Sub: Intimation for Reaffirmation of Bank Loan External Credit Rating at Crisil A+/Positive (Long Term) and Crisil A1 (Short Term)

Dear Sir/ Madam,

Pursuant to the Regulation 30 read along with schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 we wish to inform that, Rating Committee of CRISIL Ratings Limited after due consideration, has reaffirmed the bank loan external credit rating of the Company for total facilities of Rs. 1525 crores (Enhanced from Rs. 1000 crores) as per the details given below:

Sr No	Name of the Facility	Amount (Rs in Crs)	Rating
1.	Long Term Rating	1460.00	CRISIL A+/Positive
2.	Short Term Rating	65.00	CRISIL A1
	Total	1525.00	

The copy of Rating Rational uploaded by Crisil on their website enclosed. You are requested to please take the same on your records.

Yours truly,
For SPORTKING INDIA LIMITED

LOVLESH VERMA
COMPANY SECRETARY
(ACS: 34171)

Rating Rationale

September 08, 2026 | Mumbai

Sportking India Limited

Ratings reaffirmed at 'Crisil A+ / Positive / Crisil A1'; rated amount enhanced for Bank Debt

Rating Action

Total Bank Loan Facilities Rated	Rs.1525 Crore (Enhanced from Rs.1000 Crore)	Regulator Of Instrument
Long Term Rating	Crisil A+/Positive (Reaffirmed)	RBI
Short Term Rating	Crisil A1 (Reaffirmed)	RBI

Note: None of the Directors on Crisil Ratings Limited's Board are members of rating committee and thus do not participate in discussion or assignment of any ratings. The Board of Directors also does not discuss any ratings at its meetings.

1 crore = 10 million

Refer to Annexure for Details of Instruments & Bank Facilities

Detailed Rationale

Crisil Ratings has reaffirmed its 'Crisil A+/Positive/Crisil A1' ratings on the bank facilities of Sportking India Ltd (Sportking; part of the Sportking group).

The rating reaffirmation reflects the expected strengthening of Sportking's business risk profile over the medium term. This is supported by sustained demand across domestic and overseas markets, consistently high-capacity utilisation and healthy operating profitability. Additionally, the ongoing expansion in Odisha will increase spinning capacity by around 40% from existing 3.79 lakh spindles to 5.29 lakh spindles by fiscal 2028.

The operating income remained broadly stable at Rs 2,503 crore in fiscal 2026. This was supported by its strong position in the value-added compact cotton yarn segment and near-full capacity utilisation of 95–97%, reflecting healthy demand absorption. Revenue growth is likely to remain healthy in fiscal 2027, with operating income expected to increase by ~15%. This is supported by strong demand, improved realisation and operationalisation of the upcoming greenfield Odisha facility.

The operating margin increased to 11.7% in fiscal 2026 from 11.5% in fiscal 2025 and strengthened further in the first quarter of fiscal 2027. Profitability was aided by high cotton yarn realisation, improved spreads and cost-optimisation measures. The average yarn realisation is expected to further improve by 10–12%, followed by favourable cotton yarn prices. The operating profitability over the medium term is also expected to benefit from the recently commissioned 40.3-megawatt (MW) solar power project, which is likely to reduce power costs and provide annual savings of Rs 14–16 crore. In fiscal 2027, the operating margin is expected to reach 15–16%, supported by sustained yarn realisation and continued healthy demand. As the Odisha facility scales over the medium term, the profitability of the Sportking group is expected to remain healthy above 13% in fiscal 2028 even after factoring in price correction in cotton yarn realisation.

The rating reaffirmation factors in the sizeable Odisha expansion project, involving an outlay of Rs 960 crore. The capacity will start operations from the third quarter of fiscal 2027. The Odisha facility will primarily manufacture premium compact cotton yarn, which commands higher realisation than conventional yarn. Incremental earnings from the facility should strengthen net cash accrual to debt obligation ratio of 2.5–3.0 times over the medium term. Timely commissioning without cost overruns, stabilisation of operations and achievement of planned utilisation levels will be monitorable.

