Nestle, KFC, Flipkart get FSSAI notice over 'hygiene lapses'

SHARLEEN D'SOUZA, UDISHA SRIVASTAV & SANJEEB MUKHERJEE
New Delhi/Mumbai, 12 June

The Food Safety and Standards Authority of India (FSSAI) has sent separate notices to Nestle India, KFC India, and Flipkart over allegations of hygiene lapses, according to sources.

The food regulator took suo motu cognisance of the matter after various social media posts flagged the issue, a source said.

One social media user had claimed contamination in a Maggi noodles packet. Several other allegations, including insects being found in a product delivered in a Flipkart Minutes order, and unhygienic conditions seen at a KFC outlet in Andhra Pradesh, were also levelled.

ILLUSTRATION: BINAY SINHA

However, Nestle India rejected the allegations in a statement on Friday. "We categorically reject the allegations circulating on media basis an unverified account regarding the presence of infestation,

allegedly on Maggi noodles. We are yet to receive the complaint sample from the complainant as the account is unreachable. A detailed representation, supported by all relevant facts, quality records from batch and

market samples, test reports, has already been submitted to the competent authorities."

The company maintains stringent quality and food safety standards across its manufacturing operations, it

Stirring a row

- Action follows customer complaints flagged on social media
- Notices issued separately to all three companies
- Nestlé rejects allegations, cites stringent quality standards
- It says lab tests found no evidence of infestation
- Flipkart Minutes conducted vendor review, root-cause analysis
- Flipkart shares findings of investigation with regulator

added. "We remain fully transparent with the authorities and are confident that the facts and evidence will conclusively establish the truth of the matter," the statement said.

"We have performed our quality analysis on batch and market samples, for a comprehensive investigation to FSSAI accredited lab and the report confirms with the quality standards, including confirmation of absence of infestation of any nature," it added.

"Flipkart Minutes has already spoken to the vendor concerned and has also done a root-cause analysis. The same understanding has been shared in response to the FSSAI notice, which was received a few days back," said a source close to the matter.

KFC India is yet to respond to Business Standard's email query.

Byju's founder gets relief from Singapore court

Raveendran not required to surrender in contempt case

PEERZADA ABRAR
Bengaluru, 12 June

There is relief for Byju's founder Byju Raveendran, who is now not required to surrender before a Singapore court in a contempt case, and there is no term of imprisonment for him.

The General Division of the High Court of the city state on June 10 granted a stay on the "committal and surrender provisions" of the recent civil-contempt order dated May 25.

This followed the application filed on behalf of Raveendran. An appeal against the contempt finding has also been lodged. On May 25, the same court reportedly sentenced Raveendran to six months in jail for contempt after finding that he failed to comply with multiple court orders related to his assets dating back to April 2024.

The court ordered Raveendran to surrender to the authorities, pay 90,000 Singapore dollars (about \$70,500), and submit documents establishing his legal ownership of Beeaar Investco Pte, an entity that held shares in a related company, according to a Bloomberg report.

Following the order of May

Byju Raveendran said he filed the necessary appeals to set aside the civil-contempt finding

25, Raveendran's legal team said that sections of the media had reported the matter as if an arrest warrant had been issued against him. The reports, it said, were false. The order would have required Raveendran to appear only on June 15.

The order under appeal is a civil-contempt finding arising solely from contested document disclosures and other obligations in ongoing arbitration proceedings (and related Singapore court

orders recognising those arbitration orders). The proceedings have been disputed and parallel proceedings are underway to set aside those underlying orders.

"There was an incorrect public narrative created after the selective verbal leak of the earlier order, (with the narrative) falsely claiming an arrest warrant had been issued against Raveendran. A routine contract dispute for a loan that Raveendran guaranteed for the benefit of Think & Learn (Byju's parent) has been twisted into a false narrative of an arrest warrant," said J Michael McNutt, senior litigation advisor to Byju Raveendran and the Founders, Lazareff Le Bars.

"We have filed the necessary appeals to set aside this civil-contempt finding."

Raveendran said: "I welcome the stay granted by the Singapore court."

Raveendran said he remained committed to correcting this narrative through the appropriate legal process.

"Neither I nor any of the founders personally received any portion of the disputed funds (a loan supposedly taken from American investors)."

Ashok Leyland explores logistics drone foray

SHINE JACOB
Chennai, 12 June

Ashok Leyland, India's second-largest manufacturer of commercial vehicles and the fourth-largest bus manufacturer globally, is set to enter a new era in its defence mobility business. According to a top executive, the company's defence team is exploring multiple new-age options, including a possible entry into the logistics drones business and an autonomous version of its legendary defence brand, Stallion.

The company is betting big on ₹11,000 crore worth of defence mobility tenders in India in the next three to four years. It is also working on a hydrogen-fuel-based Stallion in tie-up with defence manu-

President-Defence Business Amandeep Singh said Ashok Leyland is looking at Gulf Cooperation Council countries for expansion

facturing unit Vehicle Factory Jabalpur (VFJ).

The defence division is also looking to expand its overseas footprint by increasing the

revenue from overseas business to around 25 per cent from around 10 per cent now. At present, Ashok Leyland has around 30 platforms servicing the armed forces, with most of them replacing imported vehicles, or being used for new vehicle applications.

