Syrma SGS to Manufacture Dynabook Laptops in India under Strategic Partnership

Mumbai, India – 22th May 2025 – Syрма SGS Technology Limited, a leading electronics manufacturing services company has entered into a strategic partnership, to manufacture laptops for Dynabook Singapore Pte. Ltd. Dynabook, with a history dating back to the release of the first laptop PC in 1985 and a leading commercial PC brand in Japan, provides a portfolio of B2B laptop computers to meet diverse customer requirements. The collaboration is in line with the Indian government's continued push for local laptop manufacturing through supportive policies and incentives.

As part of this collaboration, Syрма SGS will manufacture Dynabook's diverse range of laptops in India, supporting the Government's 'Make in India' vision. This initiative is designed to meet the varied demands of enterprise customers and commercial channels across the country, providing world-class laptops with Dynabook's renowned technology and expertise to government and public sector undertakings.

Ms. Wong Wai Meng, Managing Director of Dynabook Singapore Pte Ltd, highlighted the significance of this announcement: *"Today's announcement marks a significant milestone for Dynabook and reiterates our commitment to the Government of India's 'Make in India' initiative for a self-reliant India. With local manufacturing, Dynabook will be able to better serve the needs of our customers across industries and segments, from startups to SMBs to enterprises to government."*

Mr. Satendra Singh, CEO of Syрма SGS Technology, added, *"It is a moment of pride for us to associate with Dynabook, a well-known Japanese brand. This alignment will offer more choices to customers in India under the central government's 'Make in India' initiative. Dynabook's expertise in technology and high-class manufacturing will result in the best products for Indian customers and beyond."*

Syrma SGS is a trusted name in IT hardware manufacturing with over 40 years of experience. This includes its expertise across memory, SSDs, motherboards, power adapters, and complete systems integration. As a PLI-approved manufacturer, the company continues to play a key role in advancing the 'Make in India' mission. This partnership with Dynabook marks the second such order secured from a global brand by Syрма SGS this calendar year, reinforcing its position as a reliable partner for global IT brands.

About Syрма SGS Technology Limited:

Syrma SGS is a leading Indian Electronic Systems Design and Manufacturing company. With over 30 years of expertise, Syрма SGS has been the preferred partner for customers seeking innovative and efficient EMS solutions. The Company serves more than 300+ customers across 20+ countries. It has a pan-India manufacturing footprint with facilities in Chennai, Bangalore, Manesar, Gurgaon, Pune, Noida, Jodhpur and Baddi, along with R&D centres in Chennai, Pune, Bangalore, and Stuttgart, Germany. For FY24-25, Syрма SGS achieved consolidated revenue of approximately INR 3,836 Crores. The Company offers a comprehensive range of services, including Product Design, Assembly (PCBA & Box Build), Quick Prototyping, and Tester Development Services, positioning us as a catalyst for growth in the industry. In addition to EMS, Syрма SGS also provides OEM solutions for RFID tags & inlays, high-frequency magnetic components, and electro-mechanicals. The Company's commitment to excellence is evident in the hundreds of millions of units delivered globally in the past decade, and the multi-decadal relationships with several global customers.
