Cabinet clears ₹10,000 cr scheme to boost container manufacturing

A GAME CHANGER. Also announces ₹1,857 crore to develop sports goods manufacturing zones

Our Bureau
New Delhi

To further boost manufacturing, the Union Cabinet on Wednesday approved two schemes with the outlay of over ₹11,800 crore. While the first scheme is about boosting containers, the second one aims to promote manufacturing of sports goods and equipment in India.

Both the schemes are follow-up of Budget announcements. According to a government statement, the scheme with a budgetary outlay of ₹10,000 crore up to FY40 to promote a globally competitive container manufacturing ecosystem in India. It has four components — interest subvention assistance (ISA), operational expenditure assistance (OEA), testing and certification assistance and land leasing support and operational expenditure assistance.

"The scheme envisages establishing a globally competitive container manufacturing ecosystem in India by reducing import dependence and strengthening supply-chain resilience. It is intended to support both new manufacturing facilities and the expansion of existing container manufacturing units," the statement said.

Union Minister Ashwini Vaishnaw addressing a press conference on Cabinet decisions in New Delhi on Wednesday

The scheme is expected to generate around 3,000 direct jobs and over 50,000 indirect jobs, while supporting ancillary industries such as corner castings, specialised steel, wooden frames and paints. It also aims to increase annual domestic container manufacturing capacity nearly ten-fold to 7.5 lakh TEUs (twenty-foot equivalent units)

SPORTS GOODS
According to another statement, 'Kheilo India Sports Goods' Manufacturing Scheme aims to strengthen the country's position in the global sports goods sector with initiatives like the development of dedicated Sports Goods Manufacturing Zones. The scheme has

been approved with a total outlay of ₹1,856.67 crore for the period 2026 to 2033-34.

Prime Minister Narendra Modi called the scheme as a game changer.

This is because, the scheme has elements such as "dedicated manufacturing zones for sports goods-related manufacturing, investment opportunities and MSME support, research, innovation and skill development. Focus on quality, more jobs and export opportunities. It is a major push for Make in India, Atmanirbhar Bharat and India's global sporting ambitions," he said.

Sports Minister Mansukh Mandaviya said the scheme will empower the youth of the country through employment opportunities

and drive investments. "Now, not only Indian athletes, but sports equipment made in India will also elevate the pride of the tricolour across the world. This historic step will empower our Yuva Shakti through new employment opportunities, drive massive investments, and realize the ultimate vision of an Atmanirbhar and Viksit Bharat."

The scheme envisages the development of dedicated Sports Goods Manufacturing Zones (SGMZs) to promote cluster-based manufacturing and create

integrated industrial ecosystems through the co-location of manufacturers, suppliers, testing facilities, design and prototyping centres, and ancillary enterprises.

"These zones will be developed through convergence with existing industrial infrastructure under the BHAVYA Scheme and NIDCD Industrial Parks, enabling efficient manufacturing, stronger industry linkages and enhanced competitiveness across the sports goods value chain," the official statement stated.

DA/DR for Central govt staff, pensioners hiked by 3%

Our Bureau
New Delhi

The Union Cabinet on Wednesday approved a proposal to increase Dearness Allowance (DA) and Dearness Relief (DR) for Central Government working employees and pensioners, respectively.

Calling this as 'Dwaigat' gift, Information and Public Relations Minister Ashwini Vaishnaw said that the hike will be effective from July 1. This means an average of 1.77 crore serving

and retired employees will get

The hike amounts to an increase of 3 per cent over the existing rates of 60 per cent of the basic pay/pension, to compensate against price rise, an official release said. The combined increase of 3 per cent in DA and DR would be ₹10,016.10 crore per year. The increase is in accordance with the accepted formula, based on recommendations of the 7th Central Pay Commission, an official statement said.

PM Viksit Gram Swaraj Yojana gets approval for ₹7,396 cr

Our Bureau
New Delhi

The Union Cabinet on Wednesday approved Pradhan Mantri Viksit Gram Swaraj Yojana, a new scheme to enable panchayats identify their local resources and constraints, and prepare development plans based on their specific needs. As part of capacity building under the scheme, the Centre will also train elected representatives as well as officials in the 3-tier panchayati raj system.

