Current order book stands at over ₹588.17 Cr as on May 27, 2026, providing strong execution visibility and supporting future revenue growth momentum.

**Commenting on the performance, Mr. Vee Rajmohan, Chairman and Managing Director of Supreme Power Equipment Limited** said, “We are pleased to report another strong year of performance with FY26 consolidated total revenue rising to ₹181.64 Cr and net profit reaching ₹20.44 Cr. We are happy to have achieved our targeted topline growth while simultaneously strengthening our manufacturing capabilities, execution capacity, and market presence across the power infrastructure segment.

In February 2026 we commenced commercial production at our new Chennai based manufacturing facility at Kannur for transformers up to 200 MVA and 220 KV. This expansion has significantly enhanced our annual manufacturing capacity from 2,500 MVA to 9,000 MVA, positioning us strongly to cater to higher value opportunities and growing industry demand more efficiently.

The Indian power transmission and distribution sector continues to witness strong growth driven by grid expansion, renewable energy integration, industrial development, and rising power demand, creating long term opportunities for transformer manufacturers

We also secured multiple transformer orders from Karnataka based EPC companies along with repeat and fresh orders from Kerala State Electricity Board and Tamil Nadu Power Distribution Company (TNPDC), reflecting growing customer confidence and healthy demand momentum for the Company. Our strong order inflows have further strengthened our order book position to over ₹588.17 Cr, providing healthy revenue visibility and execution momentum for the coming periods.”