The financial risk profile is expected to remain comfortable despite the sizeable capital expenditure (capex). Adjusted total debt is expected to increase to Rs 1,050–1,150 crore in fiscals 2027 and 2028 due to debt drawdown for the capex. However, debt protection metrics are projected to remain healthy, supported by strong cash accrual generation, favourable debt terms, adequate liquidity and healthy operating performance. Debt to Ebitda (earnings before interest, taxes, depreciation and amortisation) is expected to remain at 2.0–2.3 times, while interest coverage ratio should remain strong above 6.5 times in fiscals 2027–2029. The net cash accrual to adjusted debt ratio is expected at 0.3–0.5 time, while total outside liabilities to tangible networth (TOLTNW) ratio should remain below 1 time over the medium term.

Liquidity to remain strong, supported by healthy cash accrual of above Rs 300 crore over the medium term, and substantial unused working capital limit of ~Rs 300 crore, with average utilisation of only 26%.

These strengths are partially offset by the execution risk, large working capital requirement, susceptibility to volatility in cotton yarn spreads and foreign exchange (forex) rates.

Analytical Approach

For arriving at its ratings, Crisil Ratings has taken a standalone view on the company. Preference capital has been treated as equity due to low coupon rate and no redemption over the medium term.

Key Rating Drivers - Strengths

Strong position in the cotton yarn industry

Sportking has an established market position in the compact cotton yarn segment, supported by an installed capacity of 3.79 lakh spindles, consistently high-capacity utilisation of 95–97%, and operating income of Rs 2,503 crore in fiscal 2026. The business risk profile benefits from a diversified domestic and international presence, with exports accounting for around half of revenue and Bangladesh remaining the largest overseas market, supplemented by improving demand from China and emerging markets such as Sri Lanka. The ongoing Odisha expansion will add 1.50 lakh spindles, increasing total capacity by around 40% to 5.29 lakh spindles, while strengthening the company's access to eastern and southern India and supporting further improvement in its market position over the medium term.

Healthy scale and operating efficiency

Post previous expansion, Sportking has maintained utilisation at 95–97%, demonstrating its ability to absorb incremental capacity and improve operating scale. The company is strengthening its product mix by focusing on premium and value-added products, including compact, contamination-free, sustainable, slub and multi-twist cotton yarns, which command higher realisation and margin than conventional yarn.

The operating margin is expected to remain healthy over the medium term, supported by improved cotton yarn spreads, premium product mix, high-capacity utilisation and cost efficiencies from renewable power initiatives. The proposed Odisha project will increase annual production capacity from 85,540 million tonne (MT) to 123,655 MT, which will further enhance the scale of operations and operating efficiency.

The facility will exclusively manufacture premium compact cotton yarn, supporting the company's shift towards higher-realisation and value-added products. Its strategic location will facilitate penetration into southern and eastern India and improve connectivity to Bangladesh and Sri Lanka through nearby ports, reducing freight costs and delivery timelines.

Improving and healthy financial risk profile

The financial risk profile remained healthy in fiscal 2026 with adjusted debt declining to Rs 463 crore from Rs 585 crore in fiscal 2025, supported by scheduled debt repayment and stable working capital management. Consequently, debt to Ebitda ratio improved to 1.58 times from 2.01 times, while interest coverage ratio strengthened to over 6.5 times from 5.4 times. Adjusted gearing and total outside liabilities to tangible network (TOLTNW) ratio also improved to 0.41 time and 0.56 time, respectively, as on March 31, 2026, from 0.58 time and 0.76 time, respectively, a year earlier.

The company plans to contain leverage through phased drawdown of the project loan, progressive repayment of existing term debt and controlled utilisation of working capital facilities. The favourable terms will allow the debt protection metrics to remain comfortable despite the capex-led increase in borrowings, supported by healthy accrual of above Rs 300 crore over the medium term. Debt to Ebitda ratio is expected to remain at below 2.5 times and net cash accrual to adjusted debt ratio is expected at below 0.4 time, while adjusted gearing and TOLTNW ratio should remain below 0.8 time and 1.0 time, respectively, through the capex cycle.

The financial flexibility remains healthy, supported by fund-based working capital limit of around Rs 460 crore with moderate average utilisation of approximately 26%, and adequate liquidity. Nevertheless, timely commissioning without cost overruns, stabilisation of operations and achievement of planned utilisation level will be monitorable. Any stretch in the working capital cycle, higher-than-envisaged debt or dividend payout will be key rating sensitivity factors.

