Dear Sirs,

Sub.: News clarification.

Ref.: News item appearing in The DNA dated 21st July 2014.

In the subject and reference cited above, we wish to clarify and submit as under:

- 1) Suzlon has supplied wind turbine generators to customers in Brazil, which presently have been supplied from India.
- 2) Mr. Tulsi R.Tanti, Chairman & Managing Director of the Company was visiting Brazil as one of the delegates as part of the conference of the BRICS summit along with Prime Minister of India and the statement made by him regarding setting-up of a manufacturing facility was merely an intent considering the logistic issues in exporting wind turbine generator from India, localisation requirements and the business potential in Brazil.
- 3) As stated above, statement of Mr. Tanti is merely an expression of intent and any concrete plan would be subject to necessary regulatory and other approvals in India and Brazil and as and when the formal plans are crystallised, the same would be formally announced.

Hope the above clarifies. We wish to reiterate that the Company and its management remain committed to the highest standards of corporate governance, and will communicate to the stock exchanges on developments as they happen.

This is for your information as also for the information of your members and the public at large.

Thanking you,

Yours faithfully,

For Suzlon Energy Limited
