The SAP Pinnacle Awards honor partners for their remarkable contributions, dedication to teamwork, innovative approach and capacity to challenge what is possible to help customers achieve their goals. Winners and finalists in 34 categories were chosen based on recommendations from the field, customer feedback and performance indicators. TCS won this award for its collaboration with SAP and adoption of the SAP Integrated Delivery Framework to help customers deploy SAP S/4HANA® with an agile and consistent approach. This further strengthens TCS' long-standing reputation of designing innovative, high-impact solutions using SAP technologies to help customers accelerate their digital transformation journeys.

"*TCS has been the preferred growth and transformation partner to leading organizations looking to harness the power of digital technologies to build organizational resilience, drive business agility and enhance customer experiences*," said **Akhilesh Tiwari, Global Head, Enterprise Application Services, TCS**. "*As we make our way through these difficult times, we look forward to deepening our longstanding partnership with SAP and working closely with them to help customers succeed in their SAP S/4HANA® transformation journeys*."

"Our industry has seen a lot of change over the past decade, but what hasn't changed is the strength and scale of our ecosystem. Our partnerships give us the ability to be a part of the broader conversation – and their impact is both evident and critical to our clients' success," said **Christian Klein, CEO of SAP**. "*Partners are the heart and soul of our vision for the Intelligent Enterprise and play an important role in turning this vision into reality for our clients. We are looking forward to jointly delivering success to our clients with our vibrant and successful ecosystem – now and in the future*."