Key Rating Drivers - Weaknesses

Susceptibility to volatility in raw material prices and forex rates

The company derives over 90% of its revenue from yarn, exposing its profitability to fluctuations in cotton and cotton yarn prices. Consequently, the operating margin has remained cyclical at 10–28% for the 10 fiscals through 2026, depending on raw-material prices, yarn spreads and demand-supply conditions. Cotton and yarn prices remain sensitive to global production, consumption, trade policies, weather conditions and downstream textile demand. Furthermore, with exports contributing to around half of revenue, the company remains exposed to forex fluctuation. However, this risk is mitigated through forex forward contracts, foreign-currency working-capital facilities, diversified product mix and the ability to adjust domestic and exports based on relative profitability.

Timely completion of and execution of capex without cost-overruns

Timely commissioning without cost overruns, stabilisation of operations and achievement of planned utilisation level will be monitorable. Any delay in construction, machinery installation or commercial commissioning, or slower-than-expected ramp-up in capacity utilisation and profitability could increase project costs and debt, delay cash-flow generation, and weaken the company's liquidity and debt protection metrics. However, currently, the risk is mitigated by the project being in advanced

stage. Implementation is supported by experienced partners, with established machinery suppliers. Furthermore, phased commissioning, Sportking's proven record of rapidly ramping up earlier capacity additions and strong identified demand for incremental production support timely completion and capacity absorption.

Liquidity Strong

Liquidity remained adequate, supported by net cash accrual of Rs 214 crore in fiscal 2026, which is projected to increase to above Rs 300 crore annually over fiscals 2027–2029. The accrual should comfortably cover scheduled debt obligations with net cash accrual to debt obligation ratio expected at 2.5–3.0 times over the medium term. Liquidity is further supported by fund-based working capital limit of around Rs 460 crore, with average utilisation of approximately 26%, providing sufficient headroom during the Odisha capex phase. Although cash balance remains structurally low due to deployment towards working capital and capex, phased debt drawdowns, healthy cash generation and access to capital markets provide additional financial flexibility.

Outlook Positive

The positive outlook reflects the expectation of a sustained improvement in Sportking's business while maintaining financial risk profile, driven by strong demand, industry-leading capacity utilisation, improving profitability and the upcoming Odisha expansion, which is expected to materially enhance scale, market position and operating efficiency.

Rating sensitivity factors

Upward factors

- Sustained increase in revenue, with healthy operating profitability, resulting in increase in net cash accrual to Rs 240–250 crore on a sustained basis
- Better-than-expected cash generation, prudent working capital management and capex spend, which, with progressive debt repayment, will lead to continued improvement in the debt protection metrics.

Downward factors

- Weak operating performance, resulting in operating profitability of 9–10% on a sustained basis
- Weakened cash generation, with elongation in the working capital cycle and increased capex, impacting the debt protection metrics

About the Company

Sportking, incorporated in February 1989, is part of the Sportking group. The company manufactures cotton, synthetic and blended yarn in counts ranging from 20s to 46s. It has units in Ludhiana and Bathinda, both in Punjab. The company has a large capacity of 3.79 lakh spindles and dyeing capacity of 20 tonne per day. It manufactures value-added yarns, such as compact, sustainable and contamination-free cotton yarn, which provide higher realisation than normal cotton yarn.

22	Expected Loss Ratings (Listed/Proposed to be listed bonds/debentures/ preference share (all securities))	SEBI
23	Expected Loss Ratings (Unlisted/Proposed to be unlisted Bonds/Debentures/ Preference share (all securities))	MCA
24	Unlisted PTCs / Securitisation Notes (originated by entities not regulated by RBI) *	Investor-side regulator such as IRDAI, PFRDA @

* Includes securitisation transactions involving assignee payout, acquirer's payout.

~ The rated instrument may involve issuance of different instruments such as debt securities (listed or otherwise), bank loans, commercial paper (listed or otherwise), etc. The regulator of the instrument may accordingly be SEBI, RBI or MCA and can only be determined upon issuance. In PRs subsequent to issuance(s), Crisil Ratings Limited shall separately capture the rated quantum details along with names of respective regulators.

^ Includes bank facilities such as liquidity facility, second loss facility that are part of securitisation transactions.

