

### **Siemens Ltd. wins order worth Rs. 102 crore for Power Transmission System in West Bengal**

- **Scope of the order includes supply and installation of 400 kV GIS Substation**

Siemens Ltd. announced that it has won an order worth approximately Rs. 102 crore to supply a 400 kV Gas Insulated Switchgear (GIS) Substation to West Bengal State Electricity Transmission Company Limited (WBSETCL). The scope of the order includes engineering, supply, installation and commissioning of the GIS Substation.

The 400 kV GIS solution is being manufactured at Siemens Ltd.'s manufacturing plant at Aurangabad.

As the State Transmission Utility provider, Transmission Licensee and State Load Dispatch Centre, WBSETCL is responsible for transmitting electricity from generating sources to load centres through a transmission network spread across West Bengal.

**Siemens** is a technology powerhouse that has stood for engineering excellence, innovation, quality and reliability. The company focuses on the areas of electrification, automation and digitalization. It is one of the leading producers of energy-efficient, resource-saving technologies; combined cycle turbines for power generation; and power transmission solutions. Siemens is a pioneer in infrastructure solutions and automation and software solutions for industry. The company is also a leading supplier of medical imaging equipment – such as computed tomography and magnetic resonance imaging systems – and a leader in laboratory diagnostics as well as clinical IT. At the end of September 2014, Siemens India had around 16,000 employees, 22 manufacturing plants and a nation-wide sales and service network. Siemens Limited, in which Siemens AG holds 75% of the capital, is the flagship listed company of Siemens AG in India. Further information, please visit: [www.siemens.co.in](http://www.siemens.co.in)
