SPML Infra Received New Orders worth Rs. 721 Crores

- ⇒ Rs. 594 Cr order from Bhavnagar Irrigation Project Division, Gujarat for Water Supply Infrastructure development
- ⇒ Rs. 127 Cr order from South Bihar Power Distribution Company Ltd. for strengthening, improvement and augmentation of electricity distribution system in 11 towns in Bihar

Gurgaon, Mar 10, 2014: SPML Infra Ltd., India's leading infrastructure development company has received two new orders worth **Rs. 721 Crores** from Bhavnagar Irrigation Project Division, Gujarat and from South Bihar Power Distribution Company Ltd., Patna.

Rs. 594 Cr order from Gujarat is for developing infrastructure for water supply to Bhavnagar. This project is part of Saurashtra-Narmada Avtaran Irrigation Yojana (Sauni Yojana) that has been initiated by the Govt. of Gujarat to divert excess over flowing flood water of Narmada River to allocated Saurashtra region. Excess over flowing flood water of Narmada River will be brought to Dholidhaja Dam near Surendra Nagar and will be distributed to 115 reservoirs of seven districts of Saurashtra through 1,115 km long four link canals benefitting 10,22,589 acres of land. The scope of this project includes laying of 40.75 kms MS Pipeline of 3000 mm diameters with plate thickness of 17.5 mm apart from 13,475 m³/hr Pumping Station at Chainage 30.9 Km. SPML will also be responsible for 66 KV outdoor type substations with all allied works and operations & maintenance for 10 years after the commissioning.

Rs. 127 Cr order from Bihar under the R-APDRP (Part-B) Scheme is for survey, network design, installation, erection, testing, commissioning including performance test of all the equipment supplied under the supply contract for strengthening, improvement and augmentation of electricity distribution system in 11 towns (Sultanganj, Banka, Naughachiya, Munger, Sheikhpura, Barbigaha, Jamalpur, Lakhisarai, Jhajha, Barhiya and Jamui) under Bhagalpur Electric Supply Area in Bihar on turnkey basis. The scope of work includes repair & maintenance of selected existing 33/11 KV PSS; augmentation of power transformer capacity from 3.15MVA to 5MVA & 5 MVA to 10 MVA in selected existing 33/ 11 KV PSS; additional 11 KV bays in existing 33/11 KV PSS; 11kV capacitor banks in selected 33/11 PSS; new 33 KV & 11 KV feeders (O/H, U/G & ABC); conversion, reconductoring, rearrangement of selected 33kV & 11kV lines by U/G cable/ABC; new 11/0.4 kV distribution substations of 200/100/63 KVA; augmentation of existing 11/0.4kV distribution transformer; rearrangement of LT line by AB cable/ACSR Rabbit Conductor; single phase & three phase energy meters and service lines and all other allied supplies & works.

Mr. Rishabh Sethi, Chief Operating Officer, SPML Infra, commented, *"We are very happy that SPML Infra has become the only Indian water management company to be listed in world's top 50 private water management companies. Over the last three decades, we have executed almost 600 projects and contributed immensely towards the development of our country."*

We are already developing bulk water infrastructures in Saurashtra region of Gujarat and this new order is a result of our excellent works in the state. We are happy that our esteemed clients have recognized our expertise in developing strong and sustainable infrastructure for water supply schemes in both urban and rural areas. SPML has executed a number of power transmission & distribution projects in Bihar and contributed immensely towards developing power situation in the state. This new project in Bhagalpur is a welcome addition to our other power projects currently under execution towards illuminating lives of millions of people in the heartland of Bihar."

About SPML Infra Ltd.:

SPML Infra Ltd. is a leading infrastructure development company with over three decades of experience in implementing over 600 projects in water supply and management, wastewater treatment and reuse, sewer-line rehabilitation and power (RE) development, transmission and distribution in India. An ISO-9001: 2008 certified company, SPML has established its leadership in urban infrastructure development on EPC, PPP and BOOT basis. The Project Management Systems includes conceptualization & implementation with SAP-Enterprise Resource Planning applications and Quality Management Systems to undertake all kinds of projects.
