TAKE Solutions Honored on the 2011 Supply and Demand Chain Executive 100 List

Company recognized in sourcing/procurement category for helping leading oil and gas services firm with P2P processes through online supplier integration

India, Chennai - June 7, 2011 - TAKE Solutions [BSE: 532890 | NSE: TAKE], a technology solutions leader in the Supply Chain Management and Life Sciences domain, today announced that it has been named to the *2011 Supply & Demand Chain Executive 100* list for delivering one of the top supply chain projects of the year. TAKE Solutions is recognized in the sourcing/procurement category for helping, Baker Hughes, Inc., a leading oil and field services Company enable end-to-end agility, control and visibility of procure-to-pay (P2P) processes through online supplier integration. For this year's "Supply & Demand Chain Executive 100" feature, the magazine looked to highlight supply chain transformation projects that had a significant impact on a customer experiencing the implementation.

"We are pleased the project was a success for our customer and that it resulted in this industry recognition," said **Kishore Rachapudi, President and COO, TAKE Solutions**. "We work hard to maintain our mission to help Companies across industry verticals to achieve business efficiencies within their extended supply chain. Being named to the SDCE 100 list is an acknowledgement of these efforts."

Ten years ago, *Supply & Demand Chain Executive* announced its first "100" list of supply chain solution providers, consultants and other organizations that were helping lead the way in transforming Companies' supply and demand chains. This year the magazine focused the criteria for its "100" feature on supply chain transformation projects that have had a significant impact on the Company's going through the implementations.

"Our goal with this year's '100' is to put the spotlight on successful and innovative transformation projects that are delivering bottom-line value to small, medium and large enterprises across the different functions that comprise the supply chain," added **Barry Hochfelder, editor of Supply & Demand Chain Executive**. "The projects featured in the '100' article can serve as a roadmap for supply chain executives looking for new opportunities to drive improvement in their own operations."

"Our readers count on *Supply & Demand Chain Executive* for intelligence and decision-making information on solutions and best practices for supply chain transformation," said Andrew K. Reese, editorial director of *Supply & Demand Chain Executive*. "With this year's Supply & Demand Chain Executive 100, we are featuring '100 Great Supply Chain Projects' that demonstrate the broad spectrum of opportunities for enabling excellence in the supply chain."

Final recipients are featured in the cover story of the June 2011 issue of *Supply & Demand Chain Executive*, as well as online.
