**Sub.: Press Release regarding development of product “ELECTRIC VEHICLE CHARGERS” and Bagged a new order from the Customer for supplying the EV Chargers.**

**Ref.: Disclosure pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

Dear Sir/Madam,

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015, we wish to inform you about the new line of business of Spectrum Electrical Industries Limited by developing new product “**Electric Vehicle (EV) Chargers**”. The Company has recently started manufacturing of Electric Vehicle (EV) Chargers in order to meet market demands and enhance our business growth.

Spectrum Electrical Industries Limited has always been committed to innovation and sustainability. Recognizing the growing demand for electric vehicles and the need for reliable charging infrastructure, we have ventured into the manufacturing of EV chargers. Our chargers are designed to support various electric vehicle models and charging standards, ensuring compatibility and efficiency.

The Company has undertaken the strategic decision to develop the product portfolio and is in the process of manufacturing of Electric Vehicle Chargers. This product has been developed after conducting extensive market research and identifying the need for such offerings in the industry. We believe that the introduction of this new product will enable us to capture additional market share and drive our Company's profitability.

**About Spectrum Electrical Industries Limited -**

Spectrum Electrical Industries Limited, is a prominent player in the Designing & Manufacturing of Electrical, Electronics, Irrigation and Automobile Components. We are pleased to announce that we have secured a substantial order for EV Chargers from our esteemed Customer. The order includes a significant quantity of chargers to cater their expanding electric vehicle charging infrastructure.

Mr. Deepak Suresh Chaudhari, Chairman and Managing Director of Spectrum Electrical Industries Limited, said, this order validates our commitment to delivering high-quality and reliable charging solutions. We have invested in cutting-edge technology and assembled a team of skilled professionals to ensure the efficient production and timely delivery of these chargers. Our chargers are designed to meet the diverse charging requirements of electric vehicles, adhering to the latest industry standards and safety regulations.

We are confident that fulfilling this order will not only strengthen our relationship with our valued customer but also contribute to the overall growth of the electric vehicle market. This development showcases the increasing demand for EV chargers and highlights our position as a trusted supplier in this sector.

This is for your information and record.

**Thanking You,**

**For and on behalf of Spectrum Electrical Industries Limited.**
