TCS positioned as leading player in Zinnov's "Global Engineering & R&D Services Provider Rating (GSPR) 2015"

MUMBAI| December 24, 2015: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS) a leading IT services, consulting and business solutions organization, today announced that it has been positioned as a Leading Player in Engineering and R&D services across all key industry verticals by Zinnov in its "Global Engineering and R&D Service Provider Rating (GSPR) 2015". TCS is also positioned as "Most Established Engineering Service Provider" in this report.

Zinnov launched its annual ratings of Global R&D Service Providers' across geographies. The study titled "Global Engineering and R&D Service Providers (GSPR) Rating 2015," is an annual study to assist business leaders spearheading global engineering initiatives make right decisions in partner selection across geographies. Zinnov has analyzed more than 40 Service Providers for this rating.

TCS has been recognized as a Leading Player by Zinnov based on the relative assessment across multiple dimensions including Human capital, Product development capabilities & experience, Scale, Business models, Ecosystem linkages, Innovation & IP creation, Non-linear strategy, Lab infrastructures, Maturity of services & service lines and Customer relationships.

TCS has also been positioned in the leadership zone in Software Product development category, and across 12 engineering verticals: Automotive, Aerospace, Consumer Electronics, Construction & Heavy machinery, Computer Peripherals and storage, Medical devices, Energy & Utilities, Industrial Machinery, Industrial Automation, Semiconductor, Telecom and Transport.

"TCS has consistently been rated as among the top Global Engineering R&D players in the Zinnov GSPR ratings. TCS' has been rated in the leadership zone across all industry verticals and that's representative of the maturity and diversity of its Engineering Service practice. Rich experience throughout the product development lifecycle from concept to prototype to manufacturing and the global network delivery model makes them a preferred engineering services provider to large R&D organizations. Their IOT enabling TCS Connected Universe Platform (TCUP) platform is one of the most mature solutions available in the engineering services sector. We see TCS as a flagship representative of India's highly matured ER&D service sector "said, Sidhant Rastogi, Partner & Practice Head, Zinnov.

Mr. Regu Ayyaswamy, Global Head, Engineering & Industrial Services, said: "Zinnov's recognition on TCS reiterates our strong position amongst global players and emphasizes our ability to bring innovative solutions to customers. With the potential impact of Internet of things (IOT) and new emerging technologies, Product manufacturers all over the world are looking for right partner who can help them shape their future. At TCS, we are continuously investing in right technologies with a focus to stay close to our customers, understand their business challenges and help them succeed in their markets".
