Subject: Submission of revised Investor Presentation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Dear Sir/Madam,

This is with reference to our letter dated October 29, 2026, whereby we had submitted the Investor Presentation for the Second Quarter (Q2) and Half Year ended September 30, 2026.

We wish to inform you that certain typographical errors were inadvertently appearing on pages 24 and 26 of the said presentation. Accordingly, we are enclosing the revised Investor Presentation of the Company.

There is no change in the underlying financial information or any other substantive disclosure contained in the presentation.

You are requested to kindly take the aforesaid information on record.

Thanking you,
Yours sincerely,

For **Stylam Industries Limited**

Legacy of ***Excellence*** *Innovating for a brighter* ***Tommorrow***

As we move forward, the vision is clear — to shape a world where every surface speaks of quality, creativity, and durability. We invite you to be part of this evolving story, as we continue to build the future of surface design, together.

A **35+ year journey** is more than just a number — it's a story of vision, innovation, resilience, and constant evolution. From our humble beginnings in 1991 to becoming a globally recognized name in the laminates and surface solutions industry, we, at Stylam Industries, have redefined spaces with world-class surface products, earning the trust of architects, designers, and consumers across the globe.

Stylam has embraced change by pioneering high-pressure laminates, compact panels, acrylic solid surfaces, and modern exterior cladding solutions. The company prioritizes sustainability, design innovation, and quality, expanding its reach to over 80 countries while delivering value through advanced technology and eco-friendly manufacturing with a customer-first approach.

Stylam Laminates.
Used across generations.
Lasts for generations.
Trusted by generations.

Stylam Industries' remarkable journey in the global surface solutions industry is built on a foundation of trust nurtured with its stakeholders over decades.

This enduring trust stands at the core of Stylam's success, empowering strong collaborations and driving sustained growth and leadership.

Legacy of *The Trust*

we have cultivated among our stakeholders over the years has fueled Stylam Industries' journey in the global surface solutions industry.

This trust has led us to continuously innovate, set benchmarks, create new categories, and lead segments — reflected in our strong relationships with architects, designers, dealers, and partners, many of whom have been with us for decades.

It empowers us to introduce surface solutions that define modern infrastructure and inspire spaces across the globe, while attracting, nurturing, and retaining top talent that drives our vision forward.

This trust has helped us scale our capacity with state-of-the-art manufacturing facilities and bigger laminate plants, propelling our growth beyond national borders and establishing our leadership in over 80 countries worldwide.

It has forged long-term collaborations with global brands and partners, built on mutual excellence, and driven our investments in technology, design innovation, and sustainability initiatives.

Above all, this trust has allowed us to consistently deliver value and strong returns to our shareholders, year after year.

A legacy of trust translating into sustained leadership

- One of the top three laminate brands in India.
- Introduced the world's first hot coating press machine.
- First ever Indian Manufacturer to introduce HPL Exterior Cladding.
- We use a unique press with a capacity of 8 daylights, measuring 1860x4320 mm.

Stepping In. Standing Out. **Leading** On.

Having established ourselves in the industrial and commercial surfaces segment, we ventured boldly into
decorative laminates in the early 1990s.

It wasn't always smooth sailing — but through fierce competition and early challenges, we found our footing with relentless product innovation and design
excellence.

We were pioneers in introducing new textures, finishes, and large-format laminates that changed how spaces were envisioned.

Taking the First Step

We launched our first premium laminate collections, blending aesthetics with performance, and leveraging new opportunities in the interiors segment. This helped Stylam gain strong traction, but we knew leadership required more.

Our team tackled two key questions:

Why should customers and designers prefer our surfaces?

How could we make our offerings indispensable in their projects?

Our strategy was clear:

Leverage cutting-edge manufacturing and design innovation to create surfaces that were not just beautiful, But solved
real-world problems in application, durability, and maintenance.

Simultaneously, we built a strong network of dealers and architects across India and global markets.

The Game Changer

In 2012, Stylam transformed the industry again with the launch of our new laminate manufacturing plant, featuring fully automated, state-of-the-art technology.

This plant empowered us to produce a wider range of products — including super mattes, high gloss, anti-fingerprint laminates, and customized solutions for diverse needs.

