Sir,

Sub: Intimation under Clause 36 of Listing Agreement

Ref: Your mail dated 22nd May 2015 and our interim reply dated 25th May 2015.

Dear Sir,

The Company in its letter dated 20th April 2015 informed the stock exchange that the plant shut down was taken up for carrying out maintenance work as may be required during the period of non-operation of the Urea plant and in its letter 21st May 2015 informed about resuming production. During this period all the required maintenance & repair jobs in Ammonia and Urea plants have been taken up and completed so that there will be no more requirement during 2015-16 for a maintenance shutdown specifically for this purpose. The plants are therefore capable of being operated continuously during 2015-16.

Hence there is no financial impact.

This is for your kind information.

Thanking You,

Yours faithfully,