"In the next three to five years, on the mobility and land mobility side, there should be a total market of around ₹11,000 crore in India," said Amandeep Singh, president-defence business, Ashok Leyland.

"There is a challenge to make Stallion, which is the mainstay of the Indian Armed Forces, autonomous. We are working on that. It is a futuristic programme and will involve connected vehicles," he said. These vehicles are likely to be used on the supply side and in

certain critical front operations.

"We are exploring the possibility of foraying into logistics drones for defence purposes," he added. The company said it will also be able to cross-deploy alternate fuels, including compressed natural gas and liquefied natural gas, in addition to electric vehicles, which it is already equipped to supply. "We are also working with VFJ on a hydrogen engine option for our Stallion range of vehicles," Singh added.

Bets big on overseas market Ashok Leyland at present has an order book of around ₹2,000 crore in defence, out of which 90 per cent comprises domestic orders. The firm's target is to increase the overseas revenue share to around 25 per cent going ahead. It is focusing

mainly on SAARC countries, Africa, and ASEAN through its recent tie-up with PT Pindad, Indonesia's premier state-owned defence and industrial equipment manufacturer.

"We are aggressively looking at Gulf Cooperation Council countries. We already have a plant in the UAE, and we are looking for one more plant coming up in the GCC," he added. Ashok Leyland has 13 manufacturing locations across the world now.

The PT Pindad tie-up outlines a strategic collaboration for the joint development and manufacturing of electric buses and defence vehicles tailored for Indonesia's growing mobility and national security requirements.

Govt clears way for car safety technology

REUTERS
12 June

The government has scrapped licence requirement for radar sensors, freeing automakers to adopt technology that helps cars avoid crashes and drive themselves by sensing surrounding objects, in a bid to make some of the world's dead-

liest roads safer.

The world's third largest car market, India reported more than 177,000 deaths in nearly half a million road accidents in 2024, the latest figures show.

In a notice on Thursday, the government waived the licence requirement for radar sensors operating in the frequency band from 77GHz to 81 GHz.

That lets companies enable the technology without the government having to separately assign the airwaves.

Automakers Maruti Suzuki, Tata Motors and Mahindra & Mahindra, stand to benefit from the change, as well the suppliers behind them, such as Germany's Bosch and Continental.

IG Defence plans ₹10K cr deep-tech systems pipeline by FY30

HEMANT KUMAR ROUT
Bhubaneswar, 12 June

As India prepares for its largest-ever military drone acquisition, valued at over \$2 billion, leading defence technology firm IG Defence on Friday unveiled an ambitious plan to build a ₹10,000 crore defence business pipeline by FY30.

The Noida-headquartered strategic systems manufacturer is investing significantly in autonomous strike platforms, AI-enabled warfare systems, counter-unmanned aerial systems (UAS), indigenous propulsion technologies, and next-generation battlefield solutions.

According to the company, its growth strategy will be driven by opportunities across the Indian Armed Forces, homeland security agencies, strategic government programmes, and international defence markets.

Bodhisattwa Sanghapriya, founder and chief executive officer of IG Defence, said the company has a strong growth pipeline driven by India's requirement for long-range strike drones. "With our KAL platform, we are the only

domestic player in the category of drones with a range exceeding 1,000 km. We also see significant opportunities in logistics drones designed for defence applications, particularly for high-altitude operational environments," he said.

From the conflicts in Eastern Europe to West Asia, military planners have witnessed how relatively low-cost autonomous platforms can conduct surveillance, target acquisition, and precision strikes deep inside adversary territory without risking pilot lives, Bodhisattwa said. KAL could potentially place India among a select group of countries possessing indigenous long-range autonomous strike capabilities, he added.

Founded in Odisha, the firm continues to receive regular orders from the Indian Army and successfully fulfilled an order for 5,000 drones last year. Exports are expected to be another major growth driver, as the company is currently discussing supplying key defence drone platforms to several friendly nations, including countries in West Asia, the Philippines, and Kyrgyzstan.

IndiaAI Mission-backed startup Avataar launches indigenous video AI model

UDISHA SRIVASTAV
New Delhi, 12 June

Homegrown artificial intelligence (AI) startup Avataar on Friday announced the launch of Varya, the country's first distilled video AI model.

Developed under the IndiaAI Mission, the model aims to democratise AI-powered video creation for businesses and other end users, while making it affordable and accessible.

Varya was launched in the presence of S Krishnan, secretary at the Ministry of Electronics and Information Technology, who said that the model represents a significant milestone in the country's

efforts to build indigenous foundational AI models.

"This shows that model-building can be done in India and that Indian entrepreneurs are second to none in developing cutting-edge AI technologies," Krishnan said.

The newly-launched model uses a distillation technique that reduces video generation from 50 steps to 4 steps, while maintaining comparable output quality.

According to Avataar's internal inference-cost benchmarks, Varya can generate video at ₹0.48 per second, making it up to ten times more cost-efficient than several leading global video models.

