Chairman & Managing Director

Chairman & Managing Director's Message

Dear Shareholders,

The financial year 2025 was a year of profound global disruption. Widespread geopolitical conflicts, military escalations, and uncertain trade dynamics severely impacting global supply chains. Over 60 nations went to the polls, stalling policy continuity and reform agendas across several key markets. Recent tariff war is enhancing further the complexities.

As a result, businesses worldwide faced significant shocks—ranging from falling production volumes and rising costs to suboptimal asset utilization, impacting profitability and cash flows.

Somehow, India having overcome many hurdles, adopted measures to generate reasonable demand for goods and services. This has helped in achieving growth in core sector and it continues to be one of the fastest growing major economies of the world.

Your company demonstrated resilience and achieved its' best ever performance, with revenue of Rs. over Rs.185.14 Crores and Profit before tax of Rs. 21.37 Crores on consolidated basis, registering a phenomenal growth of over 36 % in top line and over 96 % in bottom line.

Besides, FY 2025 was exceptional year for your company in terms of big ticket work order wins and also the overall order book size. The company's order book crossed over Rs 300 crore mark giving clear vision for next level growth. Participation in new tenders will further strengthen the order book.

With this kind of order book with regular inflow of new orders and seeing the ongoing operations, we are confident of achieving growth of 15- 20% (CAGR) over the next three years.

Besides, your company during the year has achieved a major breakthrough in Oman by winning a mining block from Ministry of Energy and Minerals, Sultanate of Oman, through its' second Joint Venture in Oman namely Al Hadeetha Mining LLC. The mining block is spread across 1448 Sq km containing sizeable geological reserves of valuable minerals namely Copper, Gold, Silver, Chromite and Basalt. The exploration activities are now underway.

Your company has also recently made Investment in Alara Resources Ltd (AUQ), a company listed on Australian Stock Exchange and operating in the field of exploration and mining having its' interest mainly in Middle East Asia. AUQ holds 51% share in a company in Oman which is owning and

successfully operating a copper cum gold mine in Oman.

Both the above strategic investments are expected to be corner stones for the company having huge potential. With confirmed allocation of mining blocks to both, one out of which has already started exploiting commercially and the other one is progressing well in that direction, future of both investments looks very promising.

Apart from the above two strategic overseas investments, your company is running its first JV in Oman, Alara Resources LLC, well, implementing an eleven-year mining services contract successfully besides imparting exploration services to many clients of repute there.

As you are aware your company has been allocated a partially explored block by Ministry of Coal and Mines, Government of India. Just to apprise you the progress in development of the coal block, please be informed that after completing DGPS survey, we have applied for grant of PL cum ML by Government of Jharkhand. Once the PL cum ML is in place, the preparation of GR and mining plan and other related mine development activities shall be initiated for early start of the coal production. With geological reserves of 84 Million Tons and good connectivity from rail as well as road coupled with the ready market availability in surrounding areas, we strongly believe that operationalisation of coal block by FY 28 will add sizeable value to your company in future.

The present day policies of our Government are very conducive for exploration and drilling industry. The mining industry contribution in our GDP is quite low at present. The Government is giving lot of thrust to enhance mining sector share in GDP. Many coal and non-coal mineral blocks are being offered through forward auction to private players, which throughs open many opportunities for us.

To enhance the oil production, Ministry of Petroleum and Natural Gas, Government of India has floated Mission Anveshan' for carrying out 2D seismic survey in various states to discover new oil bearing blocks under supervision of ONGC and Oil India. It has allowed 100% FDI in natural gas, petroleum products,

and refineries. Besides, over 500 mineral blocks, partially or minimally explored under current leases, are now up for grab through competitive bidding. The target now is to complete this exercise by FY 2025-26.

Global disturbance and disruptions are leading our country towards becoming 'Atmanirbhar ' in natural resources. This is paving way for more and more exploration and mining of natural resources.

With this kind of scenario wherein all three verticals namely exploration, Oman and coal mining businesses are progressing well, I can see a clear road map of progression with robust growth of company in times ahead.

During the year, your company has come out with a preferential issue of Equity shares and share warrants and has raised a sum of Rs. 34.81Crores to be used for Capex needed for execution of a prestigious CBM production contract and other misc. projects besides coal business and general corporate purposes. The amount so raised is gradually being utilised for the objects funds were raised.

Significant innovation is happening in the AI ecosystem across infrastructure , mining and other business applications. These innovations are forcing companies to invest in technology modernization and rapidly adopt AI to meet evolving clients' expectations. Our focus on growth drives us to continuously explore new technologies and business models , viz AI , ensuring we stay ahead in an ever-evolving landscape.

It is our resolve to remain steadfastly committed to serving our clients with best of our ability using best in class technology , advancement and corporate practices

Lastly, I would like to take this opportunity to express my sincere gratitudes to all our shareholders, customers, bankers, suppliers, employees and other stakeholders for their overwhelming trust, support and confidence in the company as we shape the future together.

Jai Hind!

Best Regards
VIKAS JAIN

MR. PIYUSH JAIN
Joint Managing Director

Joint Managing Director's Message

Dear Shareholders,

I am pleased to share that FY 2025 was the best performing year so far in the history of your company. The company has made two major distinctive achievements during the year. It was for the first time when all domains of exploration viz CBM Exploration Services, CBM Production Services, Underground Drilling, Aquifer Mapping, Coal & Other Minerals Exploration Services, Geological & Geophysical Services, 2d/3d Seismic Exploration and were running simultaneously at full swing with over 15 operations on pan India basis. Besides, we were able to get renewed a very prestigious order of CBM production from a prominent client with highest single order value of over Rs 152 Crores.

Both the achievements are testament to our continued efforts and investments we made in strengthening client relationships, deepening employee capabilities and incurring need based Capex to improve the entire value chain.

Our disciplined execution and operational rigor stood out clearly as we delivered our best ever performance.

The overall order book is at an all time high of over 300 Crores, making a strong foundation for quantum leap in company's growth. Besides, regular participation in new tenders, positions us well to secure additional contracts, thus further strengthening our order book.

As we accelerated our investments by expanding our capacities and procured new rigs and other equipments, our execution capabilities improved phenomenally during the year. This has resulted in timely start of phase 2 of CBM production as per the renewed order of client.

Our customer-centric focus and commitment to long-term value creation is well recognized by our clients. This way, South West Pinnacle Exploration (SWPE) has effectively pursued its objectives with agility, managing macroeconomic factors adeptly to stay relevant and competitive. We are committed to maintaining this momentum and capitalizing on opportunities by responding proactively to the external environment.

We have completed over 2.8 million meters of drilling. Additionally, we have accomplished 520 square kilometres of 3D seismic data acquisition and 425 line kilometres of 2D seismic data acquisition and processing so far. Currently, we are managing 15 active operations across India, utilizing 36 rigs, 3 seismic crews with 8,000 channels, and 3 geo-logging units. 5 more rigs are in the pipeline to support enhanced business requirement making total rigs no to 41. Since our inception, we have successfully completed more than 150 projects.

We remain committed to the highest standards of Operational Health, Safety, and Environment (OHSE). Our impeccable safety record this year again underscores our dedication to OHSE, and we will continue to foster and enhance a safety-focused culture within the company.

Lastly, I am grateful to every stakeholder for contributing to our growth and success in a very challenging geopolitical and macro environment and look forward to continued guidance and support in the future.

With warm regards

PIYUSH JAIN

BOARD EVALUATION

The Board of Directors has carried out an annual evaluation of its own performance, board committees, and individual directors pursuant to the provisions of the Act and SEBI Listing Regulations. The performance of the Board of Directors was evaluated by seeking inputs from all the directors on the basis of criteria such as the board composition and structure, effectiveness of board processes, information and functioning, etc.

The performance of the Committees was evaluated by seeking inputs from the Committee members on the basis of criteria such as the composition of committees, effectiveness of committee meetings, etc. The above criteria are broadly based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India. In a separate meeting of Independent Directors, performance of Non Independent Directors, the Board as a whole and Chairman of the Company was evaluated, taking into account the views of Executive and Non-Executive Directors.

