Dear Sirs,

Tata Power Solar Systems Limited receives 'Letter of Award' of INR 612 crore to set up 100 MW ground mounted project for SJVN Limited

Tata Power Solar Systems Limited (TPSSL), one of India's leading solar companies and 100% subsidiary of Tata Power Renewable Energy Limited (TPREL), received the 'Letter of Award' (LoA) of ₹ 612 crore for setting up a 100 MW ground-mounted project for SJVN Limited (SJVN).

SJVN is an Indian public sector undertaking having business interests in hydro, thermal, solar, wind and in Power Transmission & Power Trading; It is a joint venture between the Government of India and Government of Himachal Pradesh. The bids were invited early this year for this significant project at the Raghanesda solar park plot C, Gujarat.

The details, as required under Regulation 30 read with Schedule III to the Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015 and SEBI Circular dated 9th September 2015, are mentioned hereunder:

Sl. No.	Details/clarifications	Response
a	Name of entity awarding the order(s)/ contract(s)	SJVN Limited
b	Significant terms and conditions of order(s)/contract(s) awarded in brief	The bids were invited early this year for this significant project at the Raghanesda solar park plot C, Gujarat.
c	Whether order(s)/contract(s) have been awarded by domestic/ international entity	Domestic
d	Nature of order(s)/contract(s)	Contract
e	Whether domestic/international	Domestic
f	Time period by which the order(s)/ contract(s) is to be executed	The installation will get commissioned within 11 months from the date of letter of award.
g	Broad consideration or size of the order(s)/contract(s)	100 MW
h	Whether promoter /promoter group companies have any interest in the entity that awarded the order(s)/contract(s)? if yes, nature of interest and details thereof	Not applicable
i	Whether order(s)/contract(s) would fall within related party transactions? If yes whether the same is done at "arm's length"	Not applicable

The Press Release issued by the Company is attached herewith.

Yours faithfully,
For The Tata Power Company Limited

Tata Power Solar Systems Limited receives 'Letter of Award' of INR 612 crore to set up 100 MW ground mounted project for SJVN Limited in Gujarat

National, September 15, 2022: Tata Power Solar Systems Limited (TPSSL), one of India's leading solar companies and 100% subsidiary of Tata Power Renewable Energy Limited (TPREL), received the 'Letter of Award' (LoA) of ₹ 612 crore for setting up a 100 MW ground-mounted solar project for SJVN Limited (SJVN).

SJVN is an Indian public sector undertaking having business interests in hydro, thermal, solar, wind and in Power Transmission and Power Trading. It is a joint venture between the Government of India and the Government of Himachal Pradesh. The bids for the project, located at the Raghanesda solar park plot C, Gujarat, were invited earlier this year.

The LoA was awarded through tariff-based competitive bidding. The project will get commissioned within 11 months from the date of receiving of LoA.

Speaking on the win, **Mr. Ashish Khanna, CEO, TPREL,** said, "We are glad to be associated with SJVN for setting up this 100MW landmark solar project in the ground-mounted segment. The project win further solidifies our expertise in developing and deploying large scale renewable projects for the public and corporate sector clients around the country."

TPSSL has commissioned several large scale solar ground-mounted projects in the country. TPSSL is a pioneer in curating customized strategic renewable projects and with this win its total portfolio will touch 9.9GWp. As on date, TPSSL's total order book stands at ₹ 15,520 crore.

About Tata Power Solar Systems Limited:

TPSSL, with over 32 years of deep domain expertise is one of the pioneering solar manufacturers in the world and India's largest specialized EPC player. Founded in 1989, the company was originally formed as a joint venture between Tata Power and British Petroleum Solar (BP Solar). As a pioneer and market leader in the solar space, headquartered in Bangalore, TPSSL now operates independently as a wholly-owned subsidiary of TPREL.

As one of the largest solar manufacturers in India, TPSSL operates a world-class manufacturing unit in Bangalore, with a production capacity of 635MW of modules and 500 MW of cells. It has a portfolio of more than 9.9GWp of ground-mount utility-scale, over 1.2 GW of rooftop and distributed generation projects across the country, and has installed over 76,000 solar water pumps in India to date. It also offers a diverse line of solar solutions for both urban and rural markets – these include rooftop solutions, solar pumps, and power packs, among others. Tata Power Solar is committed to enabling solar everywhere and aims to provide energy access to millions of people across the country via its integrated solar solutions. About Tata Power:

Tata Power (NSE: TATAPOWER; BSE:500400) is one of India's largest integrated power companies and together with its subsidiaries and jointly controlled entities, has an installed/managed capacity of 13,974 MW.

The company has a presence across the entire power value chain - generation via renewables as well as conventional power including hydro and thermal energy; transmission & distribution, coal & freight, logistics, and trading. The company had developed the country's first Ultra Mega Power Project at Mundra in Gujarat based on super-critical technology. With 5.1 GW of clean energy generation the company has 37% of clean portfolio. It has successful public-private partnerships in generation, transmission & distribution in India.

Tata Power is currently serving more than 12 million consumers via its Discoms, under a public-private partnership model viz Tata Power Delhi Distribution Ltd. with the Government of Delhi in North Delhi, TP Northern Odisha Distribution Limited, TP Central Odisha Distribution Limited, TP Western Odisha Distribution Limited, and TP Southern Odisha Distribution Limited with the Government of Odisha.

With a focus on sustainable and clean energy development, Tata Power is steering the transformation as an integrated solutions provider by looking at new business growth in distributed generation through rooftop solar and Microgrids, storage solutions, solar pumps, EV charging infrastructure, ESCO, home automation & smart meters et al.

With its 107 legacy of technology advancements, project execution excellence, world-class safety processes, customer care, and green initiatives, Tata Power is well poised for high growth trajectory and is committed to lighting up lives for generations to come.
