b. Estimation uncertainty relating to COVID-19 global health pandemic: In assessing the recoverability of loans, receivables, goodwill and investments, the Group has considered internal and external sources of information, economic forecasts and industry reports upto the date of approval of these financial results. The Group has developed estimates and applied management overlays for the purpose of determination of the provision for impairment of financial assets. The full extent of impact of the pandemic on the Group's operations and financial performance (including impact on carrying value of Goodwill and impairment allowances for financial asset) will depend on future developments including governmental and regulatory measures and the Group's responses thereto, which are highly uncertain at this time. Further, in view of the matters mentioned above, the Group is regularly assessing and monitoring the impact of the Novel Coronavirus (COVID-19) pandemic on its liquidity and ability to repay its obligations as and when they are due. Based on the foregoing and necessary stress tests considering various scenarios, management believes that the Group will be able to pay its obligations as and when these become due in the foreseeable future. c.
