- *With ESOF CRQ, Business and Cybersecurity Leaders Can Translate Cyber Risk into Financial Risk, Driving Informed Decisions.*
- *This milestone reinforces TAC Security's strong market positioning and growth potential, aligning with long-term value creation for stakeholders.*

Mumbai; December 2nd, 2024: TAC InfoSec Limited (NSE Emerge: INE0SOY01013) (referred to hereafter as TAC Security), a global cybersecurity company specializing in vulnerability management and India's first publicly listed cybersecurity company, has added 331 clients in November from 42 countries. This milestone is a significant step toward the company's ambitious vision of adding 3,000 new clients by March 2025. Since April 2024, TAC Security has successfully onboarded over **1,700 clients**, crossing the halfway mark in this journey.

Among the notable clients onboarded in November are:

- **Kings College London (UK)**
- **Fortinet (USA)**
- **Ricoh Company, Ltd (Japan)**
- **One Mobikwik Systems Limited (India)**
- **Ministry of Education (Singapore)**
- **Lexmark (USA)**
- **Skorlife (Indonesia)**

Trishneet Arora, Founder and CEO of TAC Security, shared his thoughts: *"This milestone is a reflection of our unwavering commitment to providing world-class cybersecurity solutions. Adding over 1,700 clients since April 2024 brings us closer to our goal of 3,000 clients by March 2025. The trust shown by prestigious organizations like Kings College London and Fortinet reinforces our position as a global in cybersecurity. As we move forward, we remain dedicated to empowering businesses and institutions worldwide to secure their digital infrastructure and mitigate evolving cyber threats."*

TAC Security's consistent growth across global markets underscores its ability to deliver tailored, cutting-edge solutions for organizations of all sizes and industries. With this new client acquisition, the company continues to solidify its position in the cybersecurity space, helping businesses safeguard their digital assets with unparalleled reliability and expertise.

With its innovative **Enterprise Security in One Framework (ESOF)** platform, TAC Security continues to lead the charge in transforming how organizations address cyber risks. Powered by artificial intelligence and equipped with features like **Cyber Risk Quantification (CRQ)**, ESOF allows businesses to evaluate and translate cyber risks into measurable financial impacts. This empowers decision-makers to allocate resources effectively, bridging the gap between cybersecurity and business strategy. As the company scales its global footprint, its focus on delivering value through advanced, integrated solutions sets TAC Security apart as a trusted partner for organizations worldwide.

About TAC Security (TAC InfoSec Limited) – Symbol - NSE: TAC

TAC Security, a global cybersecurity company specialising in vulnerability management, is a publicly listed cybersecurity company that made headlines with its oversubscribed IPO worth \$1 billion. TAC Security's flagship product, ESOF (Enterprise Security in One Framework), excels in cyber scoring, cyber risk quantification, and leveraging advanced AI for vulnerability assessment and penetration testing.

TAC Security holds prestigious certifications like CREST, PCI ASV, and ISO 27001 and partners with tech giants such as Google, Microsoft, and Meta for ADA's CASA (Cloud Application Security Assessment). Serving a diverse global clientele, TAC Security is committed to innovation and excellence in cyber security for Fortune 500 companies, start-ups, and Governments Globally.
