COVID TRACKER

India to push for vaccine patent waiver at WTO

MANOJ KUMAR
New Delhi, November 26

INDIA WILL LEAD demands for an intellectual property rights waiver for Covid-19 vaccines and supplies at a World Trade Organization (WTO) meeting next week, two government officials said.

A year after India and South Africa introduced a proposal to temporarily waive intellectual property rights on Covid-19 vaccines and therapies at the WTO, negotiations are deadlocked in the face of opposition from some developed countries.

Shyamal Misra, a senior official at the ministry of commerce, said India would not just be speaking for itself at the WTO ministerial conference in Geneva starting on November 30, but for other developing countries with which it is working closely.

"We expect that the interests of developing countries are not compromised," Misra

India will lead demands for an intellectual property rights waiver for Covid-19 vaccines and supplies at a World Trade Organization (WTO) meeting next week, two government officials said.

said at an event late on Thursday to discuss India's strategy.

India has alleged that developed countries, led by the European Union, Switzerland and the United Kingdom, were "preventing access to vaccines for poor countries", leading to loss of lives.

Switzerland's ambassador to the WTO Didier Chambovey said on Thursday the country was open to compromise, but is opposed to a full waiver.

WTO members at a meeting of the Council for Trade-Related Aspects of Intellectual Property Rights (TRIPS) last week, agreed to continue ne-

gotiations until the start of the ministerial conference to seek a solution.

Another senior government official, who is accompanying commerce minister Piyush Goyal at the meeting, told Reuters on Friday that India would push for a fair and equitable deal.

Developed countries need to understand that for the benefit of a few pharmaceutical companies they cannot put the lives of people in developing countries at risk, he said.

"All eyes are looking for a positive outcome," Sachin Chaturvedi, a government adviser and head of Delhi-based think-tank Research and Information System for Developing Countries, said.

Citing Prime Minister Narendra Modi's meeting with G20 leaders last month, he said India would be producing over five billion doses of Covid-19 vaccines for the country and the world by the end of 2022.

Insacog says tracking new variant closely

THE INDIAN SARS-COV-2 Genomics Consortium (INSACOG) is closely tracking the new variant of Covid-19 called B.1.1.529 and its presence has not been detected in the country yet, officials said on Friday.

The new variant, feared to have a high amount of spike mutations, has been detected in South Africa, with the authorities there confirming 22 cases associated with it on Thursday. A senior scientist with INSACOG said the consortium is closely tracking the variant and its presence has not been detected yet in the country.

Health ministry sources said INSACOG is "very closely monitoring" the situation to check for the presence of this variant and expedite the results of genomic analysis of positive samples of international travellers. A review meeting on the matter was also held. There has been no isolation of the variant so far, a source said. Samples of all international passengers are being collected and positive samples will be specifically looked at for B.1.1.529. —PTI

Wheat sowing up 3.36% so far: Agriculture ministry

PRESS TRUST OF INDIA
New Delhi, November 26

AREA SOWN TO wheat, the main rabi crop, has risen 3.36% to 138.35 lakh hectare so far in the current rabi season from 133.84 lakh hectare in the year-ago period, according to the agriculture ministry. Rabi sowing begins in October while harvesting starts from March. Besides wheat, gram and mustard are the other main rabi crops. As per ministry data, wheat has been sown on 35.8 lakh hectare in Madhya Pradesh, 34.98 lakh hectare in Uttar Pradesh, 29.45 lakh hectare in Punjab, 13.78 lakh hectare in Haryana and 13.37 lakh hectare in Rajasthan so far this season. These are major wheat growing states.

Besides wheat, area sown to pulses has increased to 97.53 lakh hectare as on November 26 of this season from 94.02 lakh hectare in the year-ago period.

Area sown to coarse cereals and nutri cereals was slightly lower at 25.87 lakh hectare compared to the year-ago period. Oilseeds acreage increased to 76.60 lakh hectare so far this season from 60.15 lakh hectare in the year-ago period. Total area sown to rabi crops was 346.13 lakh hectare so far this rabi season of 2021-22 crop year, up from 322.70 lakh hectare in the year-ago period, the data showed.

