TAC InfoSec Limited's Socify Goes Live on AWS Marketplace, AI-Powered SOC 2 Compliance Platform Targeting 10,000 Startups

A strategic AWS debut that could unlock 10,000+ clients and propel TAC Security's next phase of global expansion.

New York (U.S.)/MUMBAI (India) – 22, October 2025 In a strategic leap toward redefining the future of compliance automation, **TAC InfoSec Limited (NSE: TAC)** today announced that it's A1 Based SOC 2 Automation platform, **Socify**, is now officially live on **Amazon Web Services (AWS) Marketplace)** — one of the world's most influential distribution ecosystems for enterprise software.

The listing allows global startups and enterprises to seamlessly purchase and deploy **Socify's SOC 2 Compliance Automation platform** directly within their AWS environments — eliminating the friction of manual integrations, consultants, and lengthy audit cycles. In doing so, Socify.ai transforms compliance from a reactive exercise into a proactive, software-driven capability.

With over **2 million active AWS customers**, including more than **100,000 venture-backed startups**, the partnership instantly amplifies Socify's global reach. TAC SecurITY estimates that the listing could open access to **over 10,000 potential clients in an year or so**, driven by AWS Founders Hub, Activate, and Co-Sell programs.

"This isn't just a listing — it's an inflection point," said a TAC Security's CTO. *"Socify now meets startups exactly where they build — inside AWS. We're not just automating compliance; we're engineering trust at cloud scale."*

The AWS launch marks another milestone in TAC Security's ongoing global expansion across its suite of cybersecurity and compliance platforms — including **ESOF**, the world's leading Vulnerability Management solution, and **Cyberscope**, its Web3 Security Brand Globally.

Listed on India's **National Stock Exchange (NSE: TAC)**, TAC InfoSec Limited has recorded **record-breaking FY26 growth**, fueled by automation, AI-powered cybersecurity, and rising compliance demand among cloud-native enterprises. The company continues to strengthen its foothold across **North America, Europe, and the Middle East**, cementing its position as one of the fastest-growing cybersecurity companies globally.
