Srivasavi Adhesive Tapes Limited Welcomes Reduction in US Import Tariffs

Bengaluru | 03/02/2026

Srivasavi Adhesive Tapes Limited, a manufacturer of industrial speciality adhesive tapes, foams, films, fabrics, and die-cut solutions catering to diversified domestic and export markets, has taken note of the recent reduction in import tariffs by the United States.

The Company views this development as a positive step towards improving global trade conditions and easing cost pressures associated with exports to the US market. The revised tariff structure is expected to support competitiveness of Indian manufacturers and provide greater flexibility in pricing and customer engagements in international markets.

The Company continues to focus on expanding its export footprint, strengthening operational efficiencies, and enhancing its product portfolio to cater to evolving customer requirements across industries such as infrastructure, automotive, home appliances, packaging, and industrial manufacturing.

Lower tariffs would likely enhance the competitiveness of their import-substitute products, such as specialized adhesive tapes, against international competitors in the US market.

We also serve industries such as **Automotive, Aerospace, and Renewable Energy**, and a tariff reduction could boost demand for their high-performance tapes (e.g., Polyimide/Kapton tapes and Filament tapes) used in these sectors within the US market.

Company Overview

About Us

“Srivasavi” manufactures technical adhesive tapes at its state-of-the-art 137,000 sq. ft. facilities in Bangalore and Vadodara. Srivasavi manufactures technical adhesive tapes, die-cuts, labels, and decals made from film, fabric, felt, foil, foam, and paper. We focus on a B2B business model serving various industrial applications. Our R&D division is equipped with more than 50 different testing instruments and a dedicated team committed to developing continuous business opportunities across diverse application requirements. We specialise in application-based solutions and import-substitute products. Our brand, “DOLLAR,” is well-established and widely trusted in the industrial and technical tapes segment across multiple industries.

Reach across 21 Indian states and 27 countries

5 units spread across Baroda and Bengaluru. Equipped with 9+ coating lines, converting machines, and advanced R&D facilities. It operates on green energy sources and houses over 25 testing equipment unit

Applications

Aerospace

Railways

Automotive

Renewables

Infrastructure

300 SKUs and import substitute products

Import-substitute products, aiming to reduce India's reliance on foreign adhesive imports

Specialised Systems

We utilize advanced Coating Machines (including Hot Melt Machine M07) that apply adhesive layers to various substrates like film, foam, foil, and fabric. Unit 2 alone is equipped with 9 coating lines, while the newer Unit 4 in Gujarat operates 2 coating lines

Backward Integration – Adhesive Production

Unit 3's Pivot Facility enables in-house production of PSAs (rubber, water-based, hotmelt), specialty sealants (butyl and silicone), and polymer systems including emulsions and PU foam.

Capacity Expansion

Significant addition in capacity post IPO

Quality Management Systems

- ISO 9001:2015: TÜV Nord–certified for design and manufacture of specialty self-adhesive tapes & die-cuts (Units 1 & 2).
- IATF 16949:2016: Automotive-grade quality management system.
- ISO 14000: Certified environmental management system. (In Progress)