Centre to invest ₹64,000 cr in health sector: Mandviya

PRESS TRUST OF INDIA
Tanagar, November 26

UNION HEALTH MINISTER Mankush Mandviya said Friday the Centre will invest about ₹64,000 crore in creating health infrastructure in the country over the next five years.

The minister, who was on a day-long tour to Tangang district in Arunachal Pradesh, was interacting with health officials at Khandro Drowa Zangmo District Hospital. He said the central government is working to provide health security to all through various welfare schemes, an official

"We will work with Ayushman Bharat digital health mission, which will enable us to know the history of a patient and can provide quality health services," Mandviya said

statement released here said.

"We will work with Ayushman Bharat digital health mission, which will enable us to know the history of a patient and can provide quality health services," he said.

Mandviya also lauded the Pema Khandu government for taking various health initia-

tives in the state and assured all help and support from the Centre.

State health principal secretary Dr Sharat Chauhan presented the overall health scenario of the state and apprised the Union minister on the Covid management and vaccination status in Arunachal Pradesh, the report said.

President of the Arunachal chapter of Indian Medical Association (IMA), Dr Lobsang Tsetim, requested the Centre to take over the Tomo Riba Institute of Health and Medical Sciences at Nahragun for its future sustainability, quality education and services.

Uphill battle for India to meet 2030 climate targets: Fitch

PRESS TRUST OF INDIA
New Delhi, November 26

INDIA MUST SUBSTANTIALLY alter its current trajectory if it has to deliver on Prime Minister Narendra Modi's climate targets for 2030, Fitch Solutions said on Friday.

Modi at the COP26 announced that by 2030, India will increase its non-fossil fuel power generation capacity to 500 GW, generate 50% of its power from renewable sources, reduce its total carbon emission by one billion tonne and bring down car-

Intensity of its economy by 45%.

"India now faces the challenge of balancing strong economic growth with a sharp deceleration in its CO2 emissions," Fitch Solutions said in a note.

"India must substantially alter its current trajectory, if it is to de-

liver on its commitments. Based on the current state of play, the country will fall far short of its climate objectives."

As of 2020, coal, oil and natural gas accounted for 55%, 28% and 7% of the primary energy mix, respectively. "By 2030, we estimate they will account for a respective 45%, 33% and 8% ... their total share will fall from 90% to 86%, with a decline in coal largely offset by a rise in oil and gas," it said.

Can't cast doubt on vaccination programme: SC

PRESS TRUST OF INDIA
New Delhi, November 26

THE SUPREME COURT on Friday said it cannot just cast doubts on the Covid-19 vaccination programme at this stage and cannot afford the price of laxity of not vaccinating people.

The top court said lakhs and

crores of people have taken vaccines, the WHO has approved them, and the whole world is getting vaccinated.

A bench of Justices DY Chandrachud and AS Bopanna asked the petitioners Ajay Kumar Gupta and others to serve the copy of the petition to the solicitor general, and sought his re-

sponse. The bench said, "We do have a system, guidelines in place for monitoring any adverse event following immunisation. There will always be dissenters, but policy cannot be fashioned as per them."

"We have to see the good of the nation as a whole. The world has witnessed an unprece-

dent pandemic, like of which we have not seen in our lifetime. We cannot just cast doubt on the vaccination programme at this crucial stage. It is of the highest national importance that people get vaccinated. We cannot afford the price of laxity of not vaccinating the people," it said.

'Despite Mamata's demand, raw jute price cap is necessary'

EVEN AS WEST Bengal Chief Minister Mamata Banerjee demanded removal of the price cap on raw jute in the open market, the jute commissioner's office on Friday said the cap was necessary because of the price rigging in the open market.

Banerjee, in a meeting with Prime Minister Narendra Modi, had sought the removal of the price cap imposed by the jute commissioner last month, since the current market-driven prices favour farmers. According to Banerjee, the Prime Minister assured her to look into the matter.

Deputy jute commissioner Koushik Chakraborty told FE there have been no orders from

the Centre on removing the price cap of ₹6,500 a quintal.