The Board of Directors and the Nomination and Remuneration Committee(NRC) reviewed the performance of individual directors on the basis of criteria such as contribution of the individual director to the Board and Committee meetings like preparedness on the issues to be discussed, meaningful and constructive contribution and inputs in meetings, etc.

POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION AND OTHER DETAILS

The Company's policy on directors' appointment and remuneration and other matters provided in Section 178(3) of the Companies Act 2013 read with SEBI (Listing Obligation and Disclosure Requirement) Regulations 2015, has been disclosed in the Corporate Governance Report which forms part of the Annual Report.

The Remuneration Policy of the Company for Directors, KMP and Senior Management Employees are also available at the website of the company i.e. www.southwestpinnacle.com.

BOARD COMMITTEES

As required under the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has formed all the statutory committees namely, the Audit Committee, the Nomination and Remuneration Committee, the Corporate Social Responsibility Committee and the Stakeholders' Relationship Committee. Detailed information about these Committees and relevant information for the year under review are given in the Corporate Governance Report.

There have been no instances where the Board of Directors did not accept the recommendations of its committees including the Audit Committee.

Details of four (4) Committees i.e. Audit Committee, Nomination & Remuneration Committee, Stakeholder Relationship Committee & Corporate Social Responsibility Committee, constitution is given below:

AUDIT COMMITTEE

The composition, role, terms of reference, authority and powers of the Audit Committee are in conformity with Section 177 of the Companies Act, 2013 read with Regulation 18 of SEBI (Listing Obligation & Disclosure Requirements) Regulations, 2015, the details of which are given in the Corporate Governance Report. The Committee met periodically during the year and had discussions with the auditors on internal control systems and internal audit report.

NOMINATION & REMUNERATION COMMITTEE

The composition, role, terms of reference, authority and powers of the Nomination & Remuneration Committee are in conformity with Section 178 of the Companies Act, 2013 read with Regulation 19 of SEBI (Listing Obligation & Disclosure Requirements) Regulations, 2015, the details of which are given in the Corporate Governance Report.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. INDUSTRY OVERVIEW

The global mineral and energy exploration industry is entering a super cycle, fueled by the rapid transition to clean energy, reindustrialization, and the race to secure critical raw materials. From copper and coal to lithium and rare earths, exploration has become a strategic priority for nations and corporations alike.

- a. **Global Market Momentum:** The global exploration services industry is projected to cross USD 20 billion by 2030, driven by decarbonization, electrification, and supply chain realignment. Global mining giants and national governments are scaling investments to secure long-term reserves of copper, cobalt, gold, and battery minerals. Regions such as Africa, GCC, Central Asia, and South America are emerging as high-priority zones for greenfield exploration.
- b. **In India's Untapped Geological Potential:** India has one of the largest unexplored geological basins globally — rich in coal, iron ore, bauxite, and polymetallic deposits. Despite vast reserves, exploration depth remains low, offering strong upside for drilling, seismic surveys, and geophysical studies. Growing domestic demand for power, infrastructure, EVs, and renewables is accelerating the need for reliable mineral sourcing.
- c. **South West Pinnacle's Strategic Advantage:** Among the few Indian companies with a fully integrated end to end exploration portfolio: CBM exploration and production, aquifer mapping, seismic surveys, coal & mineral drilling, and mining services. International presence through joint ventures in Oman, executing large-scale copper and polymetallic mining contracts. Proven execution across 150+ projects, with over 2.8 million meters drilled, and a zero Lost Time Injury (LTI) record – a rare operational benchmark.
- d. **Key Industry Tailwinds:** Global policy shift toward resource nationalism and localization is pushing early-stage exploration to the forefront. Rising ESG and environmental due diligence standards are boosting demand for structured, scientific exploration. Advancements in seismic imaging, AI-based geological modeling, and precision drilling are transforming the cost-efficiency of exploration.
- e. **Market Outlook :** India's exploration services industry is valued at INR 15,000– INR 18,000 Cr, with an expected 8–10% CAGR growth trajectory. With a presence across both brownfield and greenfield exploration, South West Pinnacle is ideally positioned to ride this global exploration wave.

II. COMPOSITION OF INDIA'S METALS AND MINING SECTOR

Production of metallic and Non-metallic minerals (USD Billion)

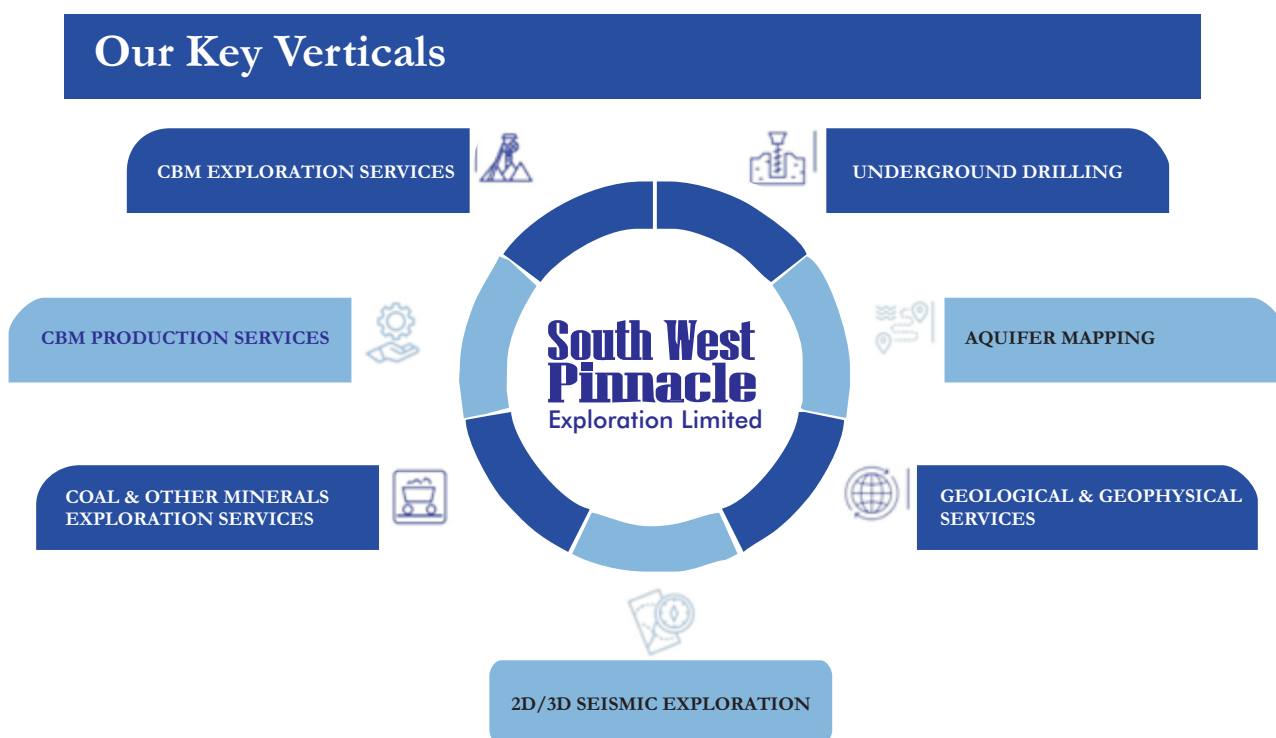

Share of states in mineral production FY(24%)

- a. The country has large reserves of iron ore, bauxite, chromium, manganese ore, baryte, rare earth and mineral salts.
- b. Production of metallic minerals in the country was US\$ 14.69 billion in FY24P. In the same period, production of non-metallic minerals US\$ 1.57 billion in FY24P.
- c. Odisha was the leading producer of minerals with 45% market share, followed by Chhattisgarh at 14% and Rajasthan at 16%.

III. BUSINESS OVERVIEW

a. **OUR KEY VERTICALS:**

b. BUSINESS SEGMENTS :

❖ CBM EXPLORATION SERVICES

Specialising in identifying and evaluating CBM potential in coal-rich regions through a complete suite of geological and technical services.

