## **Srivasavi Adhesive Tapes Limited's Polymer Division Enters into a Five-Year Supply Purchase Agreement with a Global MNC**

Srivasavi Adhesive Tapes Limited's Polymer Division (Unit 5), located at Sompura Industrial Area, Nelamangala, Bengaluru Rural, has entered into a Purchasing Agreement with a Global MNC

The purchase agreement has been executed on July 1, 2026, and formalises Srivasavi as a manufacturing supplier of PP, HDPE and fabric and related products to the company.

### **Highlights**

The purchase agreement is effective from July 1, 2026 and has an initial term of five years, extending through June 30, 2031, with provision for renewal on mutually agreed terms. Under the arrangement, Srivasavi's Polymer Division will manufacture woven fabric across a range of grades — including non-VCI, VCI, laminated and printed variants — in accordance with the company's technical specifications

The company has provided indicative, non-binding annual volume projections for planning purposes, reflecting an anticipated ramp-up in offtake: approximately 2,500 MT in the first contract year, rising to about 3,200 MT in the second year and approximately 3,900 MT in the third year, across basic, laminated and printed fabric categories. Actual volumes will be governed by specific purchase orders issued from time to time.

The purchase agreement also sets out defined quality assurance, packing, storage and logistics protocols, along with standard payment terms aligned to MSME facilitation norms.

### **Management Commentary**

"Our purchase agreement is a meaningful step for our Polymer Division and reflects the trust global packaging majors place in our manufacturing capabilities. It strengthens our order visibility over a multi-year horizon and supports our broader strategy of scaling the polymer business alongside our core adhesive tapes operations. We look forward to a long-term, mutually rewarding partnership."

— Anil Kumar D.N, Managing Director, Srivasavi Adhesive Tapes Limited

# Company Overview

## About Us

“Srivasavi” manufactures technical adhesive tapes at its state-of-the-art 137,000 sq. ft. facilities in Bangalore and Vadodara. Srivasavi manufactures technical adhesive tapes, die-cuts, labels, and decals made from film, fabric, felt, foil, foam, and paper. We focus on a B2B business model serving various industrial applications. Our R&D division is equipped with more than 50 different testing instruments and a dedicated team committed to developing continuous business opportunities across diverse application requirements. We specialise in application-based solutions and import-substitute products. Our brand, “DOLLAR,” is well-established and widely trusted in the industrial and technical tapes segment across multiple industries.

Reach across 21 Indian states and 27 countries

5 units spread across Baroda and Bengaluru. Equipped with 9+ coating lines, converting machines, and advanced R&D facilities. It operates on green energy sources and houses over 25 testing equipment unit

## Applications

Aerospace

Railways

Automotive

Renewables

Infrastructure

## 300 SKUs and import substitute products

Import-substitute products, aiming to reduce India's reliance on foreign adhesive imports

## Specialised Systems

We utilize advanced Coating Machines (including Hot Melt Machine M07) that apply adhesive layers to various substrates like film, foam, foil, and fabric. Unit 2 alone is equipped with 9 coating lines, while the newer Unit 4 in Gujarat operates 2 coating lines

## Backward Integration – Adhesive Production

Unit 3's Pivot Facility enables in-house production of PSAs (rubber, water-based, hotmelt), specialty sealants (butyl and silicone), and polymer systems including emulsions and PU foam.

## Quality Management Systems

- ISO 9001:2015: TÜV Nord–certified for design and manufacture of specialty self-adhesive tapes & die-cuts (Units 1 & 2).
- IATF 16949:2016: Automotive-grade quality management system.
- ISO 14000: Certified environmental management system. (In Progress)
