SOMANY CERAMICS LIMITED

Investor Presentation – Q3FY26

Crafting A Steady Future

This presentation and the accompanying slides (the “Presentation”), which have been prepared by Somany Ceramics Ltd (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

This presentation contains certain forward-looking statements concerning the Company’s future business prospects and business profitability, which are subject to a number of risks and uncertainties, and the actual results could materially differ from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward-looking statements become materially incorrect in future or update any forward-looking statements made from time to time by or on behalf of the Company.

The recovery in domestic demand remains gradual, with market conditions continuing to be soft through the quarter. Despite this backdrop, we delivered a steady performance in Q3FY26 with consolidated revenues growing by 6% year-on-year to INR 677 crores.

Operational performance during the quarter benefited from improving capacity utilisation. Combined with tighter cost discipline, these efforts have contributed to expansion in margins.

Export markets have shown marginal improvement, easing domestic supply pressure, while stable gas prices have helped maintain operating leverage. Early signs of demand strengthening in Q4, backed by momentum in housing and infrastructure activity, provide further comfort on the outlook.

We remain committed to reinforcing our balance sheet through disciplined capital allocation and tight working-capital management. With major capex largely completed, stronger free-cash-flow generation is expected ahead. The Company remains focused on profitable growth, mix enhancement, and operational excellence over volume-led expansion.

Capacity

- Tiles capacity of ~75 msm p.a. (including dedicated outsource tie ups)
- Sanitaryware capacity of 0.48 mn pcs p.a. (excluding outsource tie ups)
- Bath fittings capacity at 1.30 mn pcs p.a. (excluding outsource tie ups)

Production