Process :

Including geological surveys, drilling exploratory wells, logging and testing to estimate gas content, and evaluating commercial viability. These services help determine whether CBM extraction is feasible and profitable in a given area.

Highlights:

- Over 100 CBM core wells completed – Highest in India
- Trusted by industry leaders Reliance Industries, Oil India, Dart Energy
- Proven capabilities in India's most challenging basins

❖ CBM PRODUCTION SERVICES

Develop, operate, and maintain specialized infrastructure to extract and produce methane gas from coal beds ensuring safe, continuous, and cost-efficient CBM output.

Process :

Involves dewatering coal seams to reduce pressure and release methane gas, which is then collected through wells. The gas is compressed, processed, and transported for end use, while production is monitored continuously.

Highlights:

- 200+ CBM production wells drilled — depths up to 2,406 meters
- Owns advanced CBM drilling rigs.

❖ COAL & OTHER MINERALS EXPLORATION SERVICES

Comprehensive solutions from exploration to processing, ensuring efficient, compliant, and sustainable mineral recovery.

Process:

- Exploration & Planning: Surveying, sampling, geological analysis, mine design.
- Drilling & Extraction: Core, RC, DTH & mud rotary drilling (~30 lakh meters), blasting, hauling
- Processing & Rehab: Safe resource development with minimal environmental impact

Highlights:

- Expertise in core drilling, large diameter core drilling, and non-core methods including reverse circulation (RC), down-the-hole (DTH), and mud rotary drilling.
- Completed ~30 lakh meters of drilling using these technologies
- Proven expertise in coal (incl. OB removal), ferrous, and non-ferrous mining, with operations across India and a global footprint via a copper/gold JV in Oman

❖ 2D/3D SEISMIC EXPLORATION

A geophysical technique that uses sound waves to map subsurface rock formations crucial for identifying zones rich in oil, gas, or minerals.

Process :

- Generate and send sound waves into the ground
- Capture echoes via sensors to create 2D/3D images of underground structures
- Analyze reflections to pinpoint resource-bearing formations

Highlights:

- Proven capability in 2D/3D Land Seismic Exploration
- Serving sectors: Coal, Oil & Gas

- Equipped with PST Technology for precision seismic mapping
- End-to-end solutions encompassing data acquisition, seamless data processing, and insightful interpretation and reporting.

❖ GEOLOGICAL & GEOPHYSICAL SERVICES

Studying the Earth's structure and composition to locate natural resources, assess ground conditions, and support mining and infrastructure planning.

Process:

- Collect surface and subsurface data through:
- Geological mapping
- Seismic & resistivity surveys
- Analyze data to interpret formation behavior and resource viability

Highlights:

- Team of experienced geoscientists
- Proven expertise in coal, limestone, atomic minerals, and more
- End-to-end on-site exploration services
- Integrated geological & geophysical capabilities tailored to client needs

❖ AQUIFER MAPPING

Aquifer mapping involves identifying and visualizing underground water-bearing formations to evaluate groundwater availability, quantity, and quality a critical input for infrastructure, agriculture, and industrial planning.

Process :

Multidisciplinary Surveys : Geological, geophysical & remote sensing techniques

Field Validation : Drilling & testing to understand aquifer depth, thickness & yield

Data Integration : Hydrogeology, hydrochemistry & groundwater modeling

Outcome : Detailed maps and models for water resource planning

Highlights:

- Delivered aquifer studies for state & national water resource departments
- Proven capability to quantify groundwater potential across diverse terrains
- Tailored solutions based on demand scale & hydrogeological behavior

❖ UNDERGROUND DRILLING

The process of creating boreholes below the Earth's surface for mineral exploration, tunneling, or resource access in subsurface environments. It's a foundational service for mining, infrastructure, and utility projects.

Process :

- Mobilize drilling rigs to confined underground sites
- Bore into rock or soil to collect geological core samples
- Create access holes for mining, pipelines, or structural development
- Conduct detailed subsurface evaluation to guide future extraction

Highlights:

- Entered a new domain underground Drilling
- Order secured from Premier Copper producing company owned by Govt. of India.
- Commissioned 4 advanced rigs, now operational
- Expanding capabilities to support deep-access mining and critical infrastructure projects

IV. COAL BLOCK ACQUISITION

Coal Block Acquisition

Jharkhand

- ◆ Coal Block Win: Awarded a coal block for commercial mining in Jharkhand
- ◆ Block Area: Spread across 2.66 sq. km
- ◆ Estimated Geological Reserves: 84 Million Tonnes (MT)
- ◆ Coal Grade: W-IV grade coal
- ◆ Regulatory Progress: DGPS survey completed; PL-cum-ML application submitted
- ◆ Next Steps: Mine development to accelerate post-license issuance
- ◆ Production Timeline: Target to commence coal production by FY 2027–28

❖ **Coal Momentum: Powering India's Energy Core**

- India's coal production rose from 728.72 MT in FY19 to 893.08 MT in FY23 (22.6% growth). In FY25 (till Jan), output reached 997.80 MT, with 104.43 MT produced in January alone, up 4.4% y-o-y.
- The power sector consumed 678.54 MT in FY24, a 5.97% increase. However, with demand expected to hit 1,290 MT and production estimated at 1,111 MT by FY25-end, a supply gap remains.
- Captive mining grew due to reforms allowing sale of up to 50% output in the open market, improving utilization and private sector participation.
- Coal imports rose 7.7% to 268.24 MT in FY24, despite production growth, reflecting the continuing supply-demand imbalance.
- The government is boosting domestic output through commercial coal block auctions, 100% FDI, and upgrades in mine evacuation infrastructure like rail and conveyor systems.
- A committee has been formed by the Ministry of Coal to review and speed up project execution timelines, especially for tendering and approvals.
- The GoI targets coal production of 1.40 BT by 2027 and 1.58 BT by 2030, supported by faster clearances, private investment, and digitized monitoring systems.

India has estimated geological coal reserves of 344 Billion Tons

Coal production in India has crossed 1 Billion Tons mark during FY 2024-25.

Coal continues to be biggest energy source – >70% of power generation comes from coal-based plants presently

Coal is preferred source of energy due to its abundance & affordability

Total installed capacity of power generation expected to more than double by 2029-30

Coal is preferred for its affordability and abundance, supporting key non-power industries like cement, fertilizer, and aluminum.

V. OPERATIONS IN OMAN

Operations in Oman

Rationale

Oman is the **second-largest country** in the GCC region after Saudi Arabia and is endowed with **significant mineral resources including copper, gold, silver, chromite, lead, nickel, manganese, and zinc**. However, these reserves remain largely undeveloped due to a historical preference for the oil sector.

The Omani government, aiming to **diversify the economy and reduce dependence on oil**, established a public authority under the Ministry of Commerce and Industry named **Mining Development Oman (MDO)** to regulate and expand mining activities, as well as to strengthen private sector involvement in the sector.

The move would also **create employment opportunities** for Omani nationals

The first joint venture was formed in 2018, and the second was established in 2024.

The company, recognizing the opportunity, has established two **joint venture** companies over time to **tap into the potential** in Oman.

- This joint venture was formed with Alara Resources, a renowned Australian exploration and mining company, in 2018.
- The JV company was awarded an 11-year copper mining contract in 2021–22, with a total contract value of USD 125 million.
- Mining operations commenced in February 2022 and are progressing well.
- The JV company is also executing various drilling and exploration contracts, generating sizeable revenues

- Another joint venture was established in 2024, comprising four partners, including Alara Resources Ltd., Australia.
- In January 2025, the JV company was awarded Exploration and Mining Block 22-B in Oman, which contains geological reserves of copper, gold, silver, chromite, and basalt. The block spans an area of 1,448 sq. km.
- As per the agreement executed with the Ministry of Energy and Minerals, Sultanate of Oman, the JV company has been granted the right to first explore and subsequently exploit the mining block, in accordance with the terms set out in the agreement.
- Given the size of the block and the presence of high-value minerals, the project holds significant potential for the future.

