NIIT Technologies establishes a Center of Excellence for its Digital Transformation practice in Bengaluru

Bengaluru | Noida, INDIA, July 02 2018: NIIT Technologies Ltd., a leading global IT solutions organization has launched its Center of Excellence (CoE) in Bengaluru today. The CoE will be a global delivery center for Digital Process Transformation with a focus on emerging technologies in Cognitive Business Process management areas such as AI, Machine learning, NLP and other disruptive technologies like Block Chain and IoT. The CoE was inaugurated by Mr. Arvind Thakur, Vice Chairman and Managing Director. Present at the occasion were Suman Reddy Eadunuri, Managing Director and Country Head, Pegasystems India along with some key clients.

Digital Process Transformation practice from NIIT Technologies, is powered by its two specialist subsidiaries – Incessant and RuleTek – who bring unmatched expertise in assisting global organizations to achieve their digital process automation goals and revolutionize their customer's experience. The practice focuses on technology platforms like Pega and Appian.

***Madan Mohan, Global Head – Data and Automation, NIIT Technologies, said,** "Our proven expertise in driving digital process transformation through automation, combined with our strong domain understanding, enables us to help organizations transform into the digital businesses of tomorrow. This CoE will fuel our growth strategy through world-class infrastructure, increasing our ability to service global customers, hire diverse talent from the area and work in close proximity to our partners."*

The CoE is spread across 8500 square feet in Rupena Agrahara, Hosur Main Road, one of the prime IT corridors in Bengaluru. The center will serve as a hub for innovative thinking with state of the art IT infrastructure, IOT labs, digitally enabled training rooms, and delivery centers with a prime focus on the execution of digital process transformation projects.
