Subject: SSWL Commissions Second Phase Expansion in Chennai.

Dear Sir,

This is to inform you that Steel Strips Wheels Ltd has commissioned its second phase production facility on 19th April at Chennai.

With this new line the production capacity at SSWL Chennai has now been increased to 6 million wheels per annum from present capacity of 2.5 million wheels per annum.

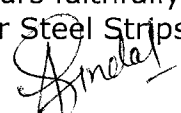

This increased capacity shall enable SSWL to further penetrate into the export market of South America, Europe and also increase sales to Domestic customers e.g. Hyundai etc.

In addition, SSWL shall also explore the possibility of exports to South East Asia from Chennai plant. The South East Asia has so far not been effectively catered by SSWL and this increased capacity shall now give the required edge to SSWL for this market.

Kindly take the same on your record please.

Thanking you.

Yours faithfully
For Steel Strips Wheels Limited

(Shaman Jindal)
Company Secretary