VI. NEW AVENUES/ OPPORTUNITIES FOR THE COMPANY:

❖ Coal & Mineral Exploration

- Over **500 mineral blocks** to be auctioned by 2026
- Increased focus on domestic exploration to reduce import dependency
- Large unexplored reserves of coal, iron ore, bauxite, copper, and rare earths
- Policy shift enabling private sector participation and commercial mining

❖ Oil & Gas Exploration

- 100% FDI allowed in upstream oil & gas sector
- Government initiatives like **OLAP and Mission Anveshan** to boost exploration
- Push toward discovery of new oil-bearing blocks through seismic surveys
- Fiscal incentives to attract investment and advanced technology

❖ Aquifer Mapping & Groundwater Management

- National Project on Aquifer Management initiated by **CGWB**
- High demand for groundwater studies for infrastructure, agriculture, and urban development
- Growing need for hydrogeological surveys, modeling, and sustainable resource planning

❖ Unconventional Sources of Energy

- Significant potential in **Coal Bed Methane (CBM), shale gas, and geothermal energy**
- Most unconventional sources in India remain **underexplored**
- Growing energy demand and policy support accelerating exploration in this space

❖ International Exploration & Mining

- Emerging opportunities in mineral-rich regions like **Africa, Middle East, and Central Asia**
- Governments abroad increasingly opening up their mining sectors to foreign participation
- High potential in **copper, gold, rare earths, and strategic minerals**

VII. OUTLOOK

❖ Exploration and Allied Services

- This year has been most rewarding year in terms of winning new orders resulting in a very healthy order book of 332

- We expect our core exploration service business continue to grow at about 15%-20%- p.a. over the near to medium term.
- We expect EBITDA Margins to be in the range of 20% to 22%.
- Opening up of 500 non-coal minerals block for private players by Central Government will give a boost to Drilling and Exploration business in India.
- Oil and Gas Sector is among the eight core sectors in India and plays a major role when we talk about energy demand in India.
- Impetus to explore Oil & Gas through seismic technology is a welcome step and brightens prospects of our exploration business in the times ahead.
- Un-explored Non-conventional source of energy further enhances the potential of drilling and exploration business in future.

❖ **Coal Mining Business**

- We expect revenues from coal block to kick in from FY2028 and will fetch a revenue of Rs. 700- 800 Crores within next three years thereafter.
- We expect EBITDA Margins to be in the range of 40% to 42%.
- Driven by the improved domestic economic outlook and significant infrastructure development, demand for coal is expected to grow in coming years.

❖ **Operations in Oman**

- The mining services operations in Oman are going on well since last over two years. We expect the net margin in the range of 5% - 6% annually.
- As the Oman Government looks to diversify and move away from dependence on oil revenue and to create jobs for Omani nationals, growth is anticipated in the mining sector following the discovery of significant reserves of minerals including gold and copper.
- The recently awarded mining block spread across 1448 Sq Km to our new JV company is a very positive development and the outlook is extremely bright and positive.

VIII. SWOT ANALYSIS

1. **Strengths:** -

- Presence across almost all domains of Drilling & Exploration
- Capability to deliver the Projects successfully within timelines
- Qualification Credentials
- Experienced Management Team
- Client Retention
- Robust Order Book
- Renowned Clientals from both Public & Private Sector
- Presence in Oman a mineral rich country through two JV Companies.
- Owning a Coal Block in State of Jharkhand.

2. **Weakness:** -

- Being Tender based business, sometimes we have to win a contract on a relatively lower rate to beat the competition.
- Our business needs forest/environment clearances in most cases, which sometimes takes longer than expected time.
- Weather plays a vital role in project completion.

3. Opportunity: -

- a. Over 500 Non- coal Mineral Blocks are now available for Drilling and Exploration through competitive bidding
- b. A large number of unexplored/partly explored coal blocks for Drilling and Exploration of Coal are available in the wake of new policy of Government of India.
- c. The policy announcement of GOI, allowing 100% FDI in Oil & Gas Sector throws open many opportunities in the sector.
- d. The OLAP/Mission ANVESHAN pronounced by the government are reaping results for us.
- d. The "ground water management has become 'aquafer management' now. CGWB has launched the aquafer mapping projects in a big way and we are able to win some of the contracts.
- e. Oman JV's are having lots of potential for our growth.

4. Threats: -

- a. Stringent Environment laws & probability of change in those laws
- b. Change in Government Policies & GST Act/rules
- c. Local unrest and non- cooperation by local villagers which sometimes may result in delay in completion of projects

IX. FINANCIAL PERFORMANCE:

The financial performance of the company during the year was the best ever performance in company's history. We have clocked a total income of Rs. 18387.26 Lacs on standalone basis and Rs. 18514.28 Lacs on consolidated basis registering a sizable growth of over 35% and 36% respectively. The company has achieved profit before tax of Rs. 1977.76 Lacs on standalone basis and Rs. 2137.82 Lacs on consolidated basis registering a significant growth of 103% on standalone and 96% on consolidated basis. The higher profitability was achieved mainly by adopting proactive approach in expense management coupled with higher contribution on increased revenue.

Standalone Financial Statements

Independent Auditors' Report

To
The Members
South West Pinnacle Exploration Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of South West Pinnacle Exploration Limited (“the Company”), which comprise the Standalone Balance Sheet as at March 31, 2025, and the Standalone Statement of Profit and Loss (including other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the profit and loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the “*Auditor's Responsibilities for the Audit of the Standalone Financial Statements*” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matter to be communicated in our report.

Description of Key Audit Matter

Revenue recognition

The Company enters into contracts with customers for the provision of services. Revenue from these contracts is recognized in accordance with the requirements of Ind AS 115, Revenue from Contracts with Customers (as described in note 32 of the standalone financial statements).

As at the year end, for all incomplete contracts, revenue is recognized for the completed performance obligations which are part of incomplete contract based on the stage of completion and transaction price allocated to the specific completed performance obligation.

The process of identifying the stage of completion and allocation of transaction price to the specific performance obligation as at the balance sheet date is complex and dependent on Management's estimates and relevant internal controls.

Due to materiality of the amounts involved and above said considerations, revenue recognized for the completed performance obligation which is part of incomplete contract is determined to be a key audit matter for the current year audit.

How our audit addressed the key audit matter

Our audit procedures included assessing the Company's revenue recognition accounting policies in accordance with Ind AS 115, Revenue from Contracts with Customers.

We understood Management's internal controls over the revenue process and evaluated whether these have been designed in line with the Company's accounting policies. We tested relevant internal controls over revenue process. We assessed the Management's evaluation process to recognize revenue over a period of time, ascertain stage of completion and allocation of transaction price to the specific performance obligation.

We selected samples of revenue transactions wherein revenue was recognized for the completed performance obligation which were part of incomplete contracts as at the year end. For the transactions selected we compared the documents and tested the working for allocation of transaction price to the specific completed performance obligation.

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and Board of Director's are responsible for assessing the ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The standalone Balance Sheet, the standalone Statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone Statement of cash flows dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, as amended;
- e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 of the act, as amended. In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 42 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.

- vi. Based on our examination, which include test check, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure "A" to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of South West Pinnacle Exploration Limited of even date)

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

I. In respect of the Company's Property, Plant and Equipment and Intangible Assets: -

a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, right-of-use assets and investment property.

(B) The company has maintained proper records showing full particulars of intangible assets.

b. The Property, Plant and Equipment of the Company have been physically verified by the Management during the year. The discrepancies noticed on such verification were not material and have been properly dealt with in the books of account. In our opinion, the frequency of verification is reasonable.

c. The title deeds of all the immovable properties (including investment properties) held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.

d. The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets) and Intangible Assets. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or Intangible Assets does not arise.

e. As per explanation and representations provided to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988(as amended) and rules made thereunder. Accordingly, reporting under Clause 3(i)(e) of the Order is not applicable to the Company

ii. (A) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.