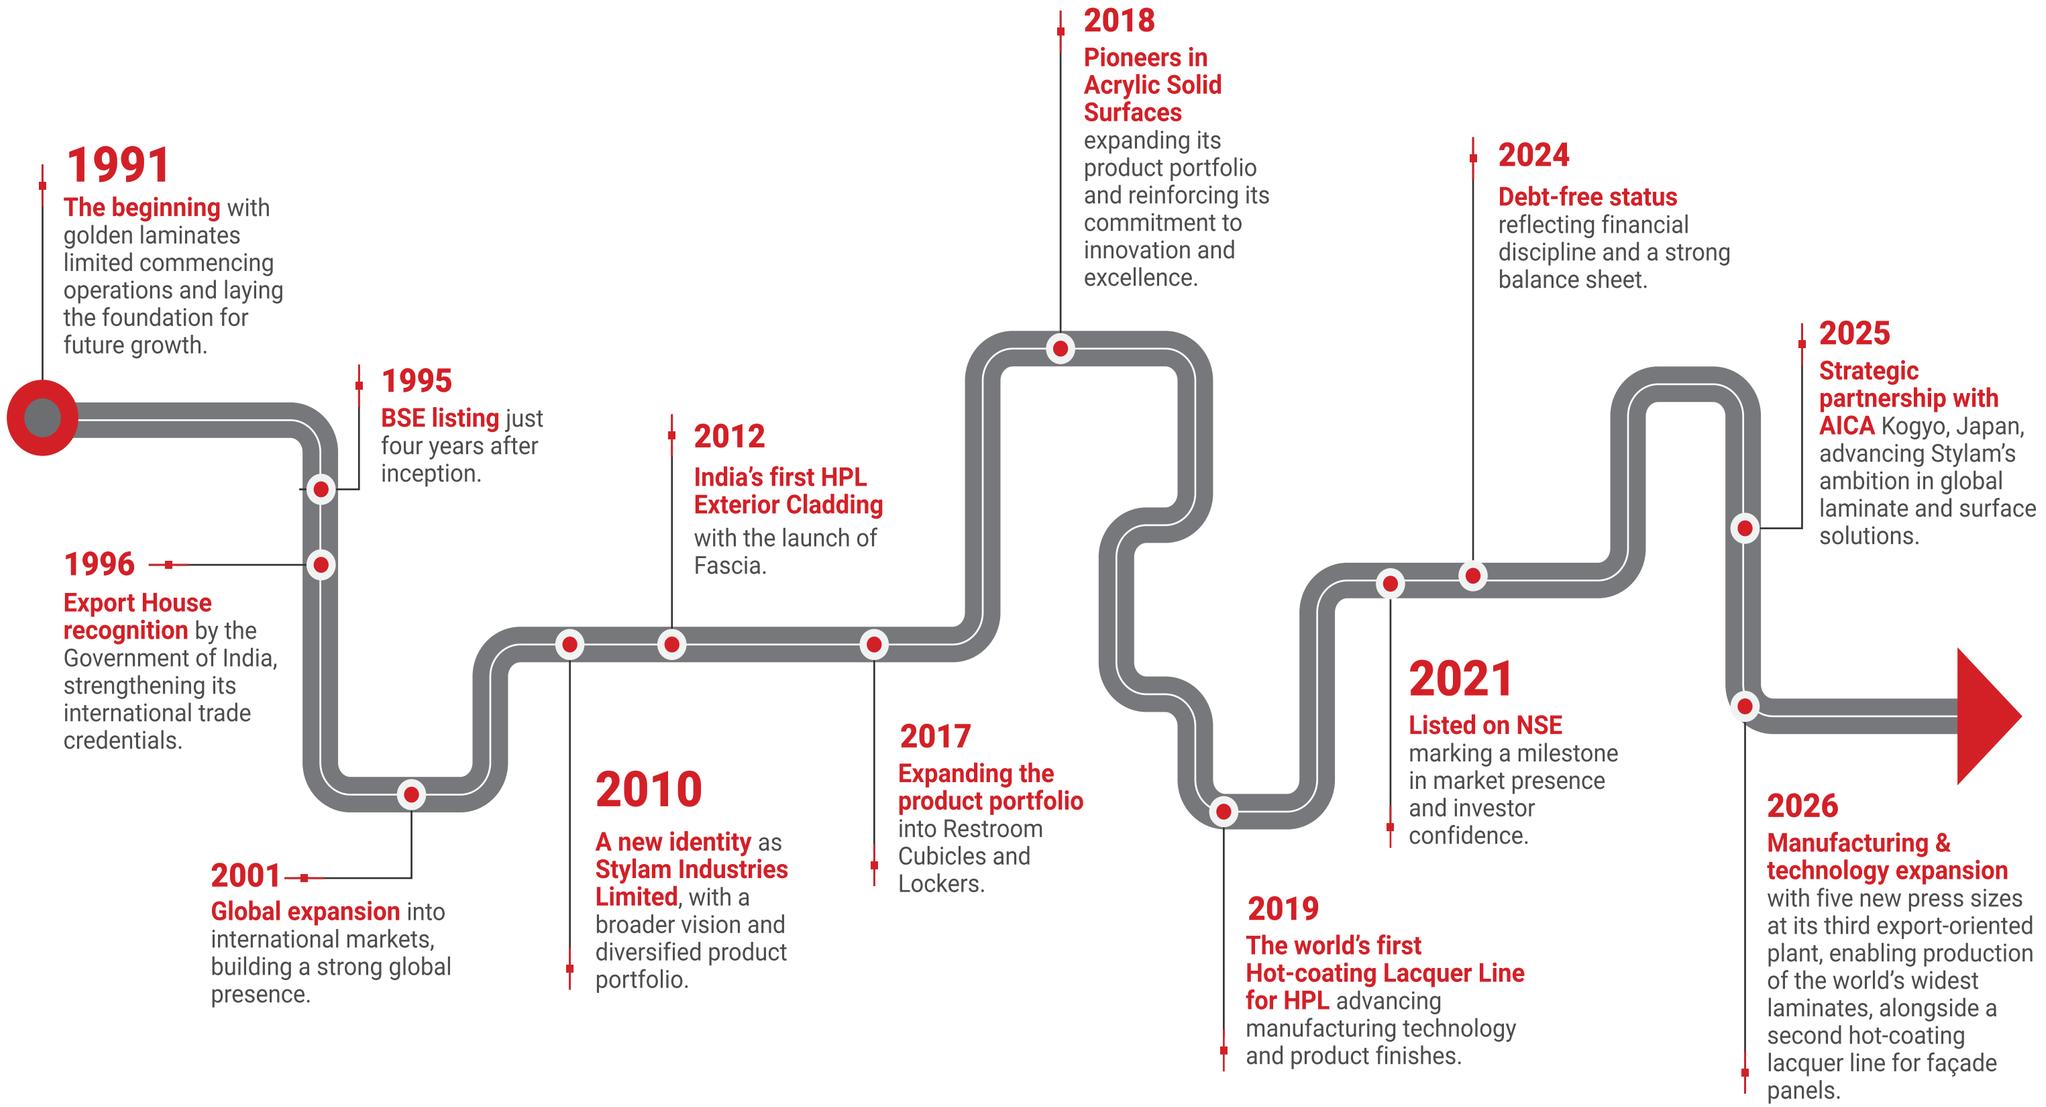

We solved the industry's long-standing pain points:
longer delivery times,
limited customization, and
inconsistent quality.

