Our Bureau
Mumbai

The State Bank of India raised ₹7,500 crore on Friday at a coupon rate of 6.93 per cent through Basel III compliant Tier 2 bond issuance. The bond issuance, for a tenor of 10 years, with call option after 5 years and each anniversary dates thereafter, is its first for the current financial year. A bank statement noted that the issue attracted a strong response from investors, with bids around 3 times against the base issue of ₹5,000 crore.

"The total number of bids received was 101, indicating participation from a diverse set of qualified institutional bidders," it said.

CS Setty, Chairman, observed that the wider participation and heterogeneity of bids demonstrated the trust investors place in SBI.

At ₹2,555 cr, BOI's net up 8% despite dip in NII

ROBUST SHOW. Corporate loan sanctions top ₹50,000 crore

Our Bureau
Mumbai

Lower loan loss provisions on the back of improvement in asset quality helped Bank of India (BoI) report a 8 per cent increase in the second quarter (Q2FY26) with stand-alone net profit at ₹2,555 crore against ₹2,374 crore in the year-ago quarter. Net profit came despite marginal decline in NII and 12 per cent drop in other income.

Rajneesh Karnatak, MD & CEO, attributed the decline in the net interest income to loans getting repriced faster than deposit rates in the wake of the cumulative repo rate cut of 100 basis points in the February-June 2025 period. He emphasised that

with repricing of deposit taking place during the current quarter, NII should start improving.

LOAN PIPELINE
Karnatak highlighted that the bank has built a corpor-

ate loan sanctions pipeline of more than ₹50,000 crore. These loans have been sanctioned to corporates in sectors such as data centre, warehousing, solar PV modules, renewable energy, among others.

BoI sees one percentage point impact on CRAR annually

Our Bureau
Mumbai

The Bank of India (BoI) may see a one percentage point impact on its Capital to Risk-weighted Assets Ratio (CRAR) on an annual basis due to the incremental provisions it may need to make to comply with the RBI's proposed expected credit loss (ECL)-based provisioning norms.

The central bank plans to introduce the ECL framework for lenders with effect from April 1, 2027. They will be given a glide path (till March 31, 2031) to smoothen the one-time impact of higher provisioning on their existing books.

Rajneesh Karnatak, MD & CEO, BoI, noted that the one percentage point impact comes to around ₹4,600 crore to ₹4,700 crore.

IndusInd Bank denies any new fraud probe

Our Bureau

Private sector lender IndusInd Bank on Friday said that it is not part of any new fraud investigation. This was in response to a news report which said that the Economic Offences Wing (EOW) of the Mumbai police is probing alleged accounting irregularities at IndusInd Bank. The report said the police are now focusing on unsubstantiated entries of about ₹255 crore, which were allegedly 'not mentioned' in the complaint by the bank when it disclosed lapses of nearly ₹2,000 crore.

"The bank has made all the necessary disclosures ... has appropriately reflected the resultant impact of these accounting discrepancies in the audited financial statements.. for FY24-25 disclosed on May 21, 2025," the lender said.
