Key Drivers of Performance

- **Margin expansion:** Standalone EBITDA margin improved to 6.7% in Q1 FY27 from 0.8% in Q1 FY26, supported by a higher share of value-added products, improved product mix, disciplined cost management and continued operational efficiencies across manufacturing operations.
- **Focus on operational excellence:** Continued focus on productivity enhancement, manufacturing excellence, energy efficiency and cost optimization drove operational efficiencies, supporting higher margins and improved profitability.
- **Value-added product portfolio:** A higher share of value-added yarns, sustainable fibres and differentiated offerings improved product mix, strengthened realizations and enhanced overall profitability.
- **Customer-centric innovation:** Continued investment in innovation and development of differentiated products enabled the Company to better address evolving customer requirements, strengthening market positioning across domestic and export markets.

Commentary from the Executive Chairman

Mr. C. S. Nopany, Executive Chairman, Sutlej Textiles and Industries Limited, said:

> *FY27 opens on firmer ground. After two years of a demanding operating environment, conditions have become more balanced - even as the global textile industry continues to navigate geopolitical shifts, evolving trade flows and raw material volatility. The steady diversification of global sourcing is, at the same time, strengthening India's position as a preferred manufacturing destination.*
>
> *At Sutlej Textiles, the strategic choices of recent quarters are now reflected in performance. Our focus on operational excellence, a higher share of value-added products, customer-centric innovation and disciplined capital allocation has moved the business back to profitability and rebuilt its resilience. This is not the result of a favorable cycle; it is the outcome of deliberate execution.*
>
> *We enter the year with improved visibility, a stronger balance sheet discipline and a more competitive product portfolio. Our priorities are clear - deepen the value-added mix, sustain cost and capital discipline, and advance our sustainability and innovation agenda.*
>
> *Mindful of external uncertainties but confident in our direction, we believe Sutlej is well positioned to convert this foundation into enduring value for all our stakeholders.*

About Sutlej Textiles and Industries Limited   CIN: L17124RJ2005PLC020927

Sutlej Textiles and Industries Limited (STIL), an ISO 9001:2015 certified K. K. Birla Group company, is one of India's largest spun dyed yarn manufacturers with a total spinning capacity of over 400,000 spindles. The Company has built a leadership position in the dyed yarn and cotton mélange yarn segments, supported by decades of expertise in value-added yarn manufacturing.

STIL's portfolio is strategically anchored across three growth verticals - **value-added yarns, home textiles and green fibre**. The Company has successfully diversified beyond core spinning, with growing traction in home textiles and a green fibre business that aligns with the global shift toward sustainable textiles. STIL is further exploring foray into Technical Textiles. This diversified positioning gives STIL multiple revenue engines, resilience against single-segment cyclicality, and a platform for future business adjacencies.

STIL exports to **more than 60 countries** across major developed and emerging economies, including Argentina, Australia, Bahrain, Bangladesh, Belgium, Brazil, Canada, Chile, China, Egypt, France, Germany, Hong Kong, Italy, Morocco, Peru, Philippines, Poland, Portugal, Saudi Arabia, Sri Lanka, Turkey, the UAE, the United Kingdom and the United States of America.