Briefing media after the Cabinet meeting, Information and Public Relations Minister Ashwini Vaishnaw called it a paradigm shift from prescription-based schemes to a model focused on local-level capacity building and planning. The scheme is ap-

The Centre will train elected representatives as well as officials in the 3-tier panchayati raj system.

proved for implementation from current fiscal till 2030-31, with an outlay of ₹7,395.55 crore — Central share of ₹4,869.48 crore and State share of ₹2,526.07 crore.

KEY FOCUS
A major focus of the scheme is capacity-building of elected representatives as general and specialised training will be provided to elected representatives to improve their functioning and governance capabilities, he said.

The scheme seeks to financially empower panchayats through better utilisation of Finance Commission grants and mobilisation of own-source revenue, to make them more self-reliant, he added.

Sources said that though it is a new scheme, it also has all the features of the previous Rashtriya Gram Swaraj Abhiyan (RGSA), including components like the Pradhan Mantri Gram Sadak Yojana (PMGSY), which were not extended after it ended in FY26.

Under RGSA, the Centre had released to States ₹800.17 crore in 2023-24, ₹670.40 crore in 2024-25 and ₹730.75 crore in April-February of 2025-26. The Pradhan Mantri Viksit Gram Swaraj Yojana will be implemented through the respective State govern-

ments in which States and Union Territories will submit Annual Action Plans specifying activities, priorities and requirements in accordance with the scheme's objectives and guidelines, an official statement said.

The designated Central Empowered Committee will appraise and approve these plans in accordance with applicable procedures and standards. The Centre and States will undertake activities within their respective areas of responsibility, supported by coordination, technical assistance, monitoring and review. Existing institutional, capacity-building, digital, and communication systems will support implementation at the grassroots level, it said.

Around 32 lakh elected representatives, along with Panchayat functionaries and

other stakeholders, across over 2.55 lakh Panchayats and traditional local bodies will be direct beneficiaries of the scheme. The scheme will help in the preparation of Gram Panchayat Development plans annually on the eGramSwaraj portal, bringing together village priorities, interventions of concerned Central and State departments, and available resources for participatory and evidence-based planning.

The government also said that with the 16th Finance Commission recommending around ₹4.35 lakh crore in grants for rural local bodies during 2026-27 to 2030-31, panchayats need the capacity to bring together national priorities, government schemes, available resources, and local aspirations.

Sify Tech posts ₹4 cr profit in Sept qtr

Our Bureau
Chennai

Sify Technologies on Wednesday reported net profit of ₹4 crore for the quarter ended September 2026 compared to ₹27.5 crore loss in the same quarter last year on the back of solid revenue growth. Revenue for the quarter stood at ₹1,579 crore, a 31 per cent increase over the same quarter last year. The company said it recorded a capex during the quarter of about ₹857 crore.

The revenue split between the various businesses for the quarter stood at Network services — 43 per cent, data centre services 37 per cent and digital services 20 per cent. As of September 30, 2026, data centre operational

capacity stood at 136 MW. The subsidiary has a contracted capacity of 113 MW scheduled for delivery, which will come online over the next three quarters.

"At Sify, we continue to align our investments with these long-term trends. Our integrated portfolio of data centres, networks, and digital services enables us to support customers as they modernise their technology environments and prepare for an AI-enabled future," Raju Vegesna, Chairman, Sify, said.

BROAD GROWTH

Sify management said in the analysts call that the quarter brought broad growth across its businesses and attributed revenue growth to the demand for digital infrastruc-

ture in India. The company described the market as one where demand is well ahead of supply, with pricing improving rather than weakening.

He added that the delay is not strictly market related and that they were adequately capitalised for the time being. The IPO approval remains till January end and beyond that Sify Infinit Spaces will have to restart process. Sify Technologies' stock was trading at around \$12.75 on Nasdaq, up 3.69 per cent at the time of writing.
