NOTICE CUM ADDENDUM TO THE SCHEME INFORMATION DOCUMENT AND KEY INFORMATION MEMORANDUM OF AXIS US TREASURY DYNAMIC BOND ETF FUND OF FUND ('THE SCHEME') (Contd.,)

Reinvestment Risk: Investments in cash and cash equivalents may carry reinvestment risk if interest rates on due dates differ from the original bond coupon, potentially leading to reinvestment at lower rates.

Pre-payment Risk: Some cash and cash equivalents allow issuers to call back securities before maturity during periods of declining interest rates. This may force the fund to reinvest proceeds in lower-yield securities, reducing interest income.

Risks associated with investing in Tri Party Repo (TREPS)
Axis Mutual Fund is a member of Securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India Limited (CCIL). CCIL centrally settles all transactions in government securities and Tri-party Repo trades, reducing settlement and counterparty risks through robust risk management processes. CCIL maintains margin and default fund contributions from each member to cover potential losses from defaults.

If a clearing member fails to meet settlement obligations, the margin and default fund are used to complete the settlement. After utilizing the defaulter's margins and contributions, CCIL's own funds are used, followed by contributions from non-defaulting members if needed. This exposes the scheme to the risk of its contributions being used in case of settlement failures. Additionally, the scheme's contributions may cover residual losses from other defaulting members.

Risk factors may change if CCIL allows securities other than Government of India securities as collateral.

Risks Associated with Transaction in Units Through Stock Exchange Mechanism
Transactions in Units of the Scheme through NSE, BSE, or any other recognized stock exchange depend on the order processing and settlement by these exchanges and their clearing corporations, which are beyond the Mutual Fund's control. Additionally, such transactions are governed by the operating guidelines and directives issued by these exchanges.

The securities exchange listing the shares of the Underlying ETF/Mutual Fund may suspend or limit trading in any/all listed securities. Such a suspension could lead to losses and delays in the underlying ETF/Mutual Fund's ability to redeem shares.

RISK MITIGATION STRATEGIES

Risk control measures with respect to investment in units of overseas Index Funds and/or ETFs

Market Risk: The scheme is vulnerable to movements in the prices of US treasury securities invested by the underlying scheme, which could have a material bearing on the overall returns from the scheme. Investments in US treasury securities are subject to price fluctuation on daily basis.

Mitigation - Index Funds and ETFs being passively managed carry lesser risk compared to active management. The underlying Index Funds and ETF(s) where the Scheme intends to invest follow the underlying benchmarks and therefore the level of portfolio volatility would be same as that of the underlying benchmark. The fund manager would also endeavour to keep minimal cash levels to keep performance deviation from the underlying Index Funds and ETFs to minimal.

Currency Risk: As the underlying Index Funds or ETFs will invest in US treasury securities which are denominated in foreign currencies, fluctuations in the exchange rates of these foreign currencies may have an impact on the income and value of the underlying or ETFs. The repatriation of capital to India may also be hampered by changes in the regulations concerning exchange controls or political circumstances as well as the application to it of other restriction on investment.

Mitigation: The scheme shall have the option to enter into permissible instruments (subject to applicable regulations by SEBI/RBI) for the purposes of hedging against the foreign exchange fluctuations.

Liquidity Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to maturity (YTM).

Mitigation: The Scheme will invest in units of the underlying scheme which will invest in US treasury securities and the liquidity risk for these units / securities will be relatively low.

Risk associated with the investment objective of the underlying scheme: The scheme will invest in funds which have similar investment objectives to the domestic funds in India. However, there exists possibility that there is a change in the fundamental attributes of the underlying scheme.

Mitigation: The fund manager will seek to invest in other overseas funds, which have the same investment objective as the domestic fund.

Risk control measures with respect to Debt Investments - i.e. investment in Debt, Money Market Instruments

Credit risk or default risk: It refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Mitigation: Apart from the basic examination, management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower.

All other features of the Scheme except those mentioned above will remain unchanged.