By investing in technology and design R&D, we ensured our partners had access to trend-setting, reliable products faster and at scale.

Within a few years, we expanded into over 80+ countries, supported by aggressive sales strategies and a relentless commitment to quality and innovation.

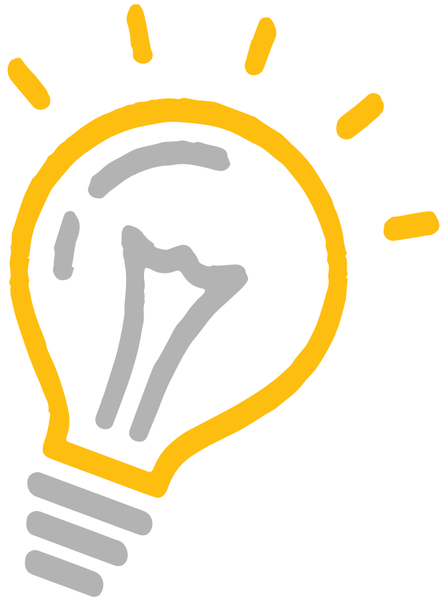

Around the **World.**
Today and Tomorrow.

Our journey of success is built on milestones. Celebrate our past, embrace the present, and envision our future.

Small Steps,

Big Impact

Core Vision

To be a Global Leader in every area of our work by delivering aesthetically pleasing and durable solutions that provide long-lasting value.

Core Mission

We are a global family with a proud Indian heritage, dedicated to providinginnovative and aesthetically-driven building material solutions that emphasize durability and excellence worldwide.

Product Portfolio

01 Decorative Laminates

Decorative Laminates offer an extensive portfolio of colours, woodgrains, patterns and textures across distinct brands, with each collection developed in a specific laminate thickness to address varied design, performance and application requirements. The portfolio provides versatile surface solutions for furniture, cabinetry, worktops, wall panelling and other interior applications.

02 Post Forming Laminates

Flexible, thermoformable laminates are engineered for seamless application over curved edges, enabling smooth, continuous surfaces across furniture and interior applications.

03 Restroom Cubicles & Lockers

Modular restroom cubicle and locker systems combine durable compact laminates, functional design and antibacterial surfaces for high-use and high-humidity environments.

04 Exterior Cladding

Lightweight, durable exterior cladding panels are engineered for outdoor applications, combining high surface stability with UV protection and advanced HotCoating technology.

05 Chemical Resistant Laminates

Engineered for demanding environments, these laminates provide chemical, anti-soiling, antibacterial and antifungal resistance for medical, educational and other high-performance applications.

06 Unicore Laminates

Through-coloured laminates feature matching decorative surface and core layers, delivering consistent colour throughout furniture, doors, countertops, shelving and other applications.

07 Table Tops

A versatile range of durable table-top surfaces is designed for office, hospitality, residential, outdoor and educational applications, with multiple shapes and configurations.

08 Kitchen Countertops

Through-coloured high-pressure decorative surfaces are designed for kitchen countertops and service tabletops, offering coordinated colour, pattern and finish across surface and core.

Product Portfolio

09 Stella Tiles

Lightweight, waterproof and antimicrobial wall panels replicate solid, stone and wood aesthetics and are designed for efficient installation and renovation without demolition.

10 Play & Slay

Premium compact laminates are engineered for recreational and play applications, including table tennis, carrom boards and playgrounds, with multiple core options.

11 Digital Laminates

Customisable digitally printed laminates translate images, graphics and bespoke designs into durable decorative surfaces for personalised interior applications.

12 Syncro Laminates

Precision-embossed laminates match woodgrain textures with patterns, creating a natural wood look that adds depth and appeal to interiors.

13 Mirror Laminates

Metal-foil laminates incorporate aluminium, stainless steel or copper surfaces, providing durable, semi-rigid solutions for residential and commercial interiors.

14 Chalk & Marker Board Laminates

Durable writing laminates are designed for chalk and dry-erase applications, providing smooth writing and easy cleaning across educational, commercial and residential spaces.

15 Metallic laminates

Laminates featuring real metalised aluminium foil surfaces provide distinctive metallic aesthetics for vertical applications across residential, retail and hospitality interiors.

16 Fire Retardant Laminates

Providing enhanced flame resistance and certified fire performance, these laminates are designed for demanding interior applications across public, institutional, commercial and specialised environments.

17 Flicker Laminates

High-gloss decorative laminates feature distinctive sparkle effects, offering reflective surfaces in silver and copper tones for enhanced interior aesthetics.

18 Magnetic Laminates

Functional laminates incorporate an integrated iron layer for magnetic attachment and writable surfaces, enabling flexible information, display and collaborative applications.

