Comments of Executive Chairman Mr. C. S. Nopany on the results

The Second Quarter of the year continued to witness challenges due to global slowdown and stressed rural economy. Sutlej was able to offset these strong headwinds by its prudent raw material purchasing policy in a volatile cotton fiber market by maintaining sufficient cotton inventory at lower prices.

With normal monsoon, implementation of 7th pay commission, one rank one pension and other Government initiatives, we are optimistic about the future. I hope with ongoing expansion projects to scale up the production of value added yarns and Home Textiles the Company will be able to deliver better performance in coming years.
