TCS Launches New Consulting Framework to Help Enterprises Drive Transformation and Growth

Tata Consultancy Services' Integrated, Consulting-led, Transformation Framework, TCS Enterprise Navigator™ Guides C-suite Leaders Through the Transformation Journey and Accelerates Time to Value

NEW YORK | MUMBAI, May 6, 2021: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, announced the launch of [TCS Enterprise Navigator™](#), an integrated consulting-led framework that supports C-suite and executive leaders in realizing perpetual value from their transformation initiatives and driving business growth.

From ideation to intelligence, TCS Enterprise Navigator is a holistic and measurable approach to lead enterprise digital transformations. It is based on TCS' comprehensive suite of consulting and technology solutions and industry-recognized delivery excellence. The framework helps enterprises in design thinking to strategic value mapping, and from change management to delivery excellence.

It guides business leaders through their transformation with a clear vision, business case and roadmap to modernize business processes with industry leading practices on future-ready ERP backbone built on enterprise applications such as SAP S/4HANA, Oracle Cloud and others. By enabling enterprises to drive continuous value from their investments, TCS Enterprise Navigator ensures customers can reinvent themselves, enhance innovation, and easily adapt to changing business dynamics with a future-ready digital foundation.

Additionally, the framework addresses the critical factor of user adoption. By engaging, exciting and enabling employees, suppliers, partners and customers with new capabilities—including automation, AI and advanced analytics—their experience will lead to enhanced productivity, seamless interactions and stronger relationships that drive superior business outcomes.

"TCS Enterprise Navigator provides a comprehensive business-led framework that encompasses multiple dimensions, including functions such as finance, supply chain, HR and marketing as well as industry-specific nuances to help our customers fulfill their transformation vision and accelerate the value realization," said **Dave Jordan, Global Head, Consulting & Services Integration, TCS.** *"By front-ending their journey with a full understanding of business challenges and opportunities, enterprises are better equipped to enhance their differentiations and address market opportunities and disruptions head on."*

"A successful digital transformation is one that frees employees and business leaders to focus on continual innovation and growth," explains **Akhilesh Tiwari, Global Head, Enterprise Application Services, TCS.** *"Our customers want to leverage emerging capabilities such as automation and advanced analytics to accelerate innovation, quickly adapt business strategies and models and escalate time to value. We created TCS Enterprise Navigator with this premise."*

About Tata Consultancy Services (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 488,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US \$22.2 billion in the fiscal year ended March 31, 2021, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