19 Electrostatic DissipativeLaminates

Engineered to dissipate electrostatic charges through controlled surface resistance, these laminates are suited to IT, electronics, laboratory and pharmaceutical environments.

Product Portfolio

20 Anti-fingerprint Laminates

Ultra-matt laminates feature a soft-touch surface and anti-fingerprint properties, combining refined aesthetics with easy maintenance and enhanced surface protection.

TouchMe® ANTI-FINGERPRINT LAMINATES | BY | STYLAM®

21 High Gloss Laminates

High-gloss laminates feature HotCoating technology for durable, scratch-resistant and moisture- and UV-resistant surfaces with long-lasting gloss and easy maintenance.

GLOSSPRO+ HIGH GLOSS LAMINATES | BY | STYLAM®

22 100% Acrylic Solid Surface

100% acrylic solid surfaces offer seamless, non-porous surfaces with excellent durability, fabrication flexibility and design versatility for interior and exterior applications, including countertops, cladding, furniture and architectural elements.

Granex® 100% ACRYLIC SOLID SURFACE | BY | STYLAM®

23 Modified Solid Surface

Modified Solid Surfaces offer consistent composition through the thickness, seamless joining with matching adhesives, chemical resistance and high-polish capability, with versatile integration across wood, metal, glass and natural stone.

Marvella. MODIFIED SOLID SURFACE | BY | STYLAM®

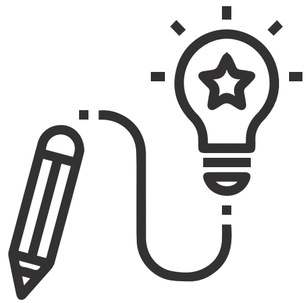

Why Stylam

Leads The Way

At Stylam, excellence is not just a goal—it's a commitment. Our strengths across innovation, manufacturing, service, and partnerships drive the success of every project we touch

Design and Innovation

Leading in design trends and technological advancements.

Proudly Made in India

Supporting local industry with high-quality Indian manufacturing.

MADE IN INDIA

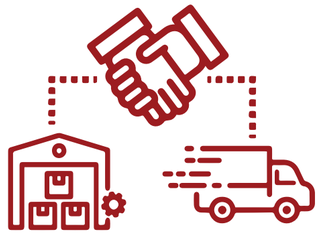

Robust Post Sales Service

Dedicated professional team ensuring efficient support.

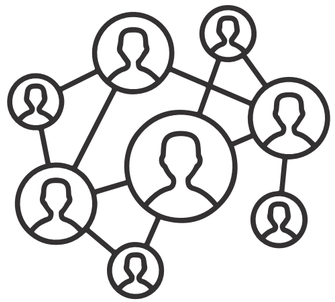

Robust Supply Chain

Our supply chain has 7 RDCs in India, boosting supply capabilities and customer service.

