PRESS RELEASE OF THE COMPANY

FOR THE QUARTER AND NINE MONTHS ENDED 31ST DECEMBER, 2012

Sudarshan Chemical Industries Limited at its meeting of the Board of Directors held on 8th February, 2013 approved the unaudited financial results for the quarter and nine months ended 31st December, 2012.

Total income from operations for the nine months ended 31st December, 2012 aggregated to Rs. 5781 Million as compared Rs. 5516 Million achieved during the previous nine months ended 31st December, 2011 thereby recording a growth of around 5%. The Net Profit after Tax for nine months ended 31st December, 2012 stood at Rs. 1548 Million as against Rs.2776 Million achieved during the previous nine months ended 31st December, 2011.

Total income from operations for the quarter ended 31st December, 2012 stood at Rs. 1831 Million as compared to Rs. 1636 Million achieved during the corresponding quarter ended 31st December, 2011 recording a growth of 12%. The Net Profit after tax for the quarter ended 31st December, 2012 aggregated to Rs. 21 Million as against Rs. 29 Million achieved during the corresponding quarter ended 31st December, 2011.

Exports have been hit as Europe and North American market have not taken off as expected thereby affecting growth in Revenues. The decline in Net Profits is primarily due to increase in imported raw materials costs, steep increase in utility costs like power, higher interest costs and depreciation on account of Capital Expenditure.

In view of the difficult economic conditions prevailing in both domestic and international markets, the Management has undertaken a major cost reduction exercise and host of other corrective measures the benefits of which will be evident from early 2013-2014.
