Dear Sir/ Madam,

Sub: Novel Coronavirus (COVID-19)

As novel Coronavirus (COVID-19) outbreak continues to spread rapidly across the world, at Tata Steel Long Products Limited, our first and foremost priority is the health and safety of our employees and the communities in which we operate. We aim to run our operations safely and efficiently so that we can continue to service our customers to the extent practical. We also remain focused on conserving cash and ensuring we have adequate liquidity. Further to the above, the Government of India and State Governments, in order to control the spread of COVID-19, have also imposed lock down and several restrictions throughout the Country.

Keeping in mind the above, the practical constraints of continuing operations and dispatches and the safety & health of our employees & other stakeholders, the Company has suspended its production of sponge iron and generation of power at its plant in Joda, Keonjhar District, Odisha and curtailed its production of crude steel up to 50% of its capacity (along with associated curtailment of upstream and downstream production), at its plant in Gamharia, Jharkhand, till the situation improves.

The overall adverse financial impact is not immediately ascertainable at this stage. The Company is closely monitoring the situation and taking appropriate actions as per the directions issued by the regulatory authorities from time to time keeping in view the interests of the Company, health and safety of employees and other stakeholders. The Company will resume its operations as soon as the situation improves and permits.

This disclosure is being made in compliance with Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Yours faithfully,

For Tata Steel Long Products Limited
(Formerly Tata Sponge Iron Limited)

Sanjay Kasture
Chief Risk & Compliance Officer
and Company Secretary

TATA STEEL LONG PRODUCTS LIMITED
