Sub: SSWL receives Export Order for CV segment wheel.

Sir,

SSWL is pleased to announce its export order receipt for commercial vehicle wheels from CIR Merker-Compagnia Italiana Rimorchi (CIR-Merker) Italy. This marks our entry into CV export segment and will further strengthen our presence in global markets. This export order will help de-risking the company's domestic CV segment exposure and is in line with the strategy to improve the product mix and reduce the reliance only on domestic market.

MERKER is a brand of Compagnia Italiana Rimorchi (CIR) is the largest Italian manufacturer of trailers and one of the major player in European trailer & semi trailer markets. CIR exports order comes as a strategic entry for SSWL in commercial vehicle segment and will open avenues for SSWL to serve the entire large fleet manager in EU region.

Kindly take the same on your record please.

Thanking You.
