Dear Sir,

Sub. Intimation regarding a fire incident at company's Sugar mill in Kinauni, Uttar Pradesh

In terms of Regulation 30 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, we wish to inform that in the afternoon of Saturday, May 26, 2018, a fire broke out in one of the storage tanks at Bajaj Hindusthan Sugar Limited's distillery division at Kinauni, Meerut, Uttar Pradesh during loading of ethanol in containers. The fire could be fully extinguished by evening of May 27, 2018 with help of State Fire Department along with army, and prevented from spreading to other areas in the factory including the residential colony. We are currently investigating the matter with the help of local law enforcement and District administration.

The fire has caused serious burn injuries to three workmen at the distillery site. All the three injured workmen were immediately rushed to a nearby Hospital. Two of the injured workmen succumbed to burn injuries and other one is being treated at the Hospital. We stand by the families of all these workmen in this hour of distress and will look into providing all kind of support as necessary.

The fire completely damaged one out of ten storage tanks in the distillery division. The entire stock of industrial alcohol in this storage tank and three containers that were being loaded, aggregating to approx. 18 Lakh litres have been destroyed. In the distillery division some receiver and storage tanks, pump house, pipelines, electrical and instrument cables, dyke and flooring, etc. have been damaged. The company may suffer partial disruption in distillery's operations and subsequent delay and/or inability of timely supply to customers since routine operations is suspended due to safety reasons at the Unit. The power co-generation operations have also been temporarily suspended due to safety reasons. Being off-season there was no loss of sugar production at Kinauni sugar mill on account of this incident. There is no major damage to any of the plant & equipment of sugar and power co-generation division nor there any loss of stocks of sugar, bagasse, stores and spares, etc. All the plant, equipment and facilities including entire stocks are adequately insured.

As per our preliminary assessment this unfortunate incident would not have any material bearing on the overall operations/ performance of the Company. However, we are in the process of appraising the actual impact. Kindly let us know in case you require any further clarification.

The same may please be taken on record and suitably disseminated to all concerned.

Thanking you,
Yours faithfully,
For Bajaj Hindusthan Sugar Limited

Pradeep Parakh
