We will be India's largest green energy firm: Adani

Also aims to be one of the top three global solar companies by next year

SHREYA JAI
New Delhi, 22 January

Gautam Adani, chairman of Adani Group, has announced in a LinkedIn blog post that the group will invest 70 per cent of its capital expenditure in clean energy and energy-efficient systems. He added that the company will become India's largest renewable energy company this year, and among the top three global solar firms by next year. Adani said the group aims to become the world's largest solar power entity by 2025, and the largest renewable power firm by 2030. "We feel confident we will be able to lead one of the fastest global carbon offsets," he said.

This announcement comes in the wake of investors and infrastructure companies committing allegiance to clean energy and reducing exposure to fossil fuel-dependent industries. BlackRock, the world's largest asset manager, announced last week that it would pull its investments out of companies that get 25 per cent of their revenues from thermal coal production, adding that it would make no future direct investment in such firms. Business Standard reported that this could have an adverse impact on companies such as NTPC, Adani group and Coal India. BlackRock has an investment of \$26 million, \$19 million, and \$600,000 in Adani Transmission, Adani Ports & SEZ, and Adani Green Energy, respectively. Similarly, Siemens — which is providing signalling system to Adani's Carmichael coal mine and rail project in Australia — has indicated raising commitments in environmentally-conscious businesses. Siemens' announcement followed environment activist Greta Thunberg's appeal to the company to cancel its investment in Adani's Australia coal project.

The Adani group is constructing

"The renewable generation capacity of the group is expected to more than double by 2020, with the implementation of 2.9 GW under-construction capacity and further threefold growth touching 18 GW by 2025"

"To make this happen, we have committed to investing over 70 per cent of our budgeted capex of the energy vertical into clean energy and energy-efficient systems"

among the world's largest coal mining and rail connectivity project in Australia. The Carmichael project involves construction of a thermal coal mine in the North Galilee Basin and a 388 km multi-user rail line linking the mine site with Abbot Point Port. This will be the first mine in the Galilee Basin, to be developed at a cost of more than \$16 billion.

The project has been opposed by the global environment lobby. With recent devastating fires in New South Wales and Victoria, many environment groups have questioned the project, again. Siemens Chief Executive Joe Kaeser has, however, defended the Carmichael project, saying it has been approved under the necessary environment protection laws. "There is practically no legally or economically responsible way to unwind the contract without neglecting fiduciary duties. However, given the importance of legitimate environmental concerns, we have secured the right to pull out of the contract if our customer violates the very stringent environmental obligations."

Adani operates 12 coal and metal

mines in India, as a private mining development operator. Further, it has operational thermal power capacity of 10,440 Mw and 8,760 Mw of upcoming thermal power plants in India. It has solar power capacity of 1,198 Mw and wind power capacity of 347 Mw.

Adani, in his post, said the renewable generation capacity of the group was expected to more-than-double by 2020, with the implementation of 2.9 Gw in under-construction capacity, along with an additional threefold growth touching 18 Gw by 2025.

"To make this happen, we have committed to investing over 70 per cent of our budgeted capex of the energy vertical in clean energy and energy-efficient systems," he said.

He added that the green expansion plan would also include expansion of the current 1.3-Gw solar cell and module manufacturing plant in Mundra to a 3.5-GW manufacturing facility.

"We are also in discussions on ventures to enable the world's only 100 per cent green energy-based chemical manufacturing and data centre facilities," Adani said.

Piramal to enter development mgmt biz and value housing

RAGHAVENDRA KAMATH
Mumbai, 22 January

Piramal Realty, the real estate arm of Piramal Group, is getting into development management business and value housing to augment its revenue. Under development management, a developer takes care of the design, construction, marketing, and sales of a project for a fee from the original landowner/developer.

"Many banks and non-banking financial companies are coming to us to finish stuck projects. We are evaluating such proposals," said Anand Piramal, founder, Piramal Realty.

Against the traditional development management model, the company would also raise funds and partake of the project profits.

"We can do four to five such projects," said Piramal, adding it makes sense to get into such arrangements since the development management fees have shot up to 16-18 per cent of project revenue.

Top property developers, such as Godrej Properties and Shapoorji Pallonji Real Estate, are also in this segment. Godrej is also investing its own capital in the land owned by the partner. Piramal said land parcels are today

Against the traditional development management model, the company would also raise funds and partake of the project profits

available at 15-20 per cent lower prices, compared to the 2015 rates.

"Earlier, owners and bankers were not willing to accept losses. Today, they have become more rationalised about prices," he said.

Piramal denied it is a late entrant to this segment. "Markets were worse than what we had imagined. If we had picked up stressed projects or land parcels earlier, we would have faced more challenges.

Essel sells MSME loan book to Adani Capital

Essel Group's NBFC arm Essel Finance has sold its ₹145-crore MSME loan book to Adani Capital. The Essel Finance has a secured loan book of around ₹145 crore comprising 1,100 customers, employs 40, and is present in 10 cities, Adani Capital said. Gaurav Gupta, the chief executive of Adani Finserve, said the acquisition complements their existing MSME business and helps them expand to new geographies including Noida and Chennai. Describing the deal as an opportunistic acquisition, he said their near-term goal is to focus on improving processes, leveraging technology and enhancing productivity. Launched in April 2017, Adani Capital had a loan book of ₹1,100 crore as of December 2019, with the housing finance arm contributing ₹150 crore.

