## **Invenia-STL Networks Ltd. Secures INR 359 Crore Data Center Infrastructure Contract from PowerGrid Teleservices Limited**

**NEW DELHI, INDIA – September 15, 2025** – Invenia-STL Networks Limited, a leading digital infrastructure and IT services company, announced it has secured a major contract worth over ~₹360 crore from PowerGrid Teleservices Limited (PowerTel), a wholly owned subsidiary of the Power Grid Corporation of India Limited (PGCIL), the nation's largest electric power transmission utility.

Under the agreement, Invenia will design, build, commission, and maintain the complete IT and cloud infrastructure for a greenfield Tier III data centre at PowerGrid's Manesar facility. In addition, Invenia will establish a Disaster Recovery Data Centre (DRDC) and deliver a scalable Infrastructure as a Service (IaaS) solution complemented by Disaster Recovery Services. This transformative project encompasses a comprehensive Operation & Maintenance (O&M), ensuring the long-term performance and operational readiness of the data center.

Speaking on the win, Pankaj Malik, Chief Executive Officer, Invenia, said, “We are proud to partner with PowerGrid Teleservices on a state-of-the-art Tier III facility that will not only address current requirements but also anticipate future demand for cloud and disaster recovery services. Backed by our deep domain expertise, stringent compliance, and advanced system integration capabilities, we are delivering a solution that blends reliability with agility. This collaboration reinforces our commitment to enabling mission-critical infrastructure that empowers our clients and the nation to thrive in an increasingly connected, competitive world.”

### **Sustainable & Future-Ready Infrastructure**

Aligned with India's **digital and sustainability vision**, we are building data centers that will integrate advanced cooling systems and scalable & energy-efficient designs. This ensures not just digital resilience but also supports India's climate commitments through sustainable digital infrastructure.

### **About Invenia - STL Networks Ltd.**

Invenia is a leading digital infrastructure and IT services company. We enable telcos, government, defence, citizen networks, and large enterprises (in BFSI, Education, Mining, Energy, and Healthcare) across India and the UK with advanced capabilities in designing, building, managing, and transforming digital landscapes.

We enable digital transformation by providing state-of-the-art Connectivity Services, System Integration Services (Network, Data Centre, Cloud, and Cybersecurity), Managed Services, and AI-Enabled Solutions. Driven by our purpose of 'Empowering next-generation innovation through cutting-edge digital infrastructure,' we challenge the status quo and shift the trajectory of what's possible. This creates sustainable value for our customers, investors, and employees and fuels human progress.