There is no instrument being rated and hence, Regulator of the Instrument is not applicable. The rating scale and definitions are being followed as stipulated in SEBI Master Circular for CRAs.

@ These ratings were assigned during regulatory regime prior to introduction of SEBI CRA Circular dated Feb 10, 2026 and the investor side regulators have accordingly been included.

\$ By virtue of the instrument being listed, SEBI acts as the regulator for listing and related issues.

+ To be finalized following a discussion with the regulatory authorities.

Note: Kindly note that for activities or instruments falling under the purview of FSRs other than SEBI, the grievance/dispute redressal mechanisms and investor protection mechanisms provided by SEBI shall not be available.

About Crisil Ratings Limited (A subsidiary of Crisil Limited, an S&P Global Company)

Crisil Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

Crisil Ratings Limited ('Crisil Ratings') is a wholly-owned subsidiary of Crisil Limited ('Crisil'). Crisil Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

THE REPORT IS PROVIDED ON "AS IS" BASIS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAWS, CRISIL RATINGS DISCLAIMS WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR OTHER WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OF MERCHANTABILITY, ACCURACY, COMPLETENESS, ERROR-FREE, NON-INFRINGEMENT, NON-INTERRUPTION, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR INTENDED USAGE. In no event shall Crisil Ratings, its associates, third-party providers, as well as their directors, officers, shareholders, employees or agents be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in connection with any use of any part of the report even if advised of the possibility of such damages.

The report is confidential information of Crisil Ratings and Crisil Ratings reserves all rights, titles and interest in the rating report. The report shall not be altered, disseminated, distributed, redistributed, licensed, sub-licensed, sold, assigned or published any content thereof or offer access to any third party without prior written consent of Crisil Ratings.

Crisil Ratings or its associates may have other commercial transactions with the entity to which the report pertains or its associates. Ratings are subject to revision or withdrawal at any time by Crisil Ratings. Crisil Ratings may receive compensation for its ratings and certain credit-related analyses, normally from issuers or underwriters of the instruments, facilities, securities or from obligors.

Crisil Ratings has in place a ratings code of conduct and policies for managing conflict of interest. For more detail, please refer to: <https://www.crisilratings.com/en/home/our-businesses/ratings/regulatory-disclosures/highlighted-policies.html>. Public ratings and analysis by Crisil Ratings, as are required to be disclosed under the Securities and Exchange Board of India regulations (and other applicable regulations, if any), are made available on its websites, www.crisilratings.com and www.ratingsanalytica.com (free of charge). Crisil Ratings shall not have the obligation to update the information in the Crisil Ratings report following its publication although Crisil Ratings may disseminate its opinion and/or analysis. Reports with more detail and additional information may be available for subscription at a fee. Rating criteria by Crisil Ratings are available on the Crisil Ratings website, www.crisilratings.com. For the latest rating information on any company rated by Crisil Ratings, you may contact the Crisil Ratings desk at crisilratingdesk@crisil.com, or at (0091) 1800 267 3850.

Crisil Ratings shall have no liability, whatsoever, with respect to any copies, modifications, derivative works, compilations or extractions of any part of this [report/ work products], by any person, including by use of any generative artificial intelligence or other artificial intelligence and machine learning models, algorithms, software, or other tools. Crisil Ratings takes no responsibility for such unauthorized copies, modifications, derivative works, compilations or extractions of its [report/ work products] and shall not be held liable for any errors, omissions of inaccuracies in such copies, modifications, derivative works, compilations or extractions. Such acts will also be in breach of Crisil Ratings' intellectual property rights or contrary to the laws of India and Crisil Ratings shall have the right to take appropriate actions, including legal actions against any such breach.

Crisil Ratings uses the prefix 'PP-MLD' for the ratings of principal-protected market-linked debentures (PPMLD) with effect from November 1, 2011, to comply with the SEBI circular, "Guidelines for Issue and Listing of Structured Products/Market Linked Debentures". The revision in rating symbols for PPMLDs should not be construed as a change in the rating of the subject instrument. For details on Crisil Ratings' use of 'PP-MLD' please refer to the notes to Rating scale for Debt Instruments and Structured Finance Instruments at the following link: <https://www.crisilratings.com/en/home/our-business/ratings/credit-ratings-scale.html>