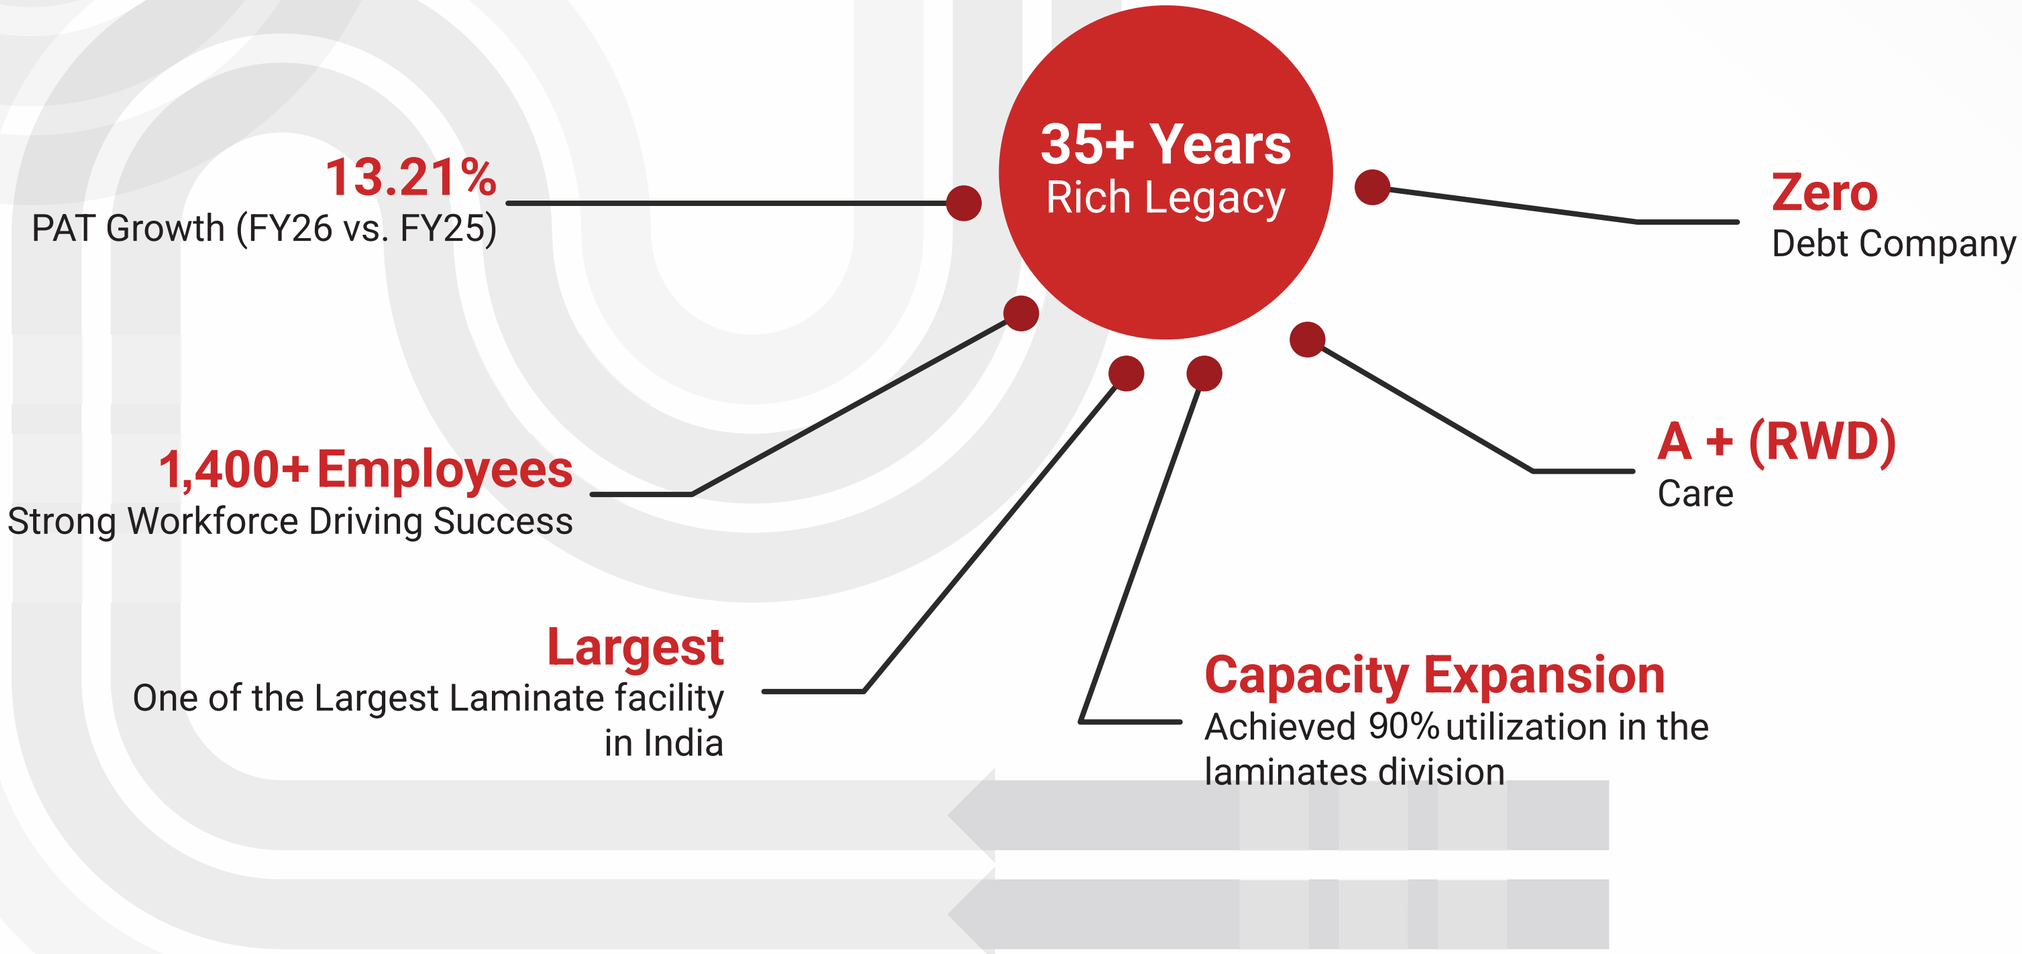

Strong Partner Network

Extensive reach through channel partners and industry influencers.

Leading

Laminate Manufacturing Company in India

Our Legacy of

Innovation & Excellence

- Stylam operates one of the largest single location laminate manufacturing plants in Asia, spread across 80 acres having an annual capacity of 20 million sheets.

- We are a Global Pioneer in 'Hot Coating Process' of PU+ Lacquer coating having the World's first lacquer coating line for thin laminates. This state-of-the-art Hot Coating Process machine operates on patented technology provided by KLEIBERIT Germany and BARBERAN Spain.

- Stylam has set up first production line to manufacture 100% Acrylic Solid Surface panels in India, with all European machines.

- As a testimony to our commitment to quality, environment conservation and sustainability, Stylam has the highest number of certifications among laminate manufacturers in India, Greenguard Gold, M1, E1, E0.5, Singapore Green Label, Singapore Green Building, NSF 35, NSF 51, EPD, HPD

- Over 1,417 Teammates devote themselves to Stylam and its vision with a smile every day.

- Stylam is setting up a new state-of-the-art plant for the manufacturing of laminates, just adjoining to its existing plant in Manak Tabra, Panchkula, Haryana.

STYLAM Capacity

Utilization & Expansion

- Annual production capacity of approximately **22 million** laminate sheets.

- Stylam is always ahead of the competition in new technology absorption being equipped with largest laminate sizes in India.
  - largest capacity press of **28 daylights**
  - largest laminate press area of **1860 x 4320 mm**
  - largest width of **2160 mm** in laminates

- World's latest Hot Coating technology with production capacity of **1 million** laminates per year.