Investments in infra rose 25% in 2019

T NARASIMHAN
Chennai, 22 January

Investments in Indian infrastructure rose 25 per cent to \$28.74 billion in 2019, the highest since 2016. The sale of SADBHAV Engineering's nine road projects led the investment flow. In 2018, the sector had attracted \$22.91 billion.

However, the number of deals dropped to 58 from 64, showed data from Infrahunt, an Acuris company.

The sale of SADBHAV's projects for \$993.5 million to an infrastructure investment trust (InvIT), backed by Canada Pension Plan Investment Board (CPPIB), was the biggest infrastructure M&A deal. It also underscored investor interest in the country's road sector.

Of the total amount, the energy sector had received 31 per cent, while power and transport attracted 25 per cent and 24 per cent, respectively.

Compared to 2018, when renewable energy attracted the highest share of investments (35 per cent), deal closures did not come easy, with the segment attracting just 18 per cent of the total investments. The sector is likely to receive a boost in 2020.

Complementing investments in different sectors, InvITs received a boost with their number rising to eight, from one in 2018. More are likely, with investors looking at InvITs as the preferred route for investments, said the report.

SBI Capital Markets led the financial advisors ranking by value (2 deals valued at \$8 billion), while Deloitte topped the table by deal count (3 deals worth \$1.7 billion).

Cyril Amarchand Mangaldas led the legal advisors ranking by value and deal count, having advised on 22 deals worth \$14.7 billion.

SBI Capital Markets topped in loans by value, while Rural Electrification Corporation (REC) ranked first by deal count. JPMorgan topped the bond arrangers league table, by both value and deal count (8 deals valued at \$0.52 billion).

दूरसंचार: तय तरीख पर भुगतान नहीं

न्यायालय में संशोधन याचिका पर सुनवाई होने तक इंतजार करेंगी दूरसंचार कंपनियां

सुरजीत दास गुप्ता

नई दिल्ली, 22 जनवरी

भारती एयरटेल, वोडाफोन-आइडिया लिमिटेड और टाटा समेत प्रमुख दूरसंचार कंपनियों ने दूरसंचार विभाग से कहा है कि वे एजीआर नियमों से जुड़े न्यायालय के आदेश का पालन करेंगी लेकिन वे संबंधित भुगतान करने से पहले उनकी ‘संशोधन’ याचिका पर शीर्ष न्यायालय में सुनवाई होने के कारण अगले सप्ताह तक इंतजार करेंगी।

इसका अर्थ होगा कि दूरसंचार कंपनियां सरकार को 1,47,000 करोड़ रुपये देने के लिए उच्चतम न्यायालय द्वारा तय की गई 24 जनवरी की तारीख को राशि जमा नहीं कराएंगी। हालांकि तीनों कंपनियों ने इस संबंध में कोई जवाब नहीं दिया लेकिन सूत्रों का कहना है कि भारती कल यह पत्र भेजेगी लेकिन दूसरी कंपनियों के बारे में स्थिति स्पष्ट नहीं है कि क्या उन्होंने बुधवार को ही यह पत्र भेज दिया है या वे गुरुवार को संबंधित पत्र भेजेंगी।

हालांकि रिलायंस जियो से जुड़े सूत्रों का कहना है कि कंपनी गुरुवार को अपने 177 करोड़ रुपये के बकाये का भुगतान करेगी और उसने अपने नए वित्तीय परिणामों में संबधित देयता का प्रावधान किया है। जियो न्यायालय में दायर की गई समीक्षा याचिका में

स्पेक्ट्रम बकाया

■ दूरसंचार कंपनियों को बकाया राशि के तौर पर सरकार को 147,000 करोड़ रुपये का भुगतान करना है

■ जियो गुरुवार को अपने बकाया का भुगतान कर सकती हैें

पक्षकार नहीं है और उसने इस मुद्दे पर हमेशा अलग रुख रखा। सर्वोच्च न्यायालय के आदेश के अनुसार दूरसंचार कंपनियों को बकाया राशि के तौर पर सरकार को 147,000 करोड़ रुपये का भुगतान करना है। इस आदेश के पुनर्विचार से जुड़ी याचिका सरकार द्वारा खारिज होने के बाद तीन दूरसंचार कंपनियों के इस सप्ताह शीर्ष अदालत में ‘संशोधन याचिका’ दायर की। भारत के मुख्य न्यायाधीश एस ए बोबडे की अध्यक्षता वाले पीठ ने इस

याचिका को ‘अगले सप्ताह कभी भी’ समीक्षा याचिका पर सुनवाई करने वाले पीठ के सामने सूचीबद्ध करने के लिए सहमति जताई। इसका अर्थ है कि न्यायालय द्वारा भुगतान के लिए तय समयसीमा के निकलने के बाद ही इस पर सुनवाई होगी।