NOTICE OF POSTAL BALLOT

NOTICE is hereby given that pursuant to the provisions of Sections 108 and 110 and all other applicable provisions, if any, of the Companies Act, 2013 ("the Act"), read with Rule 20 & 22 of the Companies (Management and Administration) Rules, 2014, as amended ("the Rules"), General Circular No. 03/2025 dated September 22, 2025 and other relevant Circulars issued by the Ministry of Corporate Affairs ("MCA") from time to time ("MCA Circulars"), Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") including any statutory modification(s) or re-enactment(s) thereof for the time being in force, Secretarial Standard on General Meetings ("SS-2") issued by the Institute of Company Secretaries of India ("ICSI"), and other applicable laws and regulations, if any, the Company has on Friday, June 12, 2026, completed the dispatch of the Postal Ballot Notice through e-mail only to the Members whose names appeared in the Register of Members/List of Beneficial Owners as on Tuesday, June 9, 2026 (the "cut-off date") and whose email addresses are registered with the Depositories viz. National Securities Depository Limited ("NSDL") / Central Depository Services (India) Limited ("CDSL") / Company / Company's Registrar and Share Transfer Agent viz. KFin Technologies Limited, to seek consent/approval of the Members of Talbros Automotive Components Limited ("the Company") for the resolution mentioned in the Postal Ballot Notice dated May 20, 2026.

In accordance with the MCA Circulars, the Company has completed the dispatch of Postal Ballot Notice on Friday, June 12, 2026. The said Notice of Postal Ballot is also available on the website of the Company www.talbros.com, the relevant section of the website of BSE Limited (BSE) www.bseindia.com and National Stock Exchange of India Limited (NSE) www.nseindia.com and on the website of National Securities Depository Limited ("NSDL") www.evoting.nsdl.com.

In accordance with the above-mentioned MCA Circulars, physical copies of the Postal Ballot Notice along with the Postal Ballot Form and pre-paid Business Reply Envelope have not been sent to the Members. The communication of assent/dissent of the Members would take place through the remote e-voting system ("E-Voting") only. Any person, who is not a member as on the close of business hours of the Cut-off date, should treat this notice for information purposes only.

The voting rights of the Members for E-Voting shall be reckoned based on the proportion of the Equity shares held by them in the Paid-up Equity Share Capital of the Company as on the close of the business hours on the Cut-off date.

The Company has engaged the services of NSDL for providing the E-Voting facility to the Members of the Company. The detailed procedure of E-Voting is enumerated in the Notes to the Postal Ballot Notice.

The e-voting period shall commence on **Tuesday, June 16, 2026 at 09:00 A.M. (IST) and end on Wednesday, July 15, 2026 at 5:00 P.M. (IST)**. During this period, Members of the Company, holding shares as on the Cut-off date may cast their vote through remote e-voting not later than 05:00 P.M. on Wednesday, July 15, 2026. The E-Voting module shall be disabled by NSDL thereafter.

Members are requested to register/update their email addresses with their respective Depository Participant(s), if required.

The Board of Directors of the Company has appointed Ms. Kiran Sharma, Practising Company Secretary (FCS, 4942) as Scrutinizer to scrutinize the remote e-voting process in a fair and transparent manner.

The results of the Postal Ballot (through E-Voting) will be declared/announced on or before Friday, July 17, 2026 at the Registered Office of the Company. The results of the Postal Ballot along with the Scrutinizer's Report will also be displayed on the Company's website i.e. www.talbros.com and on the website of NSDL at www.evoting.nsdl.com. The results will simultaneously be communicated to the Stock Exchanges, where the Company's shares are listed and will be displayed on Notice Board at the Registered Office of the Company.

In case of any queries or grievances relating to e-voting facility, members may refer to the Frequently Asked Questions (FAQs) for Shareholders at <https://www.evoting.nsdl.com> or contact Ms. Palfavi Mhatre, Deputy Vice President, National Securities Depository Limited, 3rd Floor, Naman Chamber, Plot C-32, G-Block, Bandra Kuria Complex, Bandra East, Mumbai, Maharashtra - 400 051, email: evoting@nsdl.com or contact on 022-4886 7000.

The members may also write to the Company Secretary at seema_narang@talbros.com or contact at 0129-4960482 for queries/grievances in respect of e-voting.

Date: June 12, 2026

Avience Biomedicals Limited is proposing, subject to applicable statutory and regulatory requirements, receipt of requisite approvals, market conditions and other considerations, to make an initial public offer of its Equity Shares and has filed the Draft Red Herring Prospectus on July 23, 2025. The Draft Red Herring Prospectus is available on the website of NSE EMERGE at <https://www.nseindia.com/companies-listing/corporate-filings-offer-documents> and is available on the websites of the BRLM at www.fintelligentadvisors.com and also on the website of the Company www.avienbio.com. Any potential investors should note that Investments in Equity and Equity related securities involve a degree of risk and investors should not invest any funds in this issue unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the Draft Red Herring Prospectus. Specific attention of the investors is invited to the section "Risk Factors" beginning on page 28 of this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered under the U.S Securities Act of 1933, as amended (U.S. Securities Act) or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S Persons (as defined in Regulation), except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transaction in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.
