Sub: Clarification related to new PVC products manufacturing unit at Telengana.

Dear Sir,

With reference to your email dated 1st July, 2016 regarding clarification about the Company's new PVC pipes manufacturing plant inaugurated on 15th June, 2016 at Survey No.296/7/8/9, IDA at Bollaram, Jinnaram, District Medak, Telengana 502325, kindly find the details as follows:

Mode of Financing- The new plant has been partly financed by Term Loan and balance by internal accruals.

Investment- 600 lacs (Mainly for plant and machinery since land and shed taken on lease rental basis.)

Rationale- With reference to our earlier intimation on 28th July, 2015, about the Board's decision to set up three new PVC products manufacturing units near Guwahati, Sikandrabad and Hyderabad the Company inaugurated its new plant on 15th June, 2016 at Survey No.296/7/8/9, IDA at Bollaram, Jinnaram, District Medak, Telengana 502325.

The Company is one of the largest PVC products manufacturing company in Eastern India and with a vision to emerge from a regional to a national player the company is expanding its manufacturing base in each region to cater the local markets at competitive prices. With commencement of the above said unit the Company now has PVC products manufacturing plants in Uluberia (West Bengal), Ahmedabad (Gujarat), Guwahati (Assam), Sikandarabad (UP) and Hyderabad (Telengana) with a total installed capacity of 41,000 MT p.a. The expanded capacity would give the Company access to all the critical markets on Pan India basis.
