Respected Sir/ Madam,

Subject: Disclosure of Events or Information.

Ref : Shree Pushkar Chemicals & Fertilisers Limited
Scrip Code: 539334 Scrip Id: SHREEPUSHK

With reference to above captioned subject matter and pursuant to Reg.30 of SEBI (Listing obligation and Disclosure Requirements), Regulations, 2015, we would like to inform and disclose you matter as follows:

Shree Pushkar Chemicals & Fertilisers Limited along with its expansion plans for manufacture of Reactive Dyes through the proceeds of the IPO had also proposed a plant for the manufacture of Sulphate of Potash (SOP), a soluble potassic fertiliser with a capacity of 10,000 MTA, to be totally financed through internal accruals.

The main plant has been imported on turnkey basis from China and has been successfully commissioned on 1st August 2016. The company is currently in the process of conducting trial runs, and the full commercial production at the plant is scheduled to commence by September 2016 along with the calcium chloride plant, a byproduct in the manufacturing process.

Sulfate of potash (SOP) is a specialty fertilizer that provides valuable potassium and sulfur nutrients while avoiding the unwanted chloride associated with the conventional potassic fertiliser muriate of potash (MOP). The product has utility as a fertilizer for high-value chloride sensitive crops, specifically in the cultivation of fruits; horticulture, floriculture, etc. requiring greater sulfur nutrition.

You are requested to take note of the above and arrange to bring this to notice of all concerned, if necessary.

Kindly acknowledge the receipt, and please take the same on record.

Thanking you;
On behalf of the Board of Directors of;

For Shree Pushkar Chemicals & Fertilisers Limited,

Satish Chavan
Company Secretary
M. No: A 40764
