Thanking you,

Yours faithfully

For Surya Roshni Limited

B B SINGAL

CFO & COMPANY SECRETARY

Enclosed: as above.

Surya Roshni Ltd Press Release about recent launches.

WIRE & CABLES

Surya Roshni Ltd recently launched its Turbo Flex wire range, with an investment of ₹25 crore, marking its entry into the wires and cables segment. The range comprises two variants: Turbo Flex – FR (Flame Retardant) and Turbo Flex Green – FRLSH (Flame Retardant Low Smoke and Halogen), both RoHS-compliant and PVC insulated. The wires are available in seven colors and sizes from 0.75 to 6 sq mm, offering 101% copper conductivity, anti-termite and rodent protection, and adherence to BIS certification IS 694:2010 standards.

DIGITAL WATER HEATER

The Company is also introducing Cubis, its first digital water heater. It is equipped with a smart LED display, precise temperature control, and a polymer-coated tank for enhanced durability. Cubis incorporates multiple safety features including thermal cutout, safety valve, and shock-proof plastic body. The product carries a 5-star energy rating, an 8-bar pressure rating suitable for high-rise buildings, and is backed by a 7-year warranty.

WATER TANK

The Company has also introduced its latest innovation in water storage — the Prakash Surya Water Storage Tank, built tough and designed to last longer. Crafted from 100% food-grade polyethylene, this water tank ensures safe, hygienic, and long-lasting water storage for household, commercial, and industrial needs. It offers 100% UV protection, weather resistance, heavy-duty construction, dust and rust-free performance, and multi-layer protection.

Featuring a leak-proof design and odor-free water storage, the tank is designed to withstand extreme weather and prevent algae growth, with a UV-stabilized outer layer for sun protection. BPA-free and hygienic, it promises safe drinking water. Backed by a 10-year warranty, Prakash Surya Water Tanks combine advanced technology with premium-grade materials for superior performance and reliability.
