6	Paid-up Equity Share Capital	852.00	852.00	852.00	852.00
7	Earnings per Share (Face Value Rs. 4 each) (Not Annualised)	0.003	0.022	(0.018)	0.003

NOTES:
1. The above Audited Financial Result has been reviewed by the Audit Committee and approved by the Board of Directors in their meeting held on 14th May 2022.
2. The Statutory Auditors of the company have carried out the Audit of the Company and issued an Audit Report, now attached herewith.
3. The figures of the three months ended 31st March 2022 and 31st March 2021 are the balancing figures between audited figures in respect of full financial year and published year to date figures up to the previous quarter of the respective financial years.
4. The company has invested huge resources in developing technology, infrastructure, marketing, promotions, business process and fulfillment services over the last years in order to expand its retail network and customer base for its Internet Retail business. Since it was an innovative process of Retailing, where the company concentrates its party physical retail store with virtual inventory, the business model required continuous investments till it reaches the breakeven point and turned profitable. In March 2021, the company was classified as the Greater Surveillance Measure (GSM) list by SEBI. The criteria for classifying the company into GSM were not complied with. However such classification is an internal work of SEBI under the guidance of Securities and Exchange Board of India and does not reflect upon any non compliance on the part of the company and the company remains fully compliant with respect to all the regulatory requirements. The direct impact of classifying company in GSM by SEBI had led to trade restrictions and a complete 'roadblock' in terms of raising additional capital from new investors. Thus new fund raising had become an extremely challenging and a daunting task. At present the company is placed in a GSM list. Consequently to classifying into GSM and falling in rising from capital, the company suspended its internet retail operations w.e.f. April 2021.
5. The company continues exploring various opportunities and partnerships in order to revive its Internet Retail business. In the meanwhile, the company has identified certain opportunities of providing services in the area of Artificial Intelligence (AI). Looking at these, the Members of the company have approved the alteration in the Object Clause of the Memorandum of Association of the company in their meeting held on 24th February, 2022. The company is in the process of building necessary strengths for this new business opportunity in AI.
6. During the last quarter of FY21-22, the company has also issued 70 Lacs equity warrants in order to raise resources for, inter-alia, expanding its AI business. The issue of these warrants were approved by the Members of the company in Extra Ordinary General Meeting held on 24th February, 2022 and were allotted by the Board on 28th March, 2022, after receiving in principle approval from SEBI.
7. The SARS-CoV-19 virus responsible for COVID-19 has contributed to a significant drop in global and local economic activities. During this period (over 24 months) the company's revival plan of its business activities was impacted either in the form of delays or completely dropping of the new business plan. The company has considered and concluded that there is no material impact that may result from COVID-19 in preparation of these financial results, including recoverability of assets. In developing the assumptions relating to future uncertainties in the economic conditions due to COVID-19, the management has, at the date of approval of these financial results, used relevant internal and external sources of information including economic forecasts and expects that the carrying amounts of these assets are recoverable. The impact of COVID-19 may be different from that estimated as at the date of approval of these financial results.
8. Previous period/year figures have been regrouped as-unregrouped, wherever necessary, to conform to current year presentation.