तीनों याचिकाकर्ताओं ने अपनी याचिका में 90 दिनों के भुगतान की समय सीमा में बदलाव के साथ-साथ अपने बकाये के लिए भुगतान की शर्तों और समय पर दूरसंचार विभाग से बातचीत

की अनुमति मांगी है। मूल रूप से इसका अर्थ है कि ये कंपनियां किशतों में भुगतान संबंधी योजना के साथ साथ इसमें कुछ वर्षों की देरी चाहती हैं।

हालांकि दूरसंचार विभाग के एक अधिकारी ने मंगलवार को कहा था कि अगर दूरसंचार कंपनियां 24 जनवरी तक अपने बकाए का भुगतान नहीं करती हैं तो विभाग को कार्रवाई करनी होगी। वकीलों का कहना है कि भुगतान में चूक होने पर दूरसंचार विभाग कं पनियों को बैंक गारंटी को भुना सकता है। हालांकि गारंटी के तौर पर रखी गई राशि एजीआर बकाये के तौर पर चुकाए जाने वाली 1,47,000 करोड़ रुपये की राशि के बराबर नहीं है जिस स्थिति में विभाग कंपनियों को कारण बताओ नोटिस जारी कर सकती है कि क्यों न उनका लाइसेंस रद्द कर दिया जाए। कंपनियों को इस नोटिस का जवाब निर्धारित अवधि में देना होगा। सीओआई के अधिकारियों का कहना है कि फिलहाल उद्योग में गंभीर वित्तीय संकट के चलते दूरसंचार विभाग कड़ा रुख नहीं अपनाएगा।

दूरसंचार कंपनियों को सलाह दे रहे वकीलों का कहना है कि ऐसा पहले भी किया जा चुका है कि सर्वोच्च न्यायालय ने पहले के आदेश को निष्पादित नहीं किया क्योंकि उसी अदालत में संबंधित विषय पर दूसरा निर्णय प्रक्रिया में है। उनका मानना ​​​​है कि इसके परिणामस्वरूप दूरसंचार विभाग से कटोर कार्रवाई करने की उम्मीद नहीं है।

ऑयल इंडिया एजीआर बकाये पर अदालत गई

मेघा मनचंदा

नई दिल्ली, 22 जनवरी

दूरसंचार विभाग ने ऑयल इंडिया लिमिटेड को 48,000 करोड़ रुपये एजीआर बकाये का नोटिस भेजा है। कंपनी को यह नोटिस वित्त वर्ष 2008 से वित्त वर्ष 2019 की अवधि के लिए मिला है, जिसमें करीब 48,000 करोड़ रुपये की मांग की गई है और इसमें लाइसेंस शुल्क, जुर्माना और ब्याज शामिल है। कंपनी ने एक बयान में यह जानकारी दी।

ऑयल इंडिया इस मामले पर दूरसंचार विभाग और पेट्रोलियम मंत्रालय के अलावा प्रभावित सीपीएसई से बातचीत कर चुकी है और गैर-दूरसंचार कंपनियों पर एजीआर लागू न होने के बारे में विस्तार से बताया है।

बुधवार को ऑयल इंडिया ने आदेश को खिलाफ सर्वोच्च न्यायालय में स्पष्टीकरण/संशोधन याचिका दाखिल की और अगला कदम याचिका के नतीजे पर आधारित होगा।

मूडीज इन्वेस्टर सर्विसेज ने कहा कि दूरसंचार विभाग की तरफ से बकाए की मांग ओआईएल के लिए नकारात्मक

है और यह भारत में अप्रत्याशित नियामकीय माहौल से जुड़े जोखिम को रेखांकित करता है, जहां दूरसंचार व अन्य क्षेत्रों की कई कंपनियों पर कर व लाभांश की मांग का असर पड़ा है क्योंकि सरकार अपना राजस्व बढ़ाने की कोशिश कर रही है।

बकाया चुकाने के लिए कंपनी के पास पर्याप्त नकदी नहीं है, कंपनी को भुगतान के लिए अतिरिक्त पूंजी जुटानी होगी। सितंबर 2019 के आखिर में कंपनी के

पास 3,800 करोड़ रुपये नकद थे और मूडीज को उम्मीद है कि वित्त वर्ष 2020 में परिचालन से नकदी का प्रवाह करीब 4,000 करोड़ रुपये होगा। दूरसंचार विभाग की मांग कंपनी के वित्त वर्ष 2020 के अनुमानित एबिटा का करीब आठ गुना है और ताजा बाजार पूंजीकरण का करीब तीन गुना।

ऑयल इंडिया ने कंपनी के पाइपलाइन नेटवर्क के नियंत्रण, प्रबंधन व संरक्षणा की खातिर निगरानी व्यवस्था के लिए एनएलडी लाइसेंस हासिल किया था, जिसका इस्तेमाल कच्चे तेल, प्राकृतिक गैस व पेट्रोलियम उत्पादों के परिवहन में होता है।
