PMGKAY may end in Dec on fiscal, foodgrain constraints

ARUP ROYCHOUDHURY & SANJEEV MUKHERJEE
New Delhi, 22 November

The Centre is likely to discontinue the Pradhan Mantri Garib Kalyan Anna Yojana (PMGKAY) after December due to considerations on its fiscal position and foodgrain stocks, apart from the fact that there is no immediate political imperative to continue with it, *Business Standard* has learnt.

"The scheme may end after the current extension runs out. The food subsidy burden is crossing ₹3 trillion and we are hopeful that it will be brought down below that mark as some savings may be realised," said a senior government official.

The person conceded the point that the last extension was partly done keeping the Gujarat and Himachal Pradesh elections in mind. "It was always meant to be a temporary measure introduced during the pandemic to ensure that the poor did not go hungry due to the pandemic-induced economic hardship," the official said.

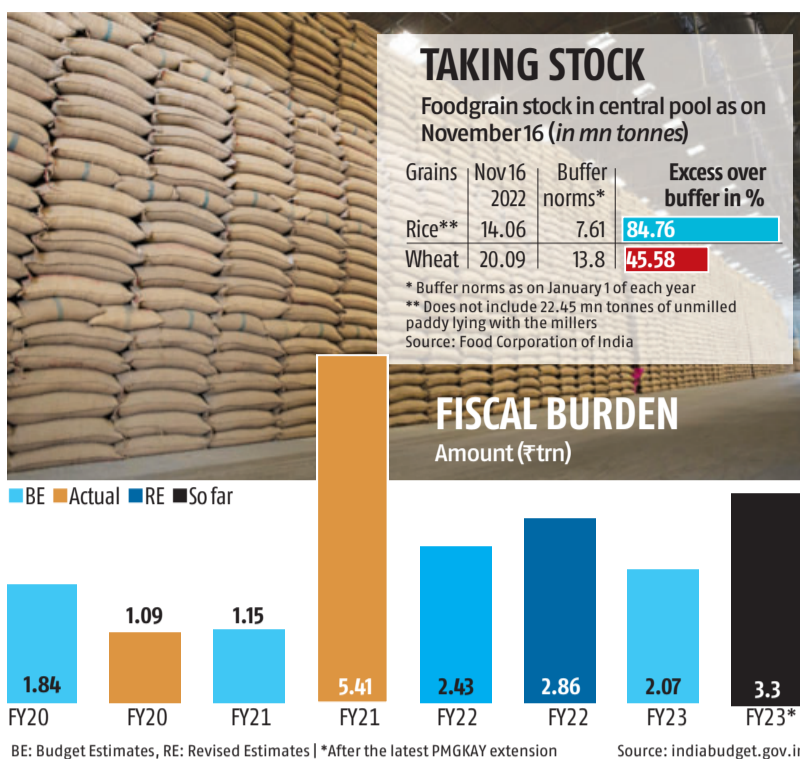

The fiscal considerations are rather pressing. The finance ministry has committed itself to containing the fiscal deficit as close to the target of 6.4 per cent of fiscal deficit as possible for this fiscal year (FY23).

The Centre had estimated the FY23 food subsidy at ₹2.07 trillion. After two extensions this year (sixth and seventh extensions since 2020), it is expected to rise to ₹3.34 trillion. Then there are fertiliser subsidies, which could rise to ₹2.5 trillion from the budgeted ₹1.05 trillion. Both are a result of shocks caused to food and energy prices due to the war in Europe.

The PMGKAY was launched in March 2020 to alleviate the hardships of people affected by the pandemic, and it provides about 5 kg free grains to food security beneficiaries.

"Our topmost priority is the 6.4 per cent target, it is a red line. The revenue flows may not compensate for the additional costs adequately, so we will have to find ways to cut non-priority expenditure," a second official said.

The finance ministry is hoping to have

BE: Budget Estimates, RE: Revised Estimates | *After the latest PMGKAY extension Source: indiabudget.gov.in

savings in foodgrain procurement and carrying costs this year due to a steep decline in wheat purchases.

The Ministry of Consumer Affairs, Food and Public Distribution has been asked to look at how the cost of procurement is calculated for foodgrains meant for the Central government's food guarantee schemes.

According to some reports, the government is hopeful that by the end of March 2023, India will have approximately 11.3 million tonnes of wheat and 23.6 million tonnes of rice in the central pool after meeting all the requirements.

This would be significantly higher than the buffer requirement of 7.5 million tonnes of wheat and 13.6 million tonnes of rice as on the same date.

However, the tight position also means the Centre has very little leeway to intervene in the open market to cool

rising domestic wheat prices. This year, since April, no wheat has been sold through the Open Market Sale Scheme, which, traders say, is the basic reason for wheat prices reaching almost ₹2,900 a quintal in the North Indian markets, which is much higher than 2022-23 MSP of ₹2,125 a quintal.

To manage stocks, the Centre had a few months back changed the mix between rice and wheat distributed through the public distribution system and PMGKAY. As a consequence of this, between June and September, it distributed 8.66 million tonnes of rice and 6.32 million tonnes of wheat. According to rough calculations, the monthly drawdown of grain stocks based on the changed mix between wheat and rice since June is around 8 million tonnes (2 million tonnes of wheat and 6 million tonnes of rice) for both the regular PDS and PMGKAY.