- 100% Acrylic Solid Surface production capacity of **300,000 panels** per year.

- Stylam Industries is strengthening its leadership position with commissioning of new green-field manufacturing facility, our third laminate plant, strategically located next to our existing facility at Manak Tabra in Panchkula, Haryana

- The groundwork for the new plant is underway, enhancing our ability to meet rising global demand with greater speed and scale.

Widest Range Of Sizes

- 2440x1220mm, 2465x1245mm,
- 2800x1300mm, 3050x1300mm, 3100x1320mm
- 4320x1400mm, 3660x1400mm,
- 4320x1600mm, 3660x1600mm, 3100x1550mm,
- 4320x1860mm, 3660x1860mm,
- 2920x2160mm, 2920x1860mm, 2800x2160mm

Certifications &

Accreditation

At Stylam Industries Limited, we uphold the highest standards of quality and innovation. Our products are certified by leading industry bodies, ensuring compliance with international benchmarks for safety, sustainability, and performance.

Over the Past Two Years

Progress & Achievements

- The company reached approximately **90% capacity** utilization in the laminates division following modular expansions at existing facilities, increasing overall capacity.
- Became a net debt-free company and maintained this status, even after establishing a new plant.
- Enhanced the share of value-added products in the product mix, expanded the product range, and improved net gross margins.
- Strengthened domestic presence with deeper market reach and created a strong brand.
- Expanded coverage into new regions while increasing business with existing partners.

Nurturing Possibilites for

Tomorrow & Beyond

1

Revolutionize the Industry with Smart & Sustainable Surfaces.

2

To evolve into the first choice in our industry.

