The said Scheme is also commonly appended as Annexure '6' to all the Petitions.

2. The Composite Scheme of Arrangement as contemplated between the Petitioner Companies involves:

(i) *the amalgamation of Shrilekha Business Consultancy Private Limited (SBCPL) with Shriram Capital Limited (SCL);*

(ii) *the demerger of that undertaking from SCL, which is carrying on the business of Financial Services, and the transfer and vesting thereof into Shriram Investment Holdings Limited (SIHL);*

(iii) *the demerger of those undertakings from SCL, which are carrying on the businesses of a) Life Insurance b) General Insurance, and the transfer and vesting of the same into a) Shriram LI Holdings Private Limited (SLIH), and b) Shriram GI Holdings Private Limited (SGIH) respectively;*

(iv) *the amalgamation of SCL (with its remaining undertaking and investments) with Shriram Transport Finance Company Limited (STFC); and*

(v) *the amalgamation of Shriram City Union Finance Limited (SCUF) with Shriram Transport Finance Company Limited (STFC)*

The Scheme also involves, incidental and ancillary to the amalgamation and demerger set out in (i) to (v) above:

a) *The cancellation of the equity share capital of Shriram Financial Ventures (Chennai) Private Limited (SFVPL) held by SBCPL as set out in Part III of the Scheme proposed;*

b) *The cancellation of the preference share capital (comprised of redeemable preference shares) of SCL held by the holders of redeemable preference shares of SCL and the issue of redeemable preference shares of SIHL to the said shareholders;*

c) *The cancellation of the existing equity share capital held by SCL in SIHL, SLIH and SGIH;*

3. RATIONALE OF THE SCHEME

The reasons and rationale underlying the Scheme specific to each of the companies concerned, which would make it beneficial for all the companies involved, and their respective shareholders are as follows:

a) The Transferor Company 1 and the Transferee Company 1/Demerged Company/Transferor Company 2 are both companies carrying on the business of making and holding investments in various specific lines of businesses carried on by the Group, and have both been incorporated with same/similar objects. The amalgamation of these two companies will achieve the purpose of simplifying the structure of holdings by amalgamating entities which are similar in their fields of operation and objectives, unlock value for their respective shareholders, and eliminate the need for multiple layers of entities with the same focus.

b) The proposed demerger and vesting of the three undertakings, namely (1) Life Insurance Undertaking; (li) General Insurance Undertaking, and (fil) Financial Services Undertaking, into Resulting Companies 1, 2 and 3 respectively, from the Transferee Company 1/Demerged Company/Transferor Company 2, will enable the segregation of these lines of businesses each of which have independent requirements, strategies, focus and objectives. The demerger and vesting of these independent lines of businesses and undertakings into separate Resulting Companies, will enable those Companies to carry on each of the specialized lines of business with greater focus, tailor made strategies for operations and growth; enable the attribution of appropriate risk and valuation based on the risk-return profiles of each line of business; provide greater visibility to each of these lines of business, and enable them to attract investments.

c) The merger of Transferee Company 1/Demerged Company/Transferor Company 2 with its remaining undertaking, with Transferee Company 2, will achieve the combination of the remaining line of business activities other than the Life Insurance, General Insurance and Financial Services of the Transferee Company 1/Demerged

Company/Transferor Company 2 with Transferee Company 2, which is a listed entity engaged in the business of financial lending. This will ensure that the companies forming part of the Group, which are focused on the business of lending are concentrated in a single large entity, which has the necessary means, presence and resources to achieve still larger scales in the business of lending, while reducing the presence of multiple entities across the Group, with an interest and presence in the same line of business.

d) The proposal in the Scheme to amalgamate the Transferor Company 3 with the Transferee Company 2, will also serve to be highly beneficial to all the stakeholders, by bringing together the capabilities and the presence of the Group in the categories of transport finance, and retail finance, and in the process create a larger financial lending entity with both these businesses combined, and the resulting benefits of scale and synergies of operation. This proposed merger will further consolidate the leadership position of Transferee Company 2 in the 'Commercial Vehicle' market. Following the proposed merger, and by virtue of the Transferor Company 3's extensive understanding of credit culture, the amalgamated entity will be able to launch retail finance products in locations that the Transferor Company 3 has not been able to penetrate. The combination of the operations of these two entities with their own vast networks of customers, will uniquely position the Group to ensure that each line of business is expanded to its fullest potential on the strength of a larger, amalgamated entity. This process will help in consolidating the vast branch network of these two companies and is likely to provide a variety of retail lending under a single window with attendant saving of expenditure.

e) All the Transferor Companies, the Resulting Companies and the Transferee Companies, are under the Shriram umbrella, with SOT holding 25.05% of the shareholding of the Transferor Company 1. The demerger and amalgamation contemplated in the Scheme would only strengthen and reinforce the management of these Companies, while creating a dedicated leadership and management for each of the lines of business or verticals.

f) Being companies forming part of the same conglomerate, the amalgamation and demerger contemplated in the Scheme, would create entities that are unique to each of the lines of business activities carried on by the Group, while also enabling consolidation and lead to a more efficient utilization of capital, and create a consolidated base for the future growth of the various entities.

g) The amalgamation envisaged in the Scheme will also enable appropriate consolidation of the activities of the Transferor Companies and the Transferee Companies with pooling and more efficient utilization of their resources, greater economies of scale, cost synergy, ease of regulatory compliances and improvement in various operating parameters, in addition to enabling the carrying on of each of the businesses in a more efficient, streamlined and organized fashion.