UP looks for image makeover with roadshows in 18 nations

ADITI PHADNIS
New Delhi, 22 November

To change the perception that it is an agricultural state, MSME-dominated and inward-looking, Uttar Pradesh will launch an aggressive bid to invite foreign investment. It will send out teams of officials and ministers to hold road shows in 18 countries.

This is the first time that the two-term Yogi Adityanath-led Bharatiya Janata Party (BJP) government is wooing foreign investment in such an organised way.

The culmination of the government's efforts will be a glittering Global Investor Summit (GIS) to be held in Lucknow between 10 and 13 February 2023. The state is targeting investment proposals worth ₹10 trillion.

Launching preparations for the summit, Adityanath said: "The Netherlands, Denmark, Singapore, United Kingdom, and Mauritius will be participating with us as partner countries. The state government is also organising road shows in 18 countries and seven major cities of India to invite industrial investors from all over the world to the summit."

State finance minister Suresh Khanna told *Business Standard*: "UP's GDP is around ₹20 trillion. This was a growth of 17.1 per cent over the revised estimate of GSDP for 2021-22 (₹17 trillion).

"WE'VE PROVIDED A COMPETITIVE, ATTRACTIVE AND SUPPORTIVE INCENTIVE FRAMEWORK BY MAKING STRUCTURAL CHANGES IN OUR POLICIES"

Yogi Adityanath
Uttar Pradesh Chief Minister

Advisor to the chief minister, Awanish Awasthi, said: "UP is now ready for take off. We will lead the country and help our nation to lead the world." UP is home to 240 million people, making it India's largest labour and consumer market. The state contributes about 8 per cent to national GDP. "We have provided a com-

petitive, attractive and supportive incentive framework by making structural changes in our policies," the CM said.

In the past six months, UP has reworked half a dozen policies to attract investment. For instance, the policy for data parks has been rewritten, making UP one of the most attractive states to set up data parks. "The amendments include a capital subsidy, a deemed power distribution licence and a dual power grid supply. One government power line will be free," said Sanjay K Jha, who addresses regulatory affairs at a major Singapore-based company. This firm has 25 data parks in India and is one of the world's top companies in the business.

He added: "It is a competitive business. Karnataka and Tamil Nadu also offer attractive incentives. But UP is attractive because of NOIDA - and because we're getting more government support now."

The chief minister launched a new online hand-holding system called 'Nivesh Sarathi' for signing memorandums of understanding (MoUs) and monitoring their implementation. Changes have been made in policy relating to various sectors, including IT/ITES, defence and aerospace, electric vehicles, warehousing and logistics, tourism, textiles and MSMEs, among others.

India Inc may achieve 30% gender diversity on boards only by 2058

SACHIN P MAMPATTA
Mumbai, 22 November

India companies will take more than three decades to reach 30 per cent gender diversity at their current pace of change.

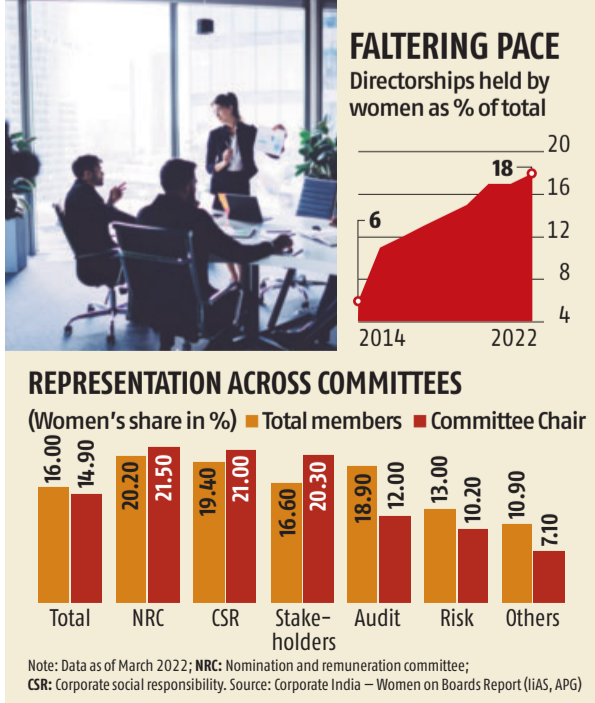

The pace of women's representation has been slowing with only a one per cent increase during the past three years, suggesting that it will reach 30 per cent only by 2058, according to a report from proxy advisory firm Institutional Investor Advisory Services (IIAS) with Netherlands-based APG Asset Management Asia. Representation was 17.6 per cent at the end of March 2022.

The study looked at numbers for the Nifty 500 companies. It showed six per cent representation in 2014. This increased to around 17 per cent in 2020 following

rule changes (chart 1). The Companies Act 2013 required a minimum of one woman director on company boards. The Securities and Exchange Board of India (Sebi) made this a part of listing regulations in 2015. The requirement was tightened to having one independent woman director for the 500 largest companies from 2019 and the top 1,000 companies by 2020.

The year 2024, which marks the end of the tenure of a number of directors, could be an opportunity to accelerate the shift, according to the report.

Independent directors were given two tenures of five years each effective from 2014. This has meant that many positions would now open up for new directors in 2024, said Amit Tandon, managing director, IIAS.

Note: Data as of March 2022; NRC: Nomination and remuneration committee; CSR: Corporate social responsibility. Source: Corporate India - Women on Boards Report (IIAS, APG)