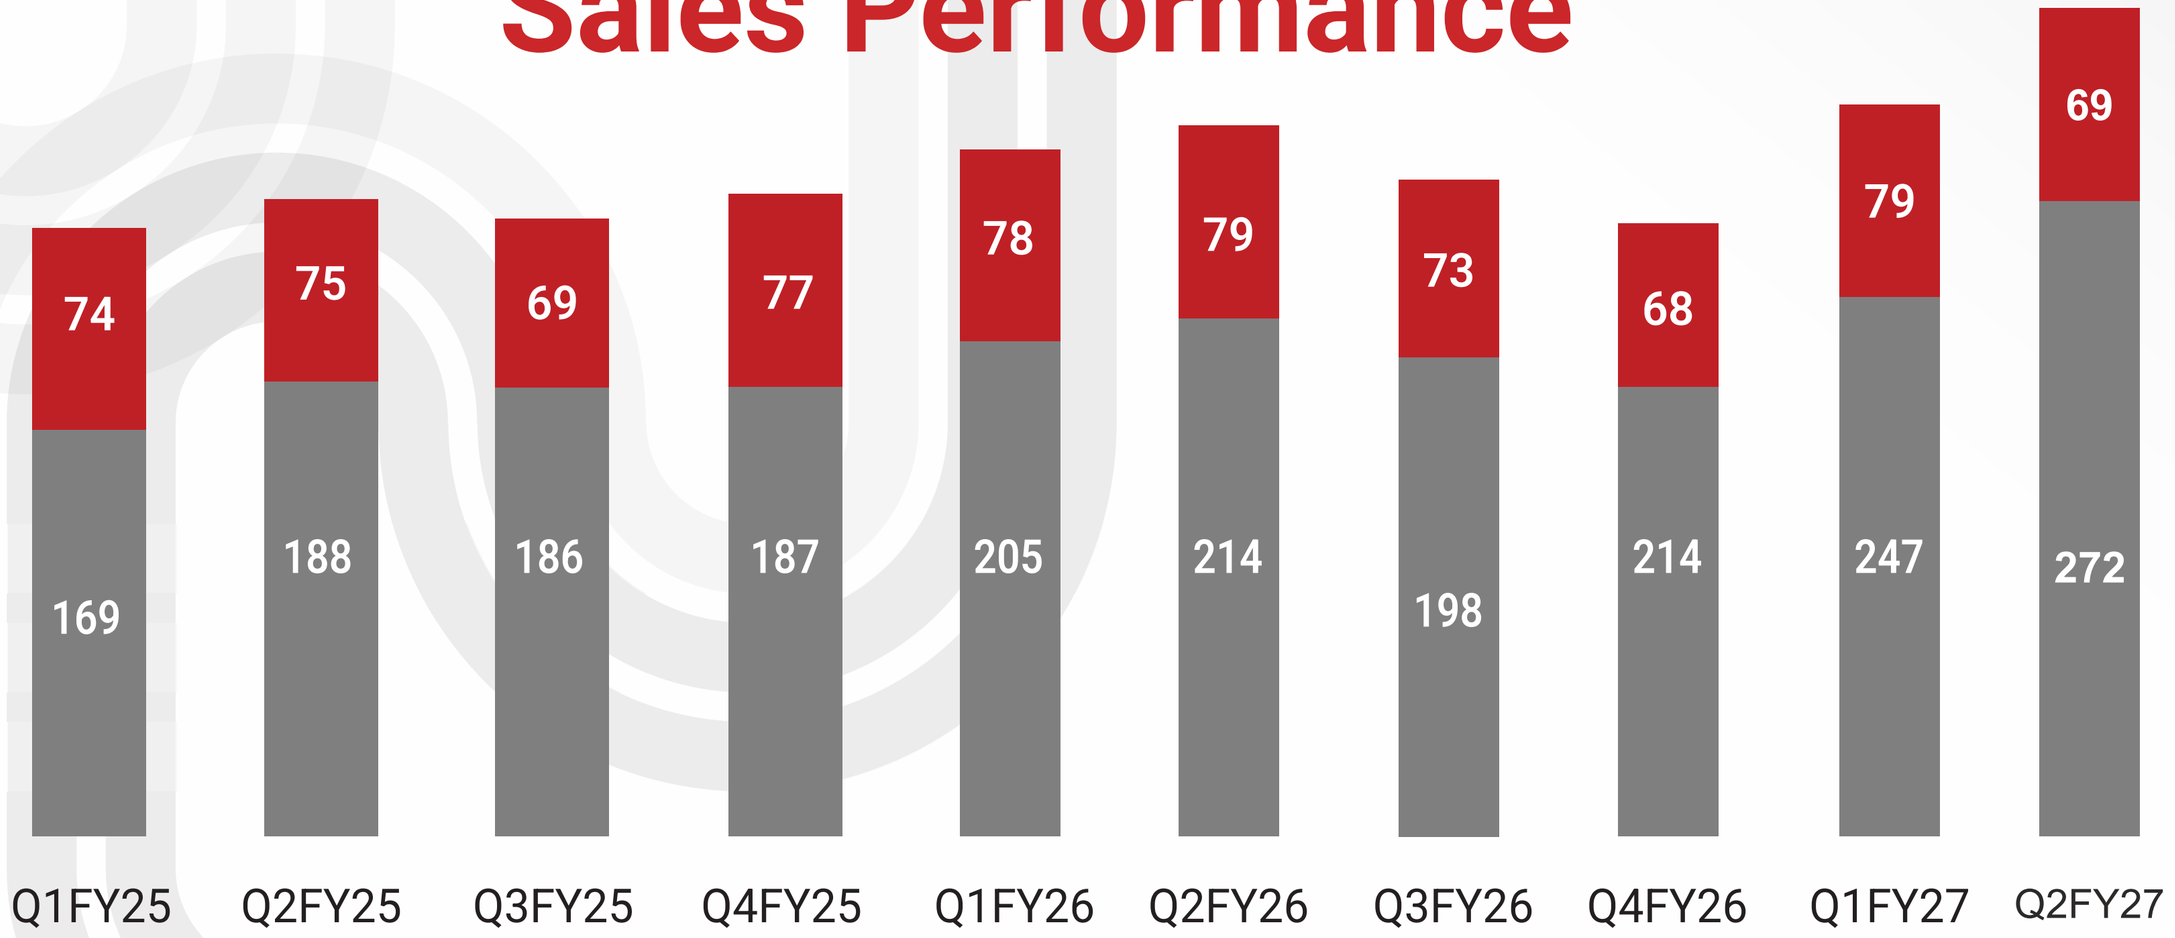

3

To establish ourselves as a leader in the building materials industry.

Laminates Sheets Sold (mn)	3.58	3.39	3.09	6.96	5.83	12.24

The contribution margin has gone up due to efficiencies achieved in laminate production, despite an increase in raw material prices.
Other expenses have increased primary due to global factors affecting ocean fright costs.

Financial Performance

Overview

H1 - 26-27 vs. H1 - 25-26

- Revenue from Operations grew by 16% year-on-year.
- Contribution Margin improved by 2 percentage points despite increase in Raw Material costs, reflecting improved operational efficiencies.
- Profit After Tax (PAT) up by 38% year-on-year.
- PAT Margin improved significantly from 11.4% to 13.6%, an expansion of 2.2 percentage points.
- EBIDTA Margin improved from 19.3% to 19.7%, an expansion of 0.4 percentile points
- Other Expenses, as a percentage of sales, went up by 2 percentage points, primarily due to hike in Ocean freight and Fuel expenses owing to global factors.
- Despite external headwinds, Stylam delivered strong growth in contribution and profitability during H1 FY 2026-27, driven by enhanced production efficiencies and increased automation in production processes.

Q2 - 26-27 vs. Q1 - 26-27

- Revenue Growth: Revenue from Operations up by 4%.
- Improved Contribution Margin: Contribution Margin improved by 0.6 percentage points from 47.2% to 47.6% owing to enhanced operational efficiencies.
- Other Expenses, as a percentage of sales, went up by 5 percentage points, primarily due to hike in Ocean freight & Fuel expenses owing to global factors.
- Profit after Tax (PAT): PAT declined by 2.3% due to increase in other expenses primarily Ocean freight and Fuel prices owing to global factors.

Sales Performance

Overview

- In Q2 of fiscal year 2027, Stylam Industries Ltd. recorded a 16.46% increase in revenue compared to the same period last year.
- The Company has commenced commercial production at its new laminate manufacturing plant situated adjacent to its existing plant at Manak Tabra, Panchkula, Haryana, with effect from September 22, 2026. The said plant has been established pursuant to the expansion of the Company manufacturing capacity.
- The rapid advancement in expansion highlights Stylam's commitment to enhancing production capacity and meeting increasing market demand.
- Stylam is confident in achieving its financial guidance, indicating sustained momentum for growth.
- Company has sold 3.58 Mn Sheets during the Q2FY27 (Domestic - 1.01 Mn & Export - 2.57 Mn) as compared to 3.39 Mn Sheets in Q1FY27 (Domestic -1.33 Mn & Export - 2.06)

India wood Expo Bangalore

Stylam actively participates in domestic exhibitions to showcase its product range and latest innovations.

