Norms Tightened for Charitable Institutions

Told to keep record of projects undertaken, voluntary contributions, funds transferred, income from assets & investments

Anuradha.Shukla@timesgroup.com

New Delhi: All charitable trusts, institutions, universities and other educational trusts and medical institutions are required to keep and maintain books of account, original bills of payment, PAN card, Aadhar card and address of voluntary donors and trustees, along with details of loan taken and investment made in the year.

Trusts and institutions are also required to maintain records of projects undertaken, voluntary contributions received, every fund transferred to others, incomes from assets and investments, and all purchases made by the trust.

The Central Board of Direct Taxes (CBDT) on Thursday mandated all charitable trusts to maintain the records for 10 years from the assessment years for better tax scrutiny in addition, all donations from overseas are required to be maintained strictly & said.

The trusts have to keep 'application of income outside India containing details of amount of application, name and address of the person to whom any credit or payment is made and the object for which such application is made', the CBDT said in a notification.

It also said that the record of properties held by the assessee will require details such as the nature and address of the properties, cost of acquisition of the asset, registration documents of the asset, documents of transfer of such properties and the net consideration utilised in acquiring the new capital asset. In case of movable properties, details of the nature and cost of acquisition of the asset will be required.

"The books of accounts and other documents specified in sub-rule (b) may be kept in written form or in electronic form or in digital form or as print-outs of data stored in electronic form or in digital form or any other form of electromagnetic data storage device", said the notification.

The move comes two days after the Comptroller and Auditor General (CAG) had flagged serious lapses in tax audits of charitable institutions in an audit report.

Higher Demand from US, Japan Rrevive Mango Exports

Hirika.Suneja@timesgroup.com

New Delhi: Resumption of orders from the US and Japan, new markets such as Argentina, and at least 50% higher per unit realisation have helped revive India's mango exports.

Exports of the fresh fruit to Japan have doubled to 31 metric tonnes (MT) in the current season from 24.32 MT exported in 2021 while around 1,000 MT mangoes have been exported to the US in April-June.

Similarly mangoes are also being sent to South Korea after a two-year gap due to the Covid-19 pandemic and Malaysia has assured imports of Alphonso, Kesar and Banganpalli varieties of mango, officials said.

India exported fresh mangoes worth \$44.7 million in FY22, lower than \$36.1 million in 2021 as the US stopped mango imports for lack of physical inspections during the pandemic period.

Mangoes headed to the US have to be irradiated before they are exported.

"This year also marked a breakthrough in penetration of the Japanese market. Mangoes are also being sent to Korea and it is expected that few containers as test marketing will be made available there," the official said.

The Agricultural and Processed Food Products Export Development Authority (APEDA) has promoted Longa and the G1 stepped Zardalu in Bahrain and organic mangoes to Russia this year. The king of fruits is also being promoted in Riyadh, Brussels, Thimpa, Kuwait, Dubai, Denmark and Berlin. Sources said that Malaysia has assured imports of Alphonso, Kesar and Banganpalli varieties of mango.