(B) As disclosed in notes to the standalone financial statements, the Company had been sanctioned a working capital limit in excess of Rs. 5 crores by bank based on the security of current assets during the year. Based on the records examined by us in the normal course of the audit of the financial statements, the quarterly returns or statements including revised filed by the company with the banks, which are generally in agreement with the unaudited books of account of the Company.

iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investments and granted unsecured loans to companies in respect of which the requisite information is as below. The Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured to firms, limited liability partnership or any other parties during the year. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us, the Company does not have any unspent amounts towards Corporate Social Responsibility in respect of any ongoing or other than ongoing project as at the end of the financial year. Accordingly, reporting under Clause 3(xx) of the Order is not applicable to the Company.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

Annexure B to the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of South West Pinnacle Exploration Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of South West Pinnacle Exploration Limited as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as “the Act”).

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of such internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls over Financial Reporting with Reference to Standalone Financial Statements

A company's internal financial controls over financial reporting with reference to standalone financial statements are a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with Reference to standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE-1: GENERAL INFORMATION AND MATERIAL ACCOUNTING POLICIES

A. GENERAL INFORMATION

South West Pinnacle Exploration Limited (“the Company”), which was originally incorporated on Twenty seventh day of November Two thousand six under the Companies Act, 1956 as South West Pinnacle Exploration Private Limited, have been converted into Public Limited Company under Section 18 of the Companies Act, 2013 on 17.11.2017, hence the name of the company is changed to South West Pinnacle Exploration Limited. Company got listed with National Stock Exchange-Emerge (SME Growth Platform) vide NSE Approval Letter No. NSE/LIST/34544 dated January 23, 2018. However, in the year 2019-20, the company migrated to the main board of NSE by attaining required qualification data in little over one year period. Later on in FY 2023-24, the company also got listed with BSE Ltd.

The Company is ISO 9001:2015 and ISO 45001:2018 certified and has recently been recognised as a member in good standing by International Association of Drilling Contractors, IADC South Central Asia Chapter besides getting Certificate of Accreditation from Quality Council of India, New Delhi in the year 2022. The Company provides end to end drilling, exploration and allied services to coal, ferrous, non-ferrous, atomic and base metal mining industries and water & unconventional energy industries. Company also provides consultancy for geological field services and allied services and has an in-house team of surveys besides 2D/3D Seismic Data Acquisition and Processing,. Apart, the company has forayed into new domain of 2D/3D Seismic data Acquisition and Processing using Passive Tomographic Technology (PST), which has great potential in areas like North East India , due to growing needs of energy resources in our country and Government of India is supporting this cause in a big way.

The Company has added new domains of geo-thermal, unconditional oil & gas and underground core drilling for copper & gold exploration. In addition to the above, the company has been allocated a coal block in the state of Jharkhand in 2021-22. The coal block is having a total estimated geological reserves of 84 million tonnes & the total block area is 266 hectares. The process of obtaining PL cum ML after completing DGPS survey is presently underway. Preparation of GR and other mine development activities shall be undertaken at a fast pace after receipt of PL cum ML.

The Company is also having two Joint Ventures in Oman which has many untapped natural resources, thus has lot of potential for the company. The first JV company is serving an 11 year long mining services contract and the other JV company formed during 2024-25 has recently been allocated a mining block in Oman ,spread across 1448 Sq Km .area for Exploration followed by Exploitation by Ministry of Energy and Minerals ,Sultanate of Oman

B. MATERIAL ACCOUNTING POLICIES

a) Basis of preparation

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III). These standalone financial statements are presented in INR Lakhs and all values are rounded to the nearest lakhs, except when otherwise indicated. The standalone financial statements were authorised for issue by the Company's Board of Directors on May 22, 2025.

b) Use of estimates and judgements

The preparation of standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management to make estimates and assumptions that affect the balances of assets and liabilities, disclosures of contingent liabilities as at the date of the standalone financial statements and the reported amounts of income and expenses for the periods presented. The Company has a policy to review these estimates and underlying assumptions on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

c) Revenue recognition

Revenue in the Statement of Profit and Loss of the company arising in the course of activities which includes rendering of services, sale of Goods and use by others of resources of the enterprise yielding interest and rentals, have been recognized as per Ind-AS 115 on “Revenue from contract with customers.

(i) Rendering of Services

Service income is recognized as per the terms of contracts with the customers when the related services are performed or the agreed milestones are achieved and are net of GST, wherever applicable.

Revenue is recognized with reference to the performance of each service in a particular month as per terms of contract with the clients upon fulfillment of performance obligations. Such revenues are under fixed price contracts, where there is no uncertainty towards measurement or collectability of consideration.

Uncompleted services as on the year/ quarter end are classified as Unbilled Revenue. Such revenue is one which has been earned in the current accounting period by fulfilling performance obligations but in respect of which no enforceable claim has become due to the company during the said period.

Revenues are shown net of returns, GST, discounts and allowances as applicable.

(ii) Goods

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates/claims, GST etc.

(iii) Other income

Other income comprises interest income on deposits, dividend income and gains / (losses) on disposal of investments. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

d) Employee Benefits Expense

Short Term Employee Benefits obligation

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services. These benefits include compensated absences and performance incentives.

Other long-term Employee Benefit obligations

The liabilities for earned leave which are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured on the basis of independent actuarial valuation certificate as the present value of the expected future payments to be made in respect of service provided by the employees up to the end of the reporting period.

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, and Pension Scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity to the eligible employees in accordance with the payment of Gratuity act, 1972. The liability recognized in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligations are calculated at the end of the reporting period by actuaries using the projected unit credit method. Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

e) Property, Plant and Equipment

(i) Measurement

Items of Property, plant and equipment, are measured at cost (which includes capitalized borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment includes its purchase price, duties, taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials, direct labour and any other costs directly attributable to bringing the item to its intended working condition and estimated costs of dismantling, removing and restoring the site on which it is located, wherever applicable.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that it will increase the future economic benefits from the existing asset beyond its previously assessed standard of performance/life. All other expenses on existing Property, plants and equipment, including day to day repair and maintenance and cost of replacing parts are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

(iii) Derecognition

An item of Property, plant and equipment is derecognized upon its disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the same (calculated as the difference between the net disposal proceeds and its carrying amount) is recognized in the Statement of Profit and Loss in the period the item is derecognized.

(iv) Depreciation

Depreciation is calculated on cost of items of Property, plant and equipment less their estimated residual value using Written down value method over the useful lives of assets and is recognized in the Statement of profit and loss. Assets acquired under finance lease are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term. Depreciation for assets purchased / sold during the period is proportionately charged. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

(v) Reclassification to investment property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of classification.

(vi) Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

f) Investment Properties

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Any gain or loss on disposal of an investment property is recognized in Statement of Profit and loss.

Investment properties are depreciated using Written down value method over their estimated useful life.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

The fair values of investment property is disclosed in the notes accompanying these financial statements. Fair values is determined by an independent valuer who holds a recognized and relevant professional qualification and has recent experience in the location and category of the Investment property being valued.

g) Impairment of Non-financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available.

If no such transactions can be identified, an appropriate valuation model is used. Impairment losses including impairment on inventories are recognized in the Statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Investment in Subsidiaries and Joint venture

Investment in Subsidiaries and Joint ventures are shown at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss. Upon disposal of investment, the difference between the net disposal proceeds and the carrying amount is credited or charged to the Statement of Profit and Loss.

l) Leasehold Improvements

Leasehold Improvements are carried at historical cost. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation on leasehold improvements are provided using straight line method based on management estimate of useful life of the assets. Gains or losses arising from de-recognition of leasehold improvements are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

j) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet and in the Statement of Cash flows comprise of cash in hand and balance with banks in current accounts.

k) Borrowing Costs

Borrowing cost includes interest and other costs incurred in connection with the borrowing of funds and charged to Statement of Profit & Loss on the basis of effective interest rate (EIR) method. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognized as expense in the period in which they occur.

l) Exceptional Items

Exceptional items are transactions which due to their size or incidence are separately disclosed to enable a full understanding of the Company's financial performance. Items which may be considered exceptional are significant restructuring charges, gains or losses on disposal of investments in subsidiaries, associates and joint venture and impairment losses/ write down in value of investment in subsidiaries, associates and joint venture and significant disposal of fixed assets etc.

m) Inventories

Company's inventory are the assets in the form of materials or supplies to be consumed in the rendering of services and accounting policies adopted in measuring inventories, including the cost formula used are below as per IND-AS-2 on "Inventories": -

(i) Measurement of inventories

Inventories are valued at lower of cost or net realizable value.

