TCS and SAP Reinforce Commitment to Purpose-Led Growth and Business Transformation through RISE with SAP

*Tata Consultancy Services to Help Enterprises Achieve their Growth and Transformation Aspirations
Leveraging Collective Knowledge and Technology*

NEW YORK | MUMBAI, June 4, 2021: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, announced the launch of business transformation services in support of RISE with SAP, SAP's newest offering that brings together everything a customer needs, helping customers take their business-critical elements into the cloud, accelerating the digital transformation and value realization of their investments in their journey to an intelligent enterprise.

TCS and SAP are working closely to help customers transform their business, become more resilient, and improve the experience, while ensuring compliance. TCS' value-added services, leveraging its packaged offerings and joint portfolio of solutions, accelerate the journey to an intelligent enterprise with RISE with SAP. These include:

- **TCS Crystallus™** – a set of pre-configured industry and business solutions, contextualized to address specific industry requirements. TCS Crystallus is built with TCS' domain expertise, industry best practices, and contextual knowledge for greenfield implementation programs. The ready-to-use solution leverages SAP's intelligent technologies to accelerate business transformations and SAP S/4HANA adoption.
- **TCS ConvertCore™** – offers a built-in modular approach that allows enterprises to drive continuous business value. It comprises value drivers such as cloud adoption, system consolidation, user experience enhancement, process simplification, and functionality improvement. TCS ConvertCore is a compelling proposition for enterprises to accelerate system conversion to SAP S/4HANA and pave a solid foundation for their perpetual transformation journey.

*"TCS is excited to partner on RISE with SAP, enabling differentiated value creation through innovation and collective knowledge. With TCS' and SAP's combined proposition, clients will experience a tailored approach to transform and innovate at speed and scale to realize the value of their investment," said **Akhilesh Tiwari, Global Head, Enterprise Application Services, TCS.** "TCS is delighted to integrate its Consulting-Led Enterprise Transformation Framework with SAP's new offering to accelerate our customers' transformation journeys."*

*"The RISE with SAP offering helps simplify our customers' move to the cloud and will help deliver continuous innovation throughout their journey to become an intelligent enterprise," said **Dr Uwe Grigoleit, Senior Vice President and General Manager, SAP S/4HANA, SAP.** "Together with our strong ecosystem, we will help customers chart a course for their business transformation."*

TCS' SAP related services include design thinking, advisory, innovation consulting, implementation, and other digital support services. The company helps customers evaluate newer digital offerings such as SAP S/4HANA, SAP® Customer Experience solutions, SAP SuccessFactors® solutions, SAP Ariba® solutions, and SAP® Business Technology Platform, to define their roadmap, architecture and strategy. TCS' innovation and demo centers in Cincinnati-US, Paris-France, Mumbai-India and Tokyo-Japan help customers gain a first-hand experience of SAP's new products and global innovations through a digital transformation ecosystem.