Exhibition Worldwide

We take part in international exhibitions in key locations such as Dubai, Germany, Atlanta, and Bogota to display our products, connect with potential clients, and seek out new market opportunities.

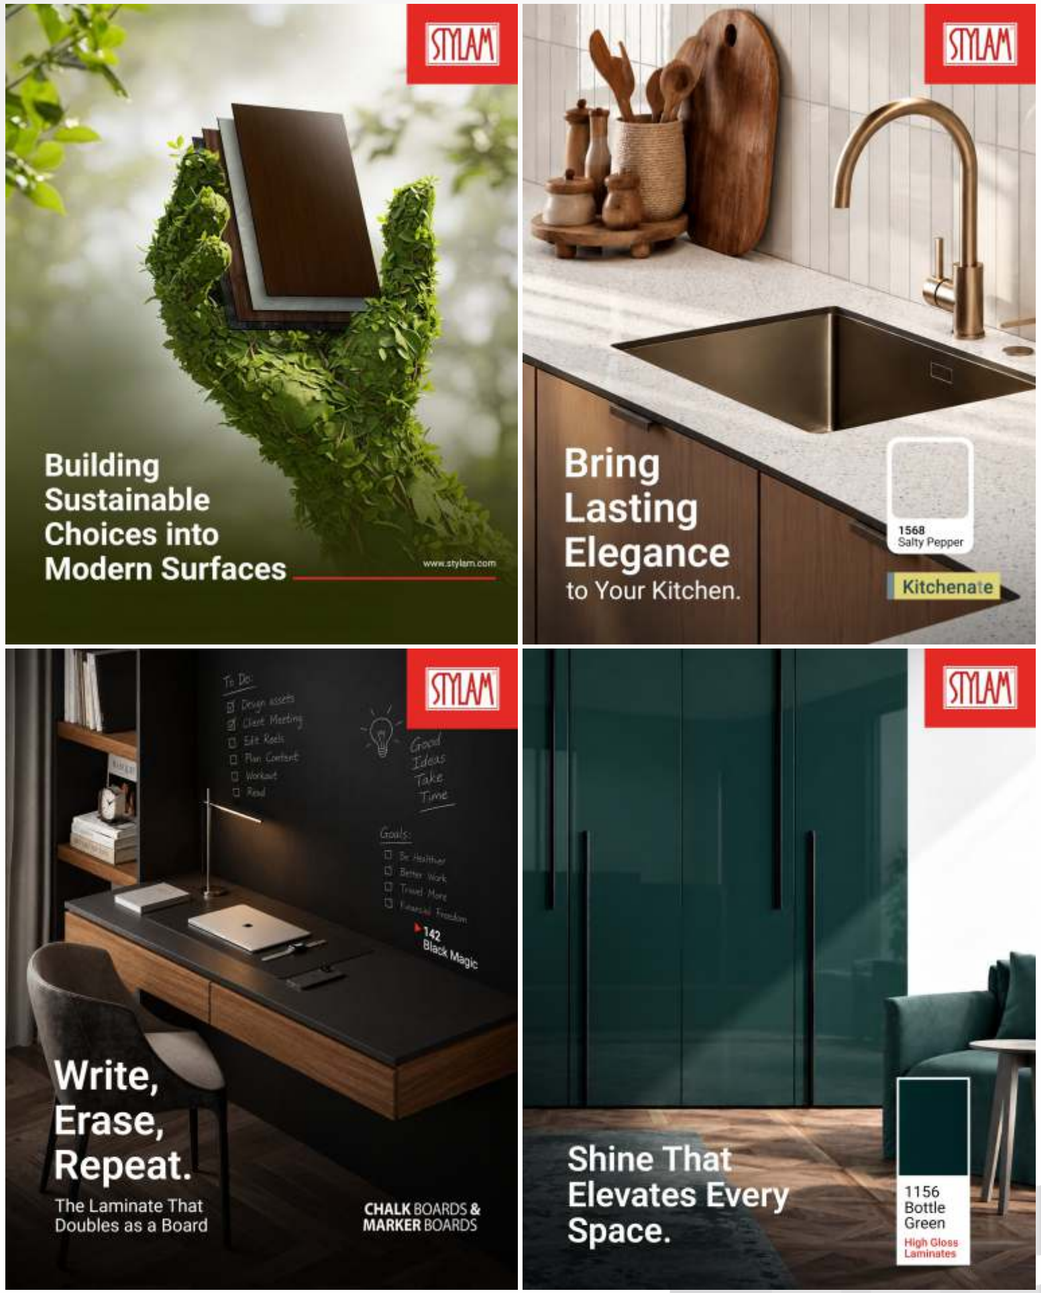

Dealer Certificates

Stylam actively engages in exhibitions across the globe toestablish a robust international presence and showcase its diverse range of products to a wide audience.

Digital Marketing

Our digital marketing campaign is designed to connect, engage, and inspire our target audience with impactful storytelling and innovative strategies. Leveraging data driven insights, we aim to deliver personalized content across multiple platforms, creating meaningful interactions that resonate with architects, designers, and customers alike.

Message from

Board of Director

Stylam Industries is a leader in decorative laminates and building materials, operating in over 80 countries. Committed to Vision 2030, the company offers innovative solutions that create value for customers. Their diverse product range and adaptability help them thrive amid economic uncertainties. Stylam focuses on value-driven products and operational excellence, aiming to build trust and transform spaces.