(ii) Cost of inventories

The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition.

The costs of purchase consist of the purchase price including duties and taxes (other than those subsequently recoverable by the company from the taxing authorities), freight inwards and other expenditure directly attributable to the acquisition. Trade discounts, rebates, input tax credits and other similar items are deducted in determining the costs of purchase.

Other costs are included in the cost of inventories only to the extent that they are incurred in bringing the inventories to their present location and condition.

n) Provisions and Contingent Liabilities

Provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate of the expenditure required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

o) Dividend Distribution

The Company recognizes a liability to make the payment of dividend to owners of equity, when the distribution is authorized and the distribution of the same is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

p) Tax Expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Current tax and deferred tax is recognized in the Profit and Loss except when it relates to items that are recognized in Other Comprehensive Income.

Current tax

Current tax is the amount of expected tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

Deferred tax

Deferred tax is recognized using the Balance Sheet approach. It represents temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill. The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting year.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

q) Leases

The Company assesses each contract at its inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for certain period of time in exchange of some consideration.

Company as a Lessee

The Company's leased asset classes primarily comprise of lease for building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of some consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially reaped all of the economic benefits from use of the asset over the period of the lease and (iii) the Company has the right to direct the mode of use of the asset.

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The Company recognizes lease liabilities to make lease payments and Right-of-use assets representing the right to use the underlying assets as below :-

Right-of-use assets

The Company recognizes Right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

Lease Liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company's lease liabilities are included in other current and non-current financial liabilities.

Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Company as a Lessor

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

r) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- Those measured at amortized cost

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them.

Initial recognition and measurement

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Financial assets classified and measured at amortized cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in following categories:

- Financial assets at amortized cost
- Financial assets at fair value through other comprehensive income (FVTOCI) with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortized cost

A 'financial asset' is measured at the amortized cost if both the following conditions are met:

Business Model Test: The objective is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes) and;

Cash flow characteristics test: The contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

This category is most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. The EIR amortization is included in other income in profit or loss. The losses arising from impairment are recognized in the profit or loss. This category general applies to trade and other receivables.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognized in the statement of profit and loss.

Financial assets designated at fair value through Other Comprehensive Income (OCI)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in the statement of profit and loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized (i.e. removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass through" arrangement and either;

- ◆ the Company has transferred substantially all the risks and rewards of the asset, or
- ◆ the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the right and obligations that the Company has retained.

Impairment of financial assets

In accordance with IND AS 109, the Company applies expected credit losses (ECL) model for measurement and recognition of impairment loss on the following financial asset and credit risk exposure

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income(FVTOCI);

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company follows “simplified approach” for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables without significant financial element;
- All lease receivables resulting from the transactions within the scope of Ind AS 116 –Leases

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss.

(ii) Financial liabilities:

Initial recognition and measurement

Financial liabilities are classified at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, and payables, net of directly attributable transaction costs. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company financial liabilities include loans and borrowings, trade payables, trade deposits, retention money, liabilities towards services, sales incentive and other payables.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortized cost (loans and borrowings)

Financial liabilities at Fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in IND AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. All other changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Financial liabilities at Amortized cost

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the Effective interest rate method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the Effective interest rate amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective interest rate. The Effective interest rate amortization is included as finance costs in the statement of profit and loss.

Trade Payables

These amounts represents liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 to 120 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at fair value and subsequently measured at amortized cost using Effective interest rate method.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

Offsetting of financial instruments

Financials assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

s) Earning per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

t) Non-current Assets held-for-sale

Non-Current Assets are classified as held-for-sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. A sale is considered as highly probable when decision has been made to sell, assets are available for immediate sale in its present condition, assets are being actively marketed and sale has been agreed or is expected to be concluded within 12 months of the date of classification. Non-current assets held for sale are neither depreciated nor amortised. Assets and liabilities classified as held for sale are measured at the lower of their carrying amount and fair value less cost of disposal and are presented separately in the Balance Sheet.

u) Standards issued but not effective

The Ministry of Corporate Affairs (“MCA”) notified new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules, as issued from time to time. The Company evaluated the following amendments for the first-time during the current year which are effective from 1 April, 2024.

Ind AS 116 - Lease liability in a sale and leaseback

On 9 September 2024, MCA notified amendments to Ind AS 116 via Companies (Indian Accounting Standards) Second Amendment Rules, 2024. The amendments require an entity to recognise lease liability including variable lease payments which are not linked to index or a rate in a way it does not result in gain on Right of Use asset it retains. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Introduction of Ind AS 117 - Insurance contracts

On 12 August 2024 MCA notified the introduction of Ind AS 117 - Insurance contracts via Companies (Indian Accounting Standards) Amendment Rules, 2024. It is a comprehensive standard that prescribes, recognition, measurement and disclosure requirements, to avoid diversities in practice for accounting insurance contracts and it applies to all companies i.e., to all “insurance contracts” regardless of the issuer. However, Ind AS 117 is not applicable to the entities which are insurance companies registered with IRDAI. The Company has evaluated the amendments and there is no impact on its standalone financial statements.

Nature and purpose of reserves :

General Reserve : The general reserve is a free reserve which is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, item included in the general reserve will not be reclassified subsequently to statement of profit and loss.

Securities Premium - Securities Premium Reserve was created consequent to issue of shares at a premium. The reserves can be utilised in accordance with section 52 of Companies Act, 2013

Retained Earning : Retained earnings represents the undistributed profits of the company.

Other Comprehensive Income : Reserve for equity instruments through other comprehensive income represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income, net of amount reclassified to retained earnings when those assets have been disposed off.

Share Warrant : During the year ended March 31, 2025, the Board of Directors of the Company, in their meeting held on December 07, 2024 have approved a issuance of 28,21,411 Warrants, each are convertible into fully paid-up Equity Shares of the Company, on preferential basis to the Promoter Group and Non-Promoter Group, up to an amount of INR 3,729.91 Lakhs, at a issuance price of INR 132.20 per Warrants. Shareholders of the Company, in Extra-ordinary General Meeting held on January 02, 2025, approved the issuance of Warrants on preferential basis. The Company received an aggregate consideration of INR 932.48 Lakhs till February 21, 2025, towards minimum 25% of the Total Consideration of the Warrants. Each warrant is convertible into one Equity Share of the Company once warrants are fully paid. The company can exercise its right at any time within a period of 18 months from the date of allotment of Warrants asking for the balance 75% to make them fully paid, eligible for conversion into equity shares. Equity Shares so issued upon conversion of the Warrants, shall rank pari-passu to existing Equity Shares of the Company.

Defined benefit plans: -

The employer Gratuity Fund Scheme, which is defined benefit plan, is managed by the trust which maintains its investment with HDFC Life. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the gratuity plan, every employee who has completed at least five years of service usually gets a gratuity on departure @ 15 days of last drawn basic salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The following tables summaries the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

Delta Effect of +1% Change in Rate of Employee Turnover	9.46	10.27
Delta Effect of -1% Change in Rate of Employee Turnover	(10.79)	(11.74)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Fair value hierarchy

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

	Fair Value	Fair Value
Investment in Mutual Funds at Level 1	162.53	172.95

b) Financial risk management

The Company's corporate treasury functions provides services to the business, coordinates access to the financial markets, monitors and manages the financial risks relating to operations of the Company through internal risk reports which analyse exposure by degree and magnitude of risk. These risks include market risk (including currency risk, interest rate risk and other price risks, credit risk and liquidity risk).

