NSDC to Accelerate Skill Development with TCS iON Digital Skilling Platform

Over 500 NSDC Training Partners Can Now Access Digital Skilling Tools using Tata Consultancy Services' iON Digital Glass Room

MUMBAI, June 10, 2020: TCS iON™, a strategic unit of Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), a leading global IT services, consulting and business solutions organization, has partnered with the National Skill Development Corporation (NSDC) to provide its training partners access to the TCS iON Digital Glass Room, enabling them to move classroom vocational skills training to online mode for millions of students across the country.

The new partnership strengthens NSDC's online content aggregation platform – eSkill India, through which it enables e-learning amongst skill seekers and will contribute towards strengthening the Skill India mission. NSDC's robust network of over 500 training partners across the country will now be able to access the TCS iON Digital Glass Room to seamlessly transition to a virtual teaching and learning environment and continue with their skilling programs, during the lockdown and thereafter.

The TCS iON Digital Glass Room will enable trainers to deliver lectures, create and share content, share and evaluate assignments, conduct formative tests, and monitor learners' progress. The platform also enables online collaboration among students and trainers through debates, quizzes, polls and surveys. Students and trainers can share posts, like, vote and chat with each other, ensuring seamless education.

"We are delighted to provide the TCS iON Digital Glass Room and the associated set of digital tools to NSDC's training partners so that skilling can go on uninterrupted during the lockdown and the impact can be multiplied as the lockdown eases. It is our endeavor to empower training partners with all the necessary digital platforms so that they can open more training centers across the country and enable a larger set of students with the skills needed for the future workplace," said **Venguswamy Ramaswamy, Global Head, TCS iON.**

"In today's disruptive environment, digital solutions provide live virtual classrooms and self-study courses, enabling continuity of training and learning. NSDC's collaboration with TCS iON is aimed at facilitating innovative methods to promote skill training and access for learners," said **Dr Manish Kumar, MD & CEO, NSDC.**

The TCS iON Digital Glass Room is a web-based digital education platform that empowers educators to engage with students in real-time by uploading and sharing their own lessons, videos, worksheets, assignments and assessments, and using interactive methods like polls, debates, quizzes, surveys, and more. It also facilitates digital learning through groups or digital discussion rooms powered by the TCS iON Digital Learning platform. Over 4 million learners are currently using the platform.

The offering is free for all training partners of NSDC who can directly register at https://iur.ls/DigitalGlassRoom

About TCS iON

For immediate use **PRESS RELEASE**

TCS iON is a strategic business unit of Tata Consultancy Services focused on enabling institutions, government departments and organizations from multiple industry sectors to be efficient in their recruitment/admissions process, learning and skilling and overall business operations with the use of 'Phygital' platforms. These are platforms that overlay digital technologies over physical assets. TCS iON delivers this with a unique IT-as-a-Service model that provides easy-to-use, secured, integrated, and hosted solutions in a build-as-you-grow and pay-as-you-use business model. Serving clients with the help of best practices gained through TCS' global experience, deep domestic market exposure along with industry leading technology expertise.

About National Skill Development Corporation (NSDC)

National Skill Development Corporation, working under the aegis of Ministry of Skill Development & Entrepreneurship, is a unique public-private-partnership which aims to catalyse creation of quality vocational training ecosystem in India. The organisation provides funding to build scalable and profitable vocational training initiatives. Its mandate is also to enable support system which focuses on quality assurance, information systems and train-the-trainer academies either directly or through partnerships. Since establishment in 2009, NSDC has trained more than 2 crore people through its partnership with 600+ training partners, wide a robust network of 11,000+ training centres spread over 600 districts across the country. NSDC has institutionalized 37 Sector Skill Councils and is also implementing Government's flagship skill development schemes such as Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Pradhan Mantri Kaushal Kendra (PMKK), National Apprenticeship Promotion Scheme (NAPS), among others.

About Tata Consultancy Services Ltd. (TCS)

Tata Consultancy Services is an IT services, consulting and business solutions organization that has been partnering with many of the world's largest businesses in their transformation journeys for over 50 years. TCS offers a consulting-led, cognitive powered, integrated portfolio of business, technology and engineering services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 448,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US $22 billion in the fiscal year ended March 31, 2020, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the Dow Jones Sustainability Index (DJSI), MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