- The Board of Directors of Axis Asset Management Company Ltd. ("AMC") and the Board of Directors of Axis Mutual Fund Trustee Ltd. ("AMFT"), have approved the above proposed changes. Further, SEBI email dated May 23, 2025, has communicated its non-objection to the proposed changes.
- In line with regulatory requirements, for scheme where a change in fundamental attributes is being proposed, we are offering an exit window ("Exit Option") of 30 days to the Unit holders from June 17, 2025 to July 16, 2025 (both days inclusive) ("Exit Option Period"). These changes will be effective from July 17, 2025 ("Effective Date"). During the Exit Option Period, unit holders not consenting to the change may either switch to any other scheme of Axis mutual fund or redeem their investments at applicable Net Asset Value without payment of exit load subject to provisions of applicable cut-off time as stated in the Scheme Information Document of the scheme. All transaction requests received after 3.00 pm on July 16, 2025 will be subject to applicable exit load (if any), as may be applicable to the Scheme mentioned above.

- Redemption / Switch requests, if any, may be lodged at any of the Official Points of Acceptance / Investor Service Centres of Axis Mutual Fund or the Registrar and Transfer Agents of the Fund viz. KFin Technologies Ltd.
- The above information is also available on the website of Axis Mutual viz., <https://www.axismf.com>
- Notice detailing the proposed fundamental attribute change has also been / is being published in Financial Express (English daily newspaper having nationwide circulation) and Navshakti (Marathi newspaper) for the benefit of the Unit holders.
- Further, the option to exit the Scheme is available to all Unit holders except for:
 - Unit holders who have pledged / encumbered their units will not have the option to exit unless they submit a letter of release of their pledges / encumbrances prior to submitting their redemption / switch requests.
 - Unit holders whose units are marked under lien/injunction in accordance with the instructions of any Court of Law/Income Tax Authority/other Regulatory Authority unless they get the vacation order before exercising their exit option.
- Investors who have registered for Systematic Investment Plan (SIP) in the Scheme and who do not wish to continue their future investments must apply for cancellation of their SIP registrations.
- The redemption warrant/cheque will be mailed or the amount of redemption will be credited to the unit holders bank account (as registered in the records of the Registrar) within 5 (five) working days from the date of receipt of redemption request.
- It may be noted that the offer to exit is purely optional and not compulsory. If the Unit holder has no objection to the aforesaid change, no action is required to be taken and it would be deemed that such Unit holder has consented to the aforesaid change.
 - whose units are marked under lien/injunction in accordance with the instructions of any Court of Law/Income Tax Authority/other Regulatory Authority unless they get the vacation order before exercising their exit option.
- Please note that unit holders who do not opt for redemption on or before July 16, 2025 (upto 3 p.m.) shall be deemed to have consented to the changes specified herein above and shall continue to hold units in the scheme of Axis Mutual Fund. All transaction requests received after 3 p.m. on 16 July, 2025 will be subject to applicable exit load (if any), as may be applicable to the Scheme mentioned above. In case the unit holders disagree with the aforesaid changes, they may redeem all or part of the units in the Scheme of Axis Mutual Fund by exercising the Exit Option, without exit load within the Exit Option Period by submitting a redemption request online or through a physical application form at any official point of acceptance/investor service centres of the AMC or to the depository participant (DP) (in case of units held in Demat mode). Unit holders can also submit the normal redemption form for this purpose.
- The option to redeem the Units without exit load during the Exit Option Period can be exercised in the following manner:
 - Unit holders can submit redemption requests online or via duly completed physical application form at any official points of acceptance/investor service centres of the AMC or to the DP (in case of units held in Demat mode).
 - The redemption/ switch requests shall be processed at applicable NAV as per time stamping provisions contained in the SID of the Scheme.
 - Unit holders should ensure that any changes in address or pay-out bank details required by them, are updated in Axis Mutual Fund's records at least 10 (Ten) working days before exercising the Exit Option. Unit holders holding Units in dematerialized form may approach their DP for such changes.
- The expenses related to the proposed changes and other consequential changes as outlined above will not be charged to the unit holders of the Scheme.
- Tax Consequences:**
Redemption / switch-out of units from the Scheme may entail capital gain/loss in the hands of the unitholder. For unit holders who redeem their investments during the Exit Option Period, the tax consequences as set forth in the Statement of Additional Information of Axis Mutual Fund and Scheme Information Document of relevant scheme of Axis Mutual Fund would be applicable. In case of NRI investors, TDS shall be deducted from the redemption proceeds in accordance with the prevailing income tax laws. In view of the individual nature of tax consequences, Unitholders are advised to consult their professional tax advisors for tax advice

Unit holders who require any further information may contact:
Address: Axis Asset Management Company Ltd.