The principal financial assets of the Company include loans, trade and other receivables, and cash and bank balances that derive directly from its operations. The principal financial liabilities of the Company, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the Company.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective. In the event of crisis caused due to external factors, the management assesses the recoverability of its assets, maturity of its liabilities to factor it in cash flow forecast to ensure there is enough liquidity in these situations through internal and external source of funds. These forecast and assumptions are reviewed by board of directors.

This note explains the risks which the Company is exposed to and policies and framework adopted by the Company to manage these risks.

i. Credit risk

Credit risk is the risk that counter party will not meet its obligations leading to a financial loss. The Company is exposed to credit risk arising from trade receivables. All financial assets are initially considered performing and evaluated periodically for expected credit loss. A default on a financial asset is when there is a significant increase in the credit risk which is evaluated based on the business environment. The assets are written off when the Company is certain about the non-recovery.

a. Trade receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its major customers are Public Sector Undertakings. All debtors are good and realizable within the current financial year.

b. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made in bank deposits and other risk free securities. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2025 is the carrying amounts.

Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

ii. Liquidity risk

The financial liabilities of the Company include loans and borrowings, trade and other payables. The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The Company plans to maintain sufficient cash and marketable securities to meet the obligations as and when fall due.

The table below analyses the Company's financial liabilities and financial assets into relevant maturity groupings based on their contractual maturities:

iii. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments, and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2025 and March 31, 2024.

a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in foreign currency). The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Foreign Currency Exposure that have not been hedged by derivative Instrument are given below.

Liabilities/Assets	Foreign Currency		INR Equivalent	
	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2025	As at 31st March, 2024

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Company has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

Particulars	As at 31st March, 2025	As at 31st March, 2024
Fixed rate borrowings	1,184.23	4,800.16
Floating rate borrowings	5,107.16	4,270.47

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	For the year ended 31st March, 2025	For the year ended 31st March, 2024
Increase by 50 basis points	(25.54)	(21.35)

66. OTHER ACCOUNTING POLICIES

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- (i) Expected to be realized or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for purpose of trading
- (iii) Expected to be realized within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle

b) Government Grants

Government Grants are recognized at their fair value when there is reasonable assurance that the grant will be received and all the attached conditions will be complied with.

When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Government grant related to the non-monetary asset are recognized at nominal value and presented by deducting the same from carrying amount of related asset and the grant is then recognized in profit or loss over the useful life of the depreciable asset by way of a reduced depreciation charge.

c) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

d) Foreign Exchange Transaction and translation

Items included in the standalone financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The standalone financial statements are presented in Indian Rupee (INR), which is Company's functional and presentation currency. Foreign currency transactions are translated into the functional currency using the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets. Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates prevalent on the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates prevalent on the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

67. The company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the year the Company did not come across any instance of the audit trail feature being tampered with and audit trail has been preserved by the Company as per the statutory requirements for record retention.

68. Previous year figures have been re-grouped/re-classified wherever necessary.

South West Pinnacle Exploration Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **South West Pinnacle Exploration Limited** (hereinafter referred to as “the Holding Company”) and its subsidiaries, (Holding Company and its subsidiaries together referred to as “the Group”), its joint ventures, which comprise the consolidated balance sheet as at March 31, 2025, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group, its joint ventures, as at March 31, 2025, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the “*Auditor's Responsibility for the Audit of the Consolidated Financial Statements*” section of our report. We are independent of the Group, its joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Material Uncertainty Related to Going Concern

The Independent Auditors Report on the standalone financial statements of 1 subsidiary issued for the year ended on March 31, 2025 contains paragraph on the Going Concern assumption incorporated as under:

Pilot Pipelines Private Limited incurred losses in earlier years resulting into the accumulated losses amounting to INR 391.76 Lakhs as at that date which has fully eroded the net worth of the Company. The current liabilities exceeded its current assets by INR 341.75 Lakhs. These conditions indicate the existence of material uncertainty that may cast significant doubt about the Company ability to continue as a going concern. However, the results of the Company have been prepared on a going concern basis as the Company has letter of financial support from Holding Company.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. We have determined the matters described below to be the key audit matter to be communicated in our report.

Description of Key Audit Matter

Revenue recognition

The Group enters into contracts with customers for the provision of services. Revenue from these contracts is recognized in accordance with the requirements of Ind AS 115, Revenue from Contracts with Customers (as described in note 30 of the consolidated financial statements).

As at the year end, for all incomplete contracts, revenue is recognized for the completed performance obligations which are part of incomplete contract based on the stage of completion and transaction price allocated to the specific completed performance obligation.

The process of identifying the stage of completion and allocation of transaction price to the specific performance obligation as at the balance sheet date is complex and dependent on Management's estimates and relevant internal controls.

Due to materiality of the amounts involved and above said considerations, revenue recognized for the completed performance obligation which is part of incomplete contract is determined to be a key audit matter for the current year audit.

How our audit addressed the key audit matter

Our audit procedures included assessing the Group's revenue recognition accounting policies in accordance with Ind AS 115, Revenue from Contracts with Customers.

We understood Management's internal controls over the revenue process and evaluated whether these have been designed in line with the Group's accounting policies. We tested relevant internal controls over revenue process. We assessed the Management's evaluation process to recognize revenue over a period of time, ascertain stage of completion and allocation of transaction price to the specific performance obligation.

We selected samples of revenue transactions wherein revenue was recognized for the completed performance obligation which were part of incomplete contracts as at the year end. For the transactions selected we compared the documents and tested the working for allocation of transaction price to the specific completed performance obligation.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The accompanying consolidated financial statements have been approved by the Holding Company's Board of directors. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective management and Board of Directors of the entities included in the Group and of its joint ventures are responsible for maintenance of adequate accounting records in

accordance with the provisions of the Act for safeguarding the assets of the Group and its joint ventures and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and its joint ventures are responsible for assessing the ability of the Group and its joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective management and Board of Directors either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint ventures are also responsible for overseeing the financial reporting process of Group and of its joint ventures.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors of the Holding Company
- Conclude on the appropriateness of management's and Board of Director's of the Holding Company use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements also include the Group's share of net income (including other comprehensive income) of INR131.91 Lakhs for the year ended March 31, 2025, as considered in the consolidated financial statements, in respect of 2 joint ventures, whose financial information have not been audited by us. These financial information are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid joint ventures, is based solely on such unaudited financial information.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the financial information certified by the management of the Holding Company.

Annexure A to the Independent Auditors' Report

(Referred to in paragraph B under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of South West Pinnacle Exploration Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of South West Pinnacle Exploration Limited as of and for the year ended March 31, 2025, we have audited the internal financial controls over financial reporting of South West Pinnacle Exploration Limited (hereinafter referred to as the "Holding Company") and its subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company, its subsidiaries, which are companies incorporated in India, internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls over financial reporting with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Holding Company, its subsidiaries, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE-1: GENERAL INFORMATION AND MATERIAL ACCOUNTING POLICIES**A. GENERAL INFORMATION**

The consolidated financial statements comprise financial statements of South West Pinnacle Exploration Limited (“the Parent company”) and its subsidiaries and joint ventures (collectively, “the Group”) for the year ended 31st March, 2025. South West Pinnacle Exploration Limited (‘the parent company’) is a public limited company domiciled in India. The parent company is listed on National Stock Exchange of India Limited and Bombay Stock Exchange Limited.

B. MATERIAL ACCOUNTING POLICIES**a) Basis of preparation**

These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III). These Consolidated financial statements are presented in INR Lakhs and all values are rounded to the nearest lakhs, except when otherwise indicated. The consolidated financial statements were authorised for issue by the Company's Board of Directors on May 22, 2025.

b) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the South West Pinnacle Exploration Limited (‘the Parent Company’) and its subsidiaries and joint ventures (collectively “the Group”) as at 31st March, 2025. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- (ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- (iii) The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (i) The contractual arrangement with the other vote holders of the investee
- (ii) Rights arising from other contractual arrangements
- (iii) The Group's voting rights and potential voting rights
- (iv) The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so or there are no significant transactions or events between the date of those financial statements and date of financial statements of the parent company.

c) Consolidation Procedure

(1) Subsidiaries

- (i) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.
- (ii) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- (iii) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS – 12 “Income Taxes” applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the Non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognizes the assets (including goodwill) and liabilities of the subsidiary
- Derecognizes the carrying amount of any non-controlling interests
- Derecognizes the cumulative translation differences recorded in equity
- Recognizes the fair value of the consideration received
- Recognizes the fair value of any investment retained
- Recognizes any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

(2) Investment in Joint ventures

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. The considerations made in determining whether significant influence or joint control exist are similar to those necessary to determine control over the subsidiaries.

