and EPC requirements.
