Sunlite Recycling Industries Limited

Financial & Business Update- Q3 FY 2025-26

“Sunlite Recycling Q3 FY26 Revenue Jumps 107% YoY on 76% Volume Growth”

13th January 2026: Sunlite Recycling Industries Limited (NSE: SUNLITE) announced a business update for the third quarter of FY 2025–26, delivering **record revenue growth driven by robust volume expansion, improving product mix, and strategic capacity augmentation**. The Company also took significant steps to strengthen its balance sheet and long-term growth visibility through **preferential allotment** and a **strategic acquisition**.

1. Financial Performance

| Particulars | Q3 FY 2025-26 | Q3 FY 2024-25 | YoY Growth |
|-----------------------------|---------------|---------------|------------|
| Revenue from Operations (₹) | ₹ 717 Cr | ₹ 347 Cr | + 107% |
| Sales Volume | 71,41,129 Kg | 40,67,432 Kg | +76% |

Revenue more than doubled in Q3 FY26, rising 107% YoY, led by a 76% increase in sales volumes. Growth was driven by higher plant utilization, ramp-up of expanded ATC wire capacity, and rising contribution from value-added products.

2. Key Strategic Developments during Q3 FY26

- In November 2025, Sunlite Recycling Industries announced the strategic integration of Sunlite Aluminium Private Limited (SAPL) into the listed entity, creating a unified Copper-and-Aluminium business platform. The move was supported by preferential issue backed by marquee and HNI investors.
(Ref:https://nsearchives.nseindia.com/corporate/SUNLITE_14112025201600_Press_Release_Sunlite_Final.pdf)
- On 3 December 2025, Sunlite Recycling Industries announced the successful commissioning of Phase 2 of its Annealed Tin Coated (ATC) wire production facility, doubling capacity from 800 MTPA to 1,600 MTPA to meet rising demand, particularly from the solar power transmission sector.

Commenting on the performance, Mr. Nitin Heda, Managing Director said: "Q3 FY26 marks a significant milestone in Sunlite's growth journey. We delivered a 107% year-on-year increase in revenue, supported by a 76% growth in volumes, reflecting strong demand for our products, higher capacity utilization, and continued improvement in our product mix. The successful completion of our Phase-2 ATC wire expansion and the strategic integration of SAPL have strengthened our position across the aluminum value chain and enhanced our ability to offer value-added solutions to customers. With expanded capacity and fresh growth capital, we remain confident of sustaining strong growth and delivering long-term shareholder value"

About Sunlite Recycling Industries Limited

Sunlite Recycling Industries is a leader in the manufacturing of high-quality copper products, including rods, wires, earthing strips, and conductors, derived from recycled copper scrap. Our products are essential for applications in power generation, transmission, distribution, and the electronics industry. With a strong focus on sustainability and innovation, Sunlite provides superior products that meet the evolving needs of our customers.