The Group's investments in its joint venture are accounted for using the Equity method. Under the equity method, the investment in a joint venture is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The Statement of Profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when a change has been recognized directly in the equity of the associate or joint venture, the Group recognizes its share of any changes, when applicable, in the Statement of Changes in equity. Unrealized gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the associate or joint venture.

If Group's share of losses of a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the Group resumes recognizing its share of those profits only after its share of the profits equals the share of losses not recognized.

The aggregate of the Group's share of profit or loss of a joint venture is shown on the face of the Statement of profit and loss.

The financial statements of the joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the Equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognizes the loss as 'Share of profit/(loss) of a joint venture' in the Statement of profit and loss.

Upon loss of joint control over the joint venture, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the joint venture upon loss of joint control and the fair value of the retained investment less cost to sell is recognized in Statement of profit and loss.

The Group discontinues the use of Equity method from the date the investment is classified as "Held for sale" in accordance with Ind AS 105 : Non-current Assets Held for Sale and Discontinued Operations and measures the interest in joint venture held for sale at the lower of its carrying amount and fair value less cost to sell.

(3) Change in ownership interest

The Group treats transactions with Non-controlling interests that do not result in a loss of control as transaction with the equity owners of the Group. A change in ownership interest results in adjustment between the carrying amounts of the controlling and non-controlling interest to reflect their relative interest in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

(4) Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for Non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognized at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognized in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the Group recognizes the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized in profit or loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

b) Other Material Accounting Policies

These are set out under “Material Accounting Policies” as given in the Parent Company's separate financial statements.

Nature and purpose of reserves :

General Reserve : The general reserve is a free reserve which is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, item included in the general reserve will not be reclassified subsequently to statement of profit and loss.

Securities Premium - Securities Premium Reserve was created consequent to issue of shares at a premium. The reserves can be utilised in accordance with section 52 of Companies Act, 2013

Retained Earning : Retained earnings represents the undistributed profits of the company.

Other Comprehensive Income : Reserve for equity instruments through other comprehensive income represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income, net of amount reclassified to retained earnings when those assets have been disposed off.

Share Warrant : During the year ended March 31, 2025, the Board of Directors of the Holding Company, in their meeting held on December 07, 2024 have approved a issuance of 28,21,411 Warrants, each are convertible into fully paid-up Equity Shares of the Company, on preferential basis to the Promoter Group and Non-Promoter Group, up to an amount of INR 3,729.91 Lakhs, at a issuance price of INR 132.20 per Warrants. Shareholders of the Company, in Extra-ordinary General Meeting held on January 02, 2025, approved the issuance of Warrants on preferential basis. The Company received an aggregate consideration of INR 932.48 Lakhs till February 21, 2025, towards minimum 25% of the Total Consideration of the Warrants. Each warrant is convertible into one Equity Share of the Company once warrants are fully paid. The company can exercise its right at any time within a period of 18 months from the date of allotment of Warrants asking for the balance 75% to make them fully paid, eligible for conversion into equity shares. Equity Shares so issued upon conversion of the Warrants, shall rank pari-passu to existing Equity Shares of the Company.

Defined benefit plans: -

The employer Gratuity Fund Scheme, which is defined benefit plan, is managed by the trust which maintains its investment with HDFC Life. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the gratuity plan, every employee who has completed at least five years of service usually gets a gratuity on departure @ 15 days of last drawn basic salary for each completed year of service. The present value of obligation is determined based on actuarial valuation using the projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The following tables summaries the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Fair value hierarchy

The Group uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Particulars	As at 31st March, 2025	As at 31st March, 2025
	Fair Value	Fair Value
Investment in Mutual Funds at Level 1	162.53	172.95

b) Financial risk management

The Group's corporate treasury functions provides services to the business, coordinates access to the financial markets, monitors and manages the financial risks relating to operations of the Company through internal risk reports which analyse exposure by degree and magnitude of risk. These risks include market risk (including currency risk, interest rate risk and other price risks, credit risk and liquidity risk).

The principal financial assets of the Group include loans, trade and other receivables, and cash and bank balances that derive directly from its operations. The principal financial liabilities of the Group, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the Group.

The Group's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Group are accountable to the Board of Directors and Audit Committee. This process provides assurance to Group's senior management that the Group's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Group policies and Group risk objective. In the event of crisis caused due to external factors, the management assesses the recoverability of its assets, maturity of its liabilities to factor it in cash flow forecast to ensure there is enough liquidity in these situations through internal and external source of funds. These forecast and assumptions are reviewed by board of directors.

This note explains the risks which the Group is exposed to and policies and framework adopted by the Company to manage these risks.

i. Credit risk

Credit risk is the risk that counterparty will not meet its obligations leading to a financial loss. The Group is exposed to credit risk arising from trade receivables. All financial assets are initially considered performing and evaluated periodically for expected credit loss. A default on a financial asset is when there is a significant increase in the credit risk which is evaluated based on the business environment. The assets are written off when the Company is certain about the non-recovery.

a. Trade receivables

The Group extends credit to customers in normal course of business. The Group considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Group monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security. The Group evaluates the concentration of risk with respect to trade receivables as low, as its major customers are Public Sector Undertakings. All debtors are good and realizable within the current financial year.

b. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made in bank deposits and other risk free securities. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. The Group's maximum exposure to credit risk for the components of the balance sheet at 31 March 2025 is the carrying amounts.

Trade Receivables and other financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in the repayment plan with the Company.

ii. Liquidity risk

The financial liabilities of the Group include loans and borrowings, trade and other payables. The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The Group plans to maintain sufficient cash and marketable securities to meet the obligations as and when fall due.

The table below analyses the Group's financial liabilities and financial assets into relevant maturity groupings based on their contractual maturities:

iii. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments, and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2025 and March 31, 2024.

a) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Groups's exposure to the risk of changes in foreign exchange rates relates primarily to the Groups's operating activities (when revenue or expense is denominated in foreign currency). The Groups evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Foreign Currency Exposure that have not been hedged by derivative Instrument are given below.

Liabilities/Assets	Foreign Currency		INR Equivalent	
	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2025	As at 31st March, 2024
Liabilities				
USD	0.11	0.62	9.79	51.74
AUD	-	0.01	-	0.56
Assets				
USD	0.10	5.44	8.55	452.76
OMR	0.41	0.18	91.09	39.97

Foreign currency sensitivity analysis

The following tables demonstrate the sensitivity to a reasonably possible change in USD, EURO and OMR exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives.

Impact on Profit / (loss) for the year for a 5% change:

Liabilities/Assets	Increase		Decrease	
	As at 31st March, 2025	As at 31st March, 2024	As at 31st March, 2025	As at 31st March, 2024

USD /INR	0.43	22.64	(0.43)	(22.64)
OMR/INR	4.55	2.00	(4.55)	(2.00)

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates. As the Group has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

Particulars	As at 31st March, 2025	As at 31st March, 2024
Fixed rate borrowings	1,184.73	4,800.66
Floating rate borrowings	5,107.15	4,270.47

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	For the year ended 31st March, 2025	For the year ended 31st March, 2024
Increase by 50 basis points	(25.54)	(21.35)
Decrease by 50 basis points	25.54	21.35

c) Capital Management

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Group's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Group also proposes to maintain an optimal capital structure to reduce the cost of capital.

For the purpose of the Group's capital management, capital includes issued equity share capital, security premium reserve and all other equity reserves. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents.. The Group monitors capital using gearing ratio, which is net debt divided by total capital.
